**Stitched Up** Tansy E. Hoskins,2014-01-21 *Stitched Up* delves into the exclusive and alluring world of fashion, to expose class division, gender stereotyping and wasteful consumption. Tansy Hoskins illuminates the political and sociological dimensions of an industry which promotes and supports the dominant values of our age: image, glamour, money and sex. Hoskins also provides a fascinating historical narrative, showing that the clothes we wear are as indicative of who we are as they were during the reign of Louis XIV. She tackles key contemporary issues, such as the controversy over 'size zero' and the impact of fashion in depleting the world's natural resources. In a provocative move, *Stitched Up* argues that fashion controls our aspirations and self worth through a set of impossible beauty standards. At a time when high spending on clothes persists despite economic recession, *Stitched Up* provides a unique critical examination of fashion in relation to contemporary culture and the distorting priorities of capitalism.

**Worn Out** Alyssa Hardy,2022-09-27 “With years of expertise in the fashion industry, Alyssa’s reporting is consistently deep and thoughtful, and her work on sustainability and ethics has changed how I view the clothes I wear.” —Brittney McNamara, features director at Teen Vogue An insider’s look at how the rise of “fast fashion” obstructs ethical shopping and fuels the abuse and neglect of garment workers Ours is the era of fast fashion: a time of cheap and constantly changing styles for consumers of every stripe, with new clothing hitting the racks every season as social media-fueled tastes shift. *Worn Out* examines the underside of our historic clothing binge and the fashion industry’s fall from grace. Former *InStyle* senior news editor and seasoned journalist Alyssa Hardy’s riveting work explores the lives of the millions of garment workers—mostly women of color—who toil in the fashion industry around the world—from LA-based sweatshop employees who experience sexual abuse while stitching clothes for H&M, Fashion Nova, and Levi’s to “homeworkers” in Indonesia who are unknowingly given carcinogenic materials to work with. *Worn Out* exposes the complicity of celebrities whose endorsements obscure the exploitation behind marquee brands and also includes interviews with designers such as Mara Hoffman, whose business models are based on ethical production standards. Like many of us, Hardy believes in the personal, political, and cultural place fashion has in our lives, from seed to sew to closet, and that it is still okay to indulge in its glitz and glamour. But the time has come, she argues, to force real change on an industry that prefers to keep its dark side behind the runway curtain. The perfect book for people who are passionate about clothing and style, *Worn Out* seeks to engage in a real conversation about who gets harmed by fast fashion—and offers meaningful solutions for change.

*Dressing Up* Kathy Ryan,2015-01-01 Candid portraits by acclaimed photographer Lee Friedlander showcase the many hands at work behind New York Fashion Week Lee Friedlander (b. 1934) is one of the most renowned photographers of his generation. Through Friedlander's lens, people in their everyday environments are transformed into arresting portraits, and the banal features of roadsides, storefronts, and city streets become vivid scenery. In *Dressing Up*, Friedlander ventures into new territory, turning his eye to the rarefied world of fashion and revealing precisely what is commonplace about it: behind the glamorous spectacle of the runway are many people hard at work. The photographs, commissioned by the New York Times Magazine, were taken in 2006 during New York Fashion Week, when the artist spent time backstage at the Marc Jacobs, Donna Karan, Calvin Klein, Zac Posen, Oscar de la Renta, and Proenza Schouler shows. The resulting images, many of which are published here for the first time, depict a flurry of toiling stylists, dressers, makeup artists, photographers, and models--all of them preparing, but not quite prepared, for an image to be taken. Lovers of photography and high-end fashion will be surprised and intrigued by this inside glimpse into the world of runway design.

*Dressing Up* Elizabeth L. Block,2021-10-19 How wealthy American women--as consumers and as influencers--helped shape French couture of the late nineteenth century; lavishly illustrated. French fashion of the late nineteenth century is known for its allure, its ineffable chic--think of John Singer Sargent's Madame X and her scandalously slipping strap. For Parisian couturiers and their American customers, it was also serious business. In *Dressing Up*, Elizabeth Block examines the couturiers' influential clientele--wealthy American women who bolstered the French fashion industry with a steady stream of orders from the United States. Countering the usual narrative of the designer as solo creative genius, Block shows that these women--as high-volume customers and as pre-Internet influencers--were active participants in the era's transnational fashion system. Block describes the arrival of nouveau riche Americans on the French fashion scene, joining European royalty, French socialites, and famous actresses on the client rosters of the best fashion houses--Charles Frederick Worth, Doucet, and Félix, among others. She considers the mutual dependence of couture and coiffure; the participation of couturiers in international expositions (with mixed financial results); the distinctive shopping practices of American women, which ranged from extensive transatlantic travel to quick trips downtown to the department store; the performance of conspicuous consumption at balls and soirées; the impact of American tariffs on the French fashion industry; and the emergence of smuggling, theft, and illicit copying of French fashions in the American market as the middle class emulated the preferences of the rich. Lavishly illustrated, with vibrant images of dresses, portraits, and fashion plates, *Dressing Up* reveals the power of American women in French couture. Winner of the Aileen Ribeiro Grant of the Association of Dress Historians; an Association for Art History grant; and a Pasold Research Fund grant.

**Conversations** Blue Carreon, 2014-10-21 Conversations began as a column for the Huffington Post where it initially featured fashion designers. Through sixty selected interviews, Conversations stretches over the fields of fashion, interior design, and art. Delve into the fascinating lives of some of the world's most creative minds and see just how many turns of phrase can be added to a single open-ended word like Happiness... Read their answers and you'll be surprised at how the subjects jump so quickly from clever to funny to philosophical—or all of the above—with each question.

Ultimately, these stories help us understand how fashion can shape who we are or who we want to be. All dressed up Mireille Tembouret,2021-05-01 History, function, codes and characteristics of all the dresses. Corsets, panniers, crinolines or bustles are words that no longer have significance today. But at various times throughout the history of clothing, women wore these essential pieces under their dresses and often needed help to put them on. Depending on the fashions of each period, certain parts of the body were highlighted as elements of seduction (a tiny waist, extremely wide hips, an exaggerated bottom,...). Women sought what they believed to be an ideal of perfection while obeying the strict, often extravagant codes of Fashion and social norms. It was the events surrounding World Wars I and II and then the Women’s Liberation Movement of the 1970s that finally introduced dresses which did not restrict the body. But even today, dresses still assert a woman’s femininity. Every woman has at least one precise memory of a dress that marked a key event in her life and was intrinsically associated with her joy of pleasing others! ABOUT THE AUTHOR Originally a passionate collector of old fabrics and clothing, Mireille Tembouret today oversees the enormous “Vestiaire” (wardrobe), a mix of civilian and religious garments from many eras. The company - with its surprising resources - provides clothing to film, television and theater professionals as well as special-event organizers or private individuals. After teaching fashion design at Esmod Paris and a design career in the Paris fashion industry. She now dedicates her energies to developing her company, based in Paris.

**Keeping Up Appearances** Catherine Horwood,2011-06-01 The British have always been concerned about accent, appearance and class, but at no time during the twentieth century was 'keeping up appearances' more important than during the 1920s and 1930s. From the impecunious youth anxious to create a favourable impression at the local tennis club dance to female office workers advised by the Daily Mail that women in business kept 'their position partly, if not chiefly, by appearance', we peer into the intimate lives and anxieties of the middle classes as they dressed to impress. Choices were influenced as much by the advent of mass production, economic stringency, snobbery and the influence of America, as by personal aesthetics. Seemingly insignificant items such as ties, braces, gloves and hats, could convey a lack of breeding if worn incorrectly. This engagingly written and illustrated book explores the social mores behind one of society's most popular activities, and reveals not only how we dressed but why.
