Rescue Dogs Kevin Blake,2015-08-01 On a summer night in 2014, Clare Whiteford and her three young sons were asleep in their home. Without warning, a fire broke out in their kitchen. Everyone in the family was unaware of the danger—everyone except their adopted greyhound, Uno. The dog raced upstairs to Clare’s bedroom and barked loudly. Clare woke up and rushed the children outside. Uno had saved their lives! Amazingly, just a year earlier, Uno didn’t have a home and was living in a shelter. In this inspiring book, young readers will meet a variety of homeless dogs that, after being rescued, do heroic and wonderful things. From saving lives to helping veterans with medical problems to performing in a celebrated circus, young readers will be amazed at what rescue dogs can do. With dramatic, full-color photos, this book is sure to warm the hearts of animal lovers everywhere.

Early Western Travels, 1748-1846 Volume 2 ~ Paperbound Reuben Gold Thwaites,1966

Somewhere Within Our Mind Marie Donovan,2004-01-23 This book is dedicated to my daughter Nancy Ellen Donovan Krauss. Nancy is such a bright and beautiful part of my life. Pictured are my daughter and her daughter, Billie Marie Krauss. Nancy has the gift for writing and expresses herself outstandingly. Included in this book is something she wrote about losing her only brother, Michael Delaney Donovan. They were five years apart in age, and although she was the older of the two, she looked up to her brother as her protector. There wasn’t anything he could not do in her eyes. He was her superman. What i would want to tell you is He was my superman also. i believed in him, and knew he would always be here to take care of me. Nancy, my angel face, is so very beautiful and such a part of her brother. they were always inseperable. they usually always got along and when they talked, they talked deep. he was most definitely her soul mate. Voyages and Travels of an Indian Interpreter and Trader John Long (Indian trader.),1904

John Long's Journal John Long,2007 Originally published in 1791 in England, this personal account of an Indian interpreter and trader describes the manners and customs of the North American Indians, with an account of the posts situated on the St. Laurence River, Lake Ontario, etc. The book also includes a vocabulary of the Chippewa language, along with word lists in Iroquois, Mohegan, Shawanee, and Esquimo and a table showing a comparison of the Algonquin and Chippewa languages.

Miracles J. Harold Ellens,2008-07-30 Can science, psychology, and biology explain miracles? This three-volume set attempts to answer that question, presenting the latest, as well as classic, thinking and research regarding miracles from fields that include psychology, psychiatry, theology, biology, and history. We have all heard of what seem miraculous events, which have surfaced across history. They range from stigmata and bleeding icons to deadly tumors that disappear and healers who succeed just by laying hands on the afflicted; from people who can predict unexpected events to so-called mediums and those who can allegedly see and speak with the dead. These books, led by an eminent scholar who serves as series editor for the Praeger series Psychology, Religion, and Spirituality, examine miracles of body, mind, and spirit, presenting the most recent research and writing on these uncommon events, aiming to bring hard science to some of the most persistent and peculiar phenomena associated with the human race. Can science, psychology, and biology explain miracles? This three-volume set attempts to answer that question, presenting the latest, as well as classic, thinking and research regarding miracles from fields that include psychology, psychiatry, theology, biology, and history. From news of a crippled woman who left her wheelchair and walked after an evangelist prayed over her, to stories of people who died on the operating table only to be revived to tell of bright lights and the pathway to the afterlife, we’ve all heard of what seem miraculous events. They have surfaced across history. They range from stigmata and bleeding icons to deadly tumors that disappear, and healers who succeed just by laying hands on the afflicted; from people who can predict unexpected events to so-called mediums and those who can allegedly see and speak with the dead. Some miracles are intricately tied to religious beliefs, but there are millions of people who ascribe to no particular religion, yet still believe that things happen that defy all laws of nature, and thus defy scientific explanation. In these books, eminent scholar J. Harold Ellens and his team of expert contributors examine miracles of body, mind, and spirit, presenting the most recent research and writing on these uncommon events as they aim to bring hard science to some of the most persistent—and peculiar—phenomena associated with the human race.

Voyages and Travels John Long,2006-03 Originally published in 1791 in England, this personal account of an Indian interpreter and trader describes the manners and customs of the North American Indians, with an account of the posts situated on the St. Laurence River, Lake Ontario, etc. The book also includes a vocabulary of the Chippewa language, along with word lists in Iroquois, Mohegan, Shawanee, and Esquimo and a table showing a comparison of the Algonquin and Chippewa languages.

Faith Healers and the Bible Stephen J. Pullum,2015-04-14 An insightful read for anyone who is interested in religion, this book offers fresh, biblical insight into the preaching of faith healing from a Christian perspective. Faith healing has been a popular religious phenomenon in this country for well over a hundred years, gaining thousands of followers and raking in millions of dollars annually. What faith healers teach, however, often goes unchallenged. Faith Healers and the Bible: What Scripture Really Says offers an informed critique of many of the themes found in faith healers' preaching that documents that much of what they teach is not biblically based—contrary to what they would like their listeners to believe. Drawing on a lifetime of study and nearly two decades of teaching a university course titled The Rhetoric of Faith Healing, Stephen J. Pullum, PhD, provides scriptural insight into the false claims frequently found in the preaching of healing revivalists. After an introductory chapter that explains why faith healers have been so persuasive, the author addresses a breadth of topics, including the miraculous, the providential, demon possession, the call of God, the indwelling of the Holy Spirit, and the health and wealth gospel. Meeting faith healers on their own turf—the Bible—Pullum clearly demonstrates that much of what faith healers preach cannot be scripturally supported.
