Julius H. Bailey

The Valley John Renehan, 2015-03-10 *Named one of Wall Street Journal's Best Books of 2015 *Selected as a Military Times's Best Book of the Year "You're going up the Valley." Black didn't know its name, but he knew it lay deeper and higher than any other place Americans had ventured. You had to travel through a network of interlinked valleys, past all the other remote American outposts, just to get to its mouth. Everything about the place was myth and rumor, but one fact was clear: There were many valleys in the mountains of Afghanistan, and most were hard places where people died hard deaths. But there was only one Valley. It was the farthest, and the hardest, and the worst. When Black, a deskbound admin officer, is sent up the Valley to investigate a warning shot fired by a near-forgotten platoon, he can only see it as the final bureaucratic insult in a short and unhappy Army career. What he doesn't know is that his investigation puts at risk the centuries-old arrangements that keep this violent land in fragile balance, and will launch a shattering personal odyssey of obsession and discovery as Black reckons with the platoon's dark secrets, accumulated over endless hours fighting and dying in defense of an indefensible piece of land. *The Valley* is a riveting tour de force that changes our understanding of the men who fight our wars and announces John Renehan as one of the great American storytellers of our time.

Beyond the Valley Ramesh Srinivasan, 2020-09-01 How to repair the disconnect between designers and users, producers and consumers, and tech elites and the rest of us: toward a more democratic internet. In this provocative book, Ramesh Srinivasan describes the internet as both an enabler of frictionless efficiency and a dirty tangle of politics, economics, and other inefficient, inharmonious human activities. We

may love the immediacy of Google search results, the convenience of buying from Amazon, and the elegance and power of our Apple devices, but it's a one-way, top-down process. We're not asked for our input, or our opinions—only for our data. The internet is brought to us by wealthy technologists in Silicon Valley and China. It's time, Srinivasan argues, that we think in terms beyond the Valley. Srinivasan focuses on the disconnection he sees between designers and users, producers and consumers, and tech elites and the rest of us. The recent Cambridge Analytica and Russian misinformation scandals exemplify the imbalance of a digital world that puts profits before inclusivity and democracy. In search of a more democratic internet, Srinivasan takes us to the mountains of Oaxaca, East and West Africa, China, Scandinavia, North America, and elsewhere, visiting the “design labs” of rural, low-income, and indigenous people around the world. He talks to a range of high-profile public figures—including Elizabeth Warren, David Axelrod, Eric Holder, Noam Chomsky, Lawrence Lessig, and the founders of Reddit, as well as community organizers, labor leaders, and human rights activists.. To make a better internet, Srinivasan says, we need a new ethic of diversity, openness, and inclusivity, empowering those now excluded from decisions about how technologies are designed, who profits from them, and who are surveilled and exploited by them.

The Secret Valley Clyde Robert Bulla, 2013-06-25 Join Frank, Ellen, and the whole Davis family on their adventure west during the Gold Rush of 1849. This exciting chronicle has the same appeal as Laura Ingalls Wilder's Little House books.

Emily of Deep Valley Maud Hart Lovelace, 2011-04-26 “I re-read these books every year, marveling at how a world so quaint—shirtwaists! Pompadours! Merry Widow hats!—can feature a

heroine who is undeniably modern.” —Laura Lippman “There are three authors whose body of work I have reread more than once over my adult life: Charles Dickens, Jane Austen and Maud Hart Lovelace.” —Anna Quindlen Often considered Maud Hart Lovelace’s best novel, *Emily of Deep Valley* is now back in print. This gorgeous volume includes a new foreword by acclaimed young adult author Mitali Perkins, and compelling historical material about the real people who inspired Lovelace’s beloved characters. *Emily of Deep Valley* joins the Harper Perennial Modern Classics library next to other enduring favorites like *A Tree Grows in Brooklyn*, *To Kill a Mockingbird*, and Lovelace’s *Betsy-Tacy* books.

Paradise Valley C.J. Box, 2017-07-25 She almost caught him once. Now, he’s back. For three years, Investigator Cassie Dewell has been on a hunt for a serial killer known as the Lizard King whose hunting grounds are the highways and truck stops where runaways and prostitutes are most likely to vanish. Cassie almost caught him...once. Working for the Bakken County, North Dakota sheriff’s department, Cassie has set what she believes is the perfect trap and she has lured him and his truck to a depot. But the plan goes horribly wrong, and the blame falls on Cassie. Disgraced, she loses her job and investigation into her role is put into motion. At the same time, Kyle Westergaard, a troubled kid whom Cassie has taken under her wing, has disappeared after telling people that he’s going off on a long-planned adventure. Kyle’s grandmother begs Cassie to find him and, with nothing else to do, Cassie agrees—all the while hunting the truck driver. Now Cassie is a lone wolf. And in the same way that two streams converge into a river, Kyle’s disappearance may have a more sinister meaning than anyone realizes. With no allies, no support, and only her own wits to rely on, Cassie must take down a killer who is as

ruthless as he is cunning. But can she do it alone, without losing her own humanity or her own life? *Paradise Valley* continues the Highway Quartet series from bestselling author C. J. Box.

Surveillance Valley Yasha Levine, 2018-02-06 The internet is the most effective weapon the government has ever built. In this fascinating book, investigative reporter Yasha Levine uncovers the secret origins of the internet, tracing it back to a Pentagon counterinsurgency surveillance project. A visionary intelligence officer, William Godel, realized that the key to winning the war in Vietnam was not outgunning the enemy, but using new information technology to understand their motives and anticipate their movements. This idea -- using computers to spy on people and groups perceived as a threat, both at home and abroad -- drove ARPA to develop the internet in the 1960s, and continues to be at the heart of the modern internet we all know and use today. As Levine shows, surveillance wasn't something that suddenly appeared on the internet; it was woven into the fabric of the technology. But this isn't just a story about the NSA or other domestic programs run by the government. As the book spins forward in time, Levine examines the private surveillance business that powers tech-industry giants like Google, Facebook, and Amazon, revealing how these companies spy on their users for profit, all while doing double duty as military and intelligence contractors. Levine shows that the military and Silicon Valley are effectively inseparable: a military-digital complex that permeates everything connected to the internet, even coopting and weaponizing the antigovernment privacy movement that sprang up in the wake of Edward Snowden. With deep research, skilled storytelling, and provocative arguments, *Surveillance Valley* will change the way you think about the news -- and the device on which

you read it.

My Valley Claude Ponti, 2017-03-07 In *My Valley*, Claude Ponti leads us on a journey through an enchanted world inhabited by Touims (tiny, adorable, monkey-like creatures), secret tree dwellings, flying buildings, and sad giants. Clever language and beautifully detailed maps of imaginary landscapes will delight children and adults alike. Ponti himself has said, My stories are like fairytales, always situated in the marvelous, speaking to the interior life and emotions of children. That way each child can get what they want out of the images: the characters and dreams are their own.

Wonder Valley Ivy Pochoda, 2017-11-07 NPR Best Book of 2017 Los Angeles Times Best Fiction Pick Refinery29 Best Book of the Year BOLO Books Top Read of 2017 “Destined to be a classic L.A. novel.”—Michael Connelly When a teen runs away from his father’s mysterious commune, he sets in motion a domino effect that will connect six characters desperate for hope and love, set across the sun-bleached canvas of Los Angeles. From the acclaimed author of *Visitation Street*, a visionary portrait of contemporary Los Angeles in all its facets, from the Mojave Desert to the Pacific, from the 110 to Skid Row. During a typically crowded morning commute, a naked runner is dodging between the stalled cars. The strange sight makes the local news and captures the imaginations of a stunning cast of misfits and lost souls. There’s Ren, just out of juvie, who travels to LA in search of his mother. There’s Owen and James, teenage twins who live in a desert commune, where their father, a self-proclaimed healer, holds a powerful sway over his disciples. There’s Britt, who shows up at the commune harboring a dark secret. There’s Tony, a bored and unhappy lawyer who is inspired by the runner. And there’s Blake, a drifter hiding in the desert, doing his best to fight off

his most violent instincts. Their lives will all intertwine and come crashing together in a shocking way, one that could only happen in this enchanting, dangerous city. Wonder Valley is a swirling mix of angst, violence, heartache, and yearning—a masterpiece by a writer on the rise.

A Killing in the Valley J. F. Freedman, 2013-05-28 In this legal thriller from the New York Times–bestselling author of *Against the Wind*, breaking into a mansion for a laugh turns into a sobering crime. Maria Estrada, a hard-partying girl with family ties to some of the toughest gangsters in California, had no idea an old mansion could be so beautiful. The boy who broke into it with her had a feeling she might be impressed. But by the time the night is over, Maria has been brutally killed, and the boy is nowhere to be found. It's up to PI Kate Blanchard and Luke Garrison, a criminal lawyer, to decipher what happened in the grand old mansion. To bring Maria's killer to justice, they must locate the elusive connection between the poverty where she was raised and the affluence of where she died.

Hard Cash Valley Brian Panowich, 2020-05-05 MARILYN STASIO, THE NEW YORK TIMES BOOK REVIEW – ONE OF THE 10 BEST CRIME NOVELS OF THE YEAR The plotting is skilled, as is the sleuthing, and the landscape is stunning. But it's the hard-jawed characters, with their tough talk and scarred souls, who really get under your skin." — Marilyn Stasio, The New York Times Book Review Return to McFalls County and Bull Mountain in *Hard Cash Valley*, where Brian Panowich weaves another masterful tale of Southern Noir. Dane Kirby is a broken man and no stranger to tragedy. As a life-long resident and ex-arson investigator for McFalls County, Dane has lived his life in one of the most chaotic and crime-ridden regions of the south. When he gets called in to consult on a

brutal murder in a Jacksonville, Florida, motel room, he and his FBI counterpart, Special Agent Roselita Velasquez, begin an investigation that leads them back to the criminal circles of his own backyard. Arnie Blackwell's murder in Jacksonville is only the beginning – and Dane and Roselita seem to be one step behind. For someone is hacking a bloody trail throughout the Southeast looking for Arnie's younger brother, a boy with Asperger's Syndrome who possesses an unusual skill with numbers that could make a lot of money and that has already gotten a lot of people killed—and has even more of the deadliest people alive willing to do anything it takes to exploit him. As Dane joins in the hunt to find the boy, it swiftly becomes a race against the clock that has Dane entangled in a web of secrets involving everyone from the Filipino Mafia to distrusting federal agents to some of the hardest southern outlaws he's ever known.

Guardians of the Valley Dean King, 2024-03-19 * “We see through this book the immense power of language...to change the minds of lawmakers and tourists alike.” —The New York Times Book Review * “A poignant portrait of an era when mere words could change the world.” —San Francisco Chronicle * The dramatic and uplifting story of legendary outdoorsman and conservationist John Muir's journey to save Yosemite is “a rich, enjoyable excursion into a seminal period in environmental history” (The Wall Street Journal). In June of 1889 in San Francisco, John Muir—iconic environmentalist, writer, and philosopher—meets face-to-face for the first time with his longtime editor Robert Underwood Johnson, an elegant and influential figure at The Century magazine. Before long, the pair, opposites in many ways, decide to venture to Yosemite Valley, the magnificent site where twenty years earlier, Muir experienced a personal and spiritual awakening that would set the course of the rest of his life. Upon their

arrival the men are confronted with a shocking vision, as predatory mining, tourism, and logging industries have plundered and defaced “the grandest of all the special temples of Nature.” While Muir is devastated, Johnson, an arbiter of the era’s pressing issues in the pages of the nation’s most prestigious magazine, decides that he and Muir must fight back. The pact they form marks a watershed moment, leading to the creation of Yosemite National Park, and launching an environmental battle that captivates the nation and ushers in the beginning of the American environmental movement.

“Comprehensively researched and compellingly readable” (Booklist, starred review), *Guardians of the Valley* is a moving story of friendship, the written word, and the transformative power of nature. It is also a timely and powerful “origin story” as the towering environmental challenges we face today become increasingly urgent.

A Land Between Rebecca Fish Ewan,2000 A landscape history, this text explores the central idea of how people's preconceptions and perceptions of a place - in this case, Owen's Valley - influence their interventions on the land. Rebecca Fish Ewan draws on primary sources, oral histories and conversations, offering a story that reaches beyond the tale of water wars with Los Angeles. The poetic essays, illustrated with historical images and Ewan's own photographs of the region, provide a multifaceted perspective on the land, the history and the people of Owens Valley.

Nile Valley Contributions to Civilization Anthony Tony Browder,Anthony Tyrone Browder,1992 The civilization of Egypt, and of Africa in general, is the most written about and the least understood of all known subjects. Down in the Valley Julius H. Bailey,2016-02-01 African American religions constitute a diverse group of beliefs and practices that emerged from the African diaspora brought about by the Atlantic slave trade. Traditional religions that had informed the worldviews of Africans were transported to the shores of the Americas and transformed to make sense of new contexts and conditions. This book explores the survival of traditional religions and how African American religions have influenced and been shaped by American religious history. The text provides an overview of the central people, issues, and events in an account that considers Protestant denominations, Catholicism, Islam, Pentecostal churches, Voodoo, Conjure, Rastafarianism, and new religious movements such as Black Judaism, the Nation of Islam, and the United Nuwaubian Nation of Moors. The book addresses contemporary controversies, including

President Barack Obama’s former pastor Jeremiah Wright, and it will be valuable to all students of African American religions, African American studies, sociology of religion, American religious history, the Black Church, and black theology.
