Super Casino Pete Earley,2009-11-04 In this lively and probing book, award-winning author Pete Earley traces the extraordinary evolution of Las Vegas -- from the gaudy Mecca of the Rat Pack era to one of the country's top family vacation spots. He revisits the city's checkered history of moguls, mobsters, and entertainers, reveals the real stories of well-known power brokers like Steve Wynn and legends like Howard Hughes and Bugsy Siegel, and offers a fascinating portrait of the life, death, and fantastic rebirth of the Las Vegas Strip. Earley also documents the gripping tale of the entrepreneurs behind the rise and fall and rise again of one of the largest gaming corporations in the nation, Circus Circus -- to which he was given unique access. In his trademark you-are-there style, he takes us behind the scenes to meet the blackjack dealers and hookers, the heavy hitters and bit players, the security officers, cabbies, and showgirls who are caught up in the mercurial pace that pulses at the heart of this astounding city.

A Short History of Las Vegas Barbara Land,Myrick Land,1999 The Mob came after World War II, laden with ill-gotten cash and the know-how needed to turn the dusty little burg into an international gaming mecca, but Las Vegas was built by thousands of honest, hardworking Americans and immigrants as well.

The Real Las Vegas David Littlejohn,1999-10-28 What images come to mind when you think of Las Vegas? Mobsters and showgirls, magicians and tigers, multimillion-dollar poker games and prizefights; towering signboards that light up the night in front of ever more spectacular casino hotels. But real people live here, too--over a million today, two million tomorrow. Greater Las Vegas has long been the fastest growing metropolitan area in America. And almost every aspect of its citizens' lives is influenced by the almighty power of the gambling industry. A team of fifteen reporters led by David Littlejohn, together with prize winning photo-journalist Eric Gran, studied the real Las Vegas--the city beyond the Strip and Downtown--for the better part of a year. They talked to teenagers (whose suicide and dropout rates frighten parents), senior citizens (many of whom spend their days playing bingo and the slots), Mexican immigrants (who build the new houses and clean the hotels), homeless people and angry blacks, as well as local police, active Christians, city officials, and prostitutes. They looked into the local churches, the powerful labor unions, pawn shops, the real estate boom, defiant ranchers to the north, and dire predictions that the city is about to run out of water. Proud Las Vegans claim that theirs is just a friendly southwestern boomtown--the finest community I have ever lived in, says Bishop Daniel Walsh, who comes from San Francisco. But their picture of Las Vegas as a vibrant, civic-minded metropolis conflicts with evidence of transiency, rootlessness, political impotence, and social dysfunction. In this close-up investigation of the real lives being led in America's most tourist-jammed, gambling-driven city, readers will discover a Las Vegas very different from the one they may have seen or imagined.

Las Vegas Little Black Book David Demontmolin,Hiram Todd Norman,2005 The bachelor party/guy's weekend has become a staple of the Las Vegas strip. The Las Vegas Little Black Book knows what men want from their weekend in Sin City, where to find it, how much to pay for it and how to go home satisfied.

Las Vegas, the Untold Stories John Romero,2012-08-14 You're about to enter a city that has no equal. It was built by extraordinary people with imaginative minds. Did they drink? Not sure, but why else would they build it in a Nevada desert? Some say you can go anywhere in the world and discover that people not only know about Las Vegas--they'd give anything to get there. True. As soon as I graduated from college I took an all-night bus to reach a city I'd heard of, but never seen. I stayed 30 years. Damn good years, too. And the mystique of the entertainers and the film stars and the elaborate restaurants and 24-hour-a-day casinos never wore off. I spent 20 of my years at the Sahara, on the Strip, got inside the gambling business in the 60s and loved it. Helped it, too, with my writing and my inventions. The Mob was still around in those days. They were the first venture capitalists and owned a piece of every casino in town. Did that stop anyone from having a good time? Of course not. Gradually the Mob faded away--which is what happens when an FBI office with 15 agents sets up shop in town. But the gaiety didn't stop for a second, even when corporations realized they were the big guys now. Our Sahara entertainment director stunned us in 1964 when he made a deal with The Beatles to play two shows. I met the boys after dark at a small Las Vegas airport, rode with them to the Sahara and helped get them to their suite before teen age girls tore their clothes off. So take a chance, have a seat and enjoy that drink in front of you. It's time to start the show. --John Romero

Fear and Loathing in Las Vegas (Harper Perennial Modern Classics) Hunter S. Thompson,2014-10-16 'We were somewhere around Barstow on the edge of the desert when the drugs began to take hold. I remember saying something like, "I feel a bit lightheaded; maybe you should drive ..."'

The Grit Beneath the Glitter Hal Rothman,Mike Davis,2002-03-15 The Grit Beneath the Glitter is the first real look at the new Las Vegas from the inside. In it, long-time residents as well as professionals reflect on the transformation of one of the fastest-growing and most famous cities on earth, yet one about which relatively little is known. They offer a lively and compelling portrait of the other side of Las Vegas: the people and institutions that support the glitter of the gaming and entertainment industry. Examining a range of topics--from the city's commercial history, labor conditions, and environmental problems to an analysis of the famous lights of the Strip--the contributors uncover the contradictions between the illusion and the reality of the city, the seam between fantasy and the life it masks. The essays in this collection explore the world that employees experience when they enter gaming palaces from an employee entrance in a back parking lot rather than through the scripted doors of casino/hotel palaces. They take readers into the neighborhoods where 1.4 million Americans now live, attend school, eat dinner, and go to work.

Las Vegas Babylon Jeff Burbank,2008 What happens in Vegas doesn't necessarily stay in Vegas and the proof is in this lively and entertaining compilation of stories chronicling decades of decadence, celebrity shenanigans, and political corruption, as well as the glitz and glamour of the casinos that pass for everyday life in Las Vegas. Underneath the city's present success lies many infamous tales of excess and debauchery. Using new information from recently released FBI documents, Jeff Burbank brings to life the Vegas mob in its heyday, recounting never-before-heard tales of the mobsters who made Vegas what it is today. But mobsters aren't the only ones with skeletons in Las Vegas' closet. Over the years, Hollywood stars have had their share of the limelight. Burbank has uncovered the many fateful, and often amusing, incidents that have befallen the glamorous and here he recalls the details of the darkest moments in the lives of the famous and foolish: Marilyn Monroe's quickie divorce; boxer Sonny Liston's secret heroin deal just before his death; The Doors singer Jim Morrison's arrest for fighting on the Strip; and the hookers who trick-rolled comedian Tommy Smothers in his hotel room. With fast-paced and entertaining prose, Burbank captures the true stories from Las Vegas' seedy underbelly that have led to America's 100-year fascination with the aptly named Sin City.

Suburban Xanadu David G. Schwartz,2003 Institution. Remarkably detailed and entertaining, Suburban Xanadu tells us a great deal about popular leisure in America, and why the suburban ideal has become so dominant in our social life. Book jacket.

Everyday Las Vegas Rex J. Rowley,2013-04-01 Every year, more than thirty-five million people from all over the world visit Las Vegas; only two million call the city home. Everyday Las Vegas takes a close look at the lives of those who live in a place the rest of the world considers exotic, even decadent. Using broad research, including interviews with more than one hundred Las Vegans, Rex Rowley--who grew up in Las Vegas--examines everyday life in a place that markets itself as an escape from mundane reality. Rowley considers such topics as why people move to Las Vegas, the nature of their work and personal lives, the impact of growth and rapid change, and interaction with the overwhelmingly touristic side of the city. He also considers the benefits and perils of living in a nonstop twenty-four-hour city rich in entertainment options and easy access to gambling, drugs, and other addictions. His examination includes the previously unstudied role of neighborhood casinos patronized by locals rather than tourists and the impact that a very mobile population has on schools, churches, and community life. Rowley considers the very different ways people perceive a place as insiders or outsiders, a dichotomy that arises when tourism is a mainstay of the local economy. His work offers insights into what Las Vegas can teach us about other cities and American culture in general. It also contributes to our understanding of how people relate to places and how the personality of a place influences the lives of people who live there.

The Moulin Rouge and Black Rights in Las Vegas Earnest N. Bracey,2009-01-22 Originally opened in May 1955, the Moulin Rouge Hotel and Casino quickly rose in popularity as Las Vegas' first racially-integrated hotel and casino. Sammy Davis, Jr., Louis Armstrong, and other A-list black singers and musicians performed at the Moulin Rouge on a regular basis, and for once they were allowed to spend the night in the same hotel where they performed. This book explains the important role that the hotel-casino played in early desegregation efforts in Las Vegas. With the Moulin Rouge as the backdrop, it provides an analysis of the evolution of race-relations in Las Vegas, including a detailed account of the landmark 1960 desegregation agreement. Finally, it examines recent efforts to rebuild and renovate the historic establishment.

Leaving Las Vegas John O'Brien,2007-12-01 This "brutal and unflinching" novel of fleeting love in Sin City inspired the film starring Nicholas Cage and Elizabeth Shue (Jay McInerney, author of Bright Lights, Big City). John O'Brien's debut novel, Leaving Las Vegas, is an emotionally wrenching story of a woman who embraces life and a man who rejects it; a powerful tale of hard luck, hard drinking, and a relationship of tenderness and destruction. An avowed alcoholic, Ben drinks away his family, friends, and, finally, his job. With deliberate resolve, he burns the remnants of his life and heads for Las Vegas to end it all in the last great binge of his hopeless life. On the Strip, he picks up Sera, a prostitute, in what might have become another excess in his self-destructive jag. Instead, their chance meeting becomes a respite on the road to oblivion as they form a bond that is as mysterious as it is immutable.

But when he takes on what seems like an easy location case from the Lucky Hearts Casino his easygoing life explodes. A professional hitman known as The Scorpion has arrived in Sin City, looking for the same man. After being shot, Roddick realizes he, too, is on someone's hit list. While he recovers, his tech-savvy daughter Kaylee takes revenge into her own hands. Meanwhile The Scorpion is on the hunt, leaving a mounting body count in his wake. Las Vegas Mitch Barker,2013 Las Vegas, New Mexico, is 70 years older than the Nevada city of the same name. Eleven years after its founding in 1835, it was the first settlement in Mexico reached by invading US troops in the Mexican-American War. In later years, it was an intensely violent place, an equal to Dodge City and Tombstone. Gunmen such as Billy the Kid, Mysterious Dave Mather, Doc Holliday, and others walked the streets of Las Vegas. The town also built grand houses and mercantile buildings. It rivaled Albuquerque and Santa Fe for importance and boasted one of the state's two streetcar systems. Here, Teddy Roosevelt announced his availability to serve as president, and Tom Mix filmed his earliest movies.
