What are the experiences of South Asian Muslim parents bringing up their children in contemporary Britain? Justice and Legitimacy in Upbringing Matthew Clayton,2006-04-06 Issues concerning the

upbringing of children are among the most contested in modern political debate. How should childrearing rights and resources be distributed between families? To what extent are parents morally permitted to shape the beliefs and desires of their children? At what age should children acquire adult rights, such as the right to vote? *Justice and Legitimacy in Upbringing* sets out a liberal conception of political morality that supports a set of answers to these questions which many liberals have been reluctant to accept. The central argument is that the ideals of justice and individual autonomy place significant constraints on both governments and parents. Clayton insists that while their interests should count directly in allocating childrearing rights, parents should exercise their rights in accordance with these liberal ideals. He argues that we owe our children a childhood that develops their sense of justice, but in which further attempts to enrol them into particular religious practices, for instance, are illegitimate. *Justice and Legitimacy in Upbringing* is a work of applied political philosophy that will be of interest to students of political theory, the philosophy of education, and social and public policy.

A Question of Upbringing Anthony Powell, 2010-12-01 Anthony Powell's universally acclaimed epic *A Dance to the Music of Time* offers a matchless panorama of twentieth-century London. Now, for the first time in decades, readers in the United States can read the books of *Dance* as they were originally published—as twelve individual novels—but with a twenty-first-century twist: they're available only as e-books. *A Question of Upbringing* (1951) introduces us to the young Nick Jenkins and his housemates at boarding school in the years just after World War I. Boyhood pranks and visits from relatives bring to life the amusements and longueurs of schooldays even as they reveal characters and traits that will follow Jenkins and his friends through adolescence and beyond: Peter Templer, a rich, passionate womanizer; Charles Stringham, aristocratic and louche; and Kenneth Widmerpool, awkward and unhappy, yet strikingly ambitious. By the end of the novel, Jenkins has finished university and is setting out on a life in London; old ties are fraying, new ones are forming, and the first steps of the dance are well underway. Anthony Powell is the best living English novelist by far. His admirers are addicts, let us face it, held in thrall by a magician.—Chicago Tribune A book which creates a world and explores it in depth, which ponders changing relationships and values, which creates brilliantly living and diverse characters and then watches them grow and change in their milieu. . . . Powell's world is as large and as complex as Proust's.—Elizabeth Janeway, New York Times One of the most important works of fiction since the Second World War. . . . The novel looked, as it began, something like a comedy of manners; then, for a while, like a tragedy of manners; now like a vastly entertaining, deeply melancholy, yet somehow courageous statement about human experience.—Naomi Bliven, New Yorker “The most brilliant and penetrating novelist we have.”—Kingsley Amis “There is no other work in the annals of European fiction that attempts

meticulously to recreate half a century of history, decade by decade, with anything like the emotional precision or details of Powell's twelve volumes. Neither Balzac's panorama of the Restoration, nor Zola's chronicles of the Second Empire, nor Proust's reveries in the Belle Epoque can match a comparable span of time, an attention to variations within it, or a compositional intricacy capable of uniting them into a single narrative. . . . The elegance of this artifice was only compatible with comedy."—Perry Anderson

Raising Children in Islam - Moral and Social Upbringing - 3 Muhammad Nur Suwayd,

Moral Upbringing through the Arts and Literature Pawel Kazmierczak, Jolanta

Rzegocka, 2018-12-17 Mark Twain, the great American writer of the South whose characters struggle with difficult choices, famously said: "Always do what is right. It will gratify half of mankind and astound the other." Taking Twain's phrase as a starting point, this book considers how literature and art explore different systems of values and principles of conduct, and how they can teach us to cope at times of trial. Morality remains one of the most contested areas of thought and ethics in the

modern world, due to numerous misapprehensions and the move away from solidarity, from what we share and hold in common, particularly our inherent pursuit of virtue and consideration of principles concerning the distinction between right and wrong, good and bad. Featuring essays by scholars from countries which have seen traditions of virtue and character formation perish in the course of tragic social experiments, this book highlights the role of literature and arts in educating about virtues and character, in both a regional and global context. The volume offers philosophical analysis of moral education and engages with the literary canon, discussing the ways in which virtue was taught and can still be taught with Aristotle as one of the regained “tools of learning.” The essays span countries from England, Spain, Italy and Belgium to the USA, Costa Rica, ancient China and Israel, with Poland, the Polish-Lithuanian Commonwealth and Central Europe receiving considerable coverage. They address themes of virtue and character formation from the Bronze Age to the present and serve as inspiring reading for educators, literary scholars, historians, ethicists, artists and active readers.

Children's Upbringing In Today's Modern Society (Parenting Now In Crisis) Fr. Greg. Udo Njoku CSSp, 2022-03-29 Writing has marked Fr. Greg Udo Njoku, CSSp's life from his infant classes. He always thrilled his schoolmates in the morning assembly with recitals of little sonnets, dirges, poems, and epic rhymes. For his secondary school, he attended the renowned Kings College in Lagos, Nigeria, a model school founded by British colonizers in 1909 and named after King's College in Oxford, London, comparable to Harvard University in America (see book 12). Father Greg's habit for writing is, for him, a therapeutic as well as a spiritual exercise. Writing or reading from his books solaces him greatly and feeds his whole being with joy, strength, peace, hope, and calmness that he is unable to grasp. In reading his writings, he becomes energized and recharged. Gifted with a powerful, creative imagination, much of Father Greg's writings go with divine inspirations. His book series serves as a panacea for diverse forms of addictions, ill dispositions that could land their victims in rehabs, juvenile justice courts, counseling centers, depression, violent behaviors, jail terms, suicide, and murder. As a hardy Catholic missionary priest for the past thirty-nine years, his writings have been strong references in his pastoral and educational tasks. Father Greg thanks God for the use he has made of his books wherever he has worked.
