The White Book Han Kang, 2019-02-19 SHORTLISTED FOR THE MAN BOOKER INTERNATIONAL PRIZE • A “formally daring, emotionally devastating, and deeply political” (The New York Times Book Review) exploration of personal grief through the prism of the color white, from the internationally bestselling author of *The Vegetarian* “Stunningly beautiful writing . . . delicate and gorgeous . . . one of the smartest reflections on what it means to remember those we’ve lost.”—NPR While on a writer’s residency, a nameless narrator focuses on the color white to creatively channel her inner pain. Through lyrical, interconnected stories, she grapples with the tragedy that has haunted her family, attempting to make sense of her older sister’s death using the color white. From trying to imagine her mother’s first time producing breast milk to watching the snow fall and meditating on the impermanence of life, she weaves a poignant, heartfelt story of the omnipresence of grief and the ways we perceive the world around us. In captivating, starkly beautiful language, *The White Book* offers a multilayered exploration of color and its absence, of the tenacity and fragility of the human spirit, and of our attempts to graft new life from the ashes of destruction.

White Bret Easton Ellis, 2019-04-16 Own it, snowflakes: you've lost everything you claim to hold dear. *White* is Bret Easton Ellis's first work of nonfiction. Already the bad boy of American literature, from *Less Than Zero* to *American Psycho*, Ellis has also earned the wrath of right-thinking people everywhere with his provocations on social media, and here he escalates his admonishment of received truths as expressed by today's version of the left. Eschewing convention, he embraces views that will make many in literary and media

communities cringe, as he takes aim at the relentless anti-Trump fixation, coastal elites, corporate censorship, Hollywood, identity politics, Generation Wuss, woke cultural watchdogs, the obfuscation of ideals once both cherished and clear, and the fugue state of American democracy. In a young century marked by hysterical correctness and obsessive fervency on both sides of an aisle that's taken on the scale of the Grand Canyon, White is a clarion call for freedom of speech and artistic freedom. The central tension in Ellis's art—or his life, for that matter—is that while [his] aesthetic is the cool reserve of his native California, detachment over ideology, he can't stop generating heat.... He's hard-wired to break furniture.—Karen Heller, *The Washington Post* Sweating with rage . . . humming with paranoia.—Anna Leszkiewicz, *The Guardian* Snowflakes on both coasts in withdrawal from Rachel Maddow's nightly Kremlinology lesson can purchase a whole book to inspire paroxysms of rage . . . a veritable thirst trap for the easily microaggressed. It's all here. Rants about Trump derangement syndrome; MSNBC; #MeToo; safe spaces.—Bari Weiss, *The New York Times*

White Kids Margaret A. Hagerman, 2020-02-01 Winner, 2019 William J. Goode Book Award, given by the Family Section of the American Sociological Association Finalist, 2019 C. Wright Mills Award, given by the Society for the Study of Social Problems Riveting stories of how affluent, white children learn about race American kids are living in a world of ongoing public debates about race, daily displays of racial injustice, and for some, an increased awareness surrounding diversity and inclusion. In this heated context, sociologist Margaret A. Hagerman zeroes in on affluent, white kids to observe how they make sense of privilege, unequal educational opportunities, and police violence. In fascinating detail,

Hagerman considers the role that they and their families play in the reproduction of racism and racial inequality in America. *White Kids*, based on two years of research involving in-depth interviews with white kids and their families, is a clear-eyed and sometimes shocking account of how white kids learn about race. In doing so, this book explores questions such as, “How do white kids learn about race when they grow up in families that do not talk openly about race or acknowledge its impact?” and “What about children growing up in families with parents who consider themselves to be ‘anti-racist’?” Featuring the actual voices of young, affluent white kids and what they think about race, racism, inequality, and privilege, *White Kids* illuminates how white racial socialization is much more dynamic, complex, and varied than previously recognized. It is a process that stretches beyond white parents’ explicit conversations with their white children and includes not only the choices parents make about neighborhoods, schools, peer groups, extracurricular activities, and media, but also the choices made by the kids themselves. By interviewing kids who are growing up in different racial contexts—from racially segregated to meaningfully integrated and from politically progressive to conservative—this important book documents key differences in the outcomes of white racial socialization across families. And by observing families in their everyday lives, this book explores the extent to which white families, even those with anti-racist intentions, reproduce and reinforce the forms of inequality they say they reject.

White on White Aysegül Savas, 2021-12-07 A marvelous (Lauren Groff) and gentle, mysterious and profound” (Marina Abramović) novel about a woman who has come undone. A student moves to the city to research Gothic nudes, renting an apartment from a painter,

Agnes, who lives in another town with her husband. One day, Agnes arrives in the city and settles into the upstairs studio. In their meetings on the stairs, in the studio, at the corner café, the kitchen at dawn, Agnes tells stories of her youth, her family, her marriage, and ideas for her art - which is always just about to be created. As the months pass, it becomes clear that Agnes might not have a place to return to. The student is increasingly aware of Agnes's disintegration. Her stories are frenetic; her art scattered and unfinished, white paint on a white canvas. What emerges is the menacing sense that every life is always at the edge of disaster, no matter its seeming stability. Alongside the research into human figures, the student is learning, from a cool distance, about the narrow divide between happiness and resentment, creativity and madness, contentment and chaos. *White on White* is a sharp exploration of empathy and cruelty, and the stunning discovery of what it means to be truly vulnerable, and laid bare.

White Fragility Dr. Robin DiAngelo, 2018-06-26 The New York Times best-selling book exploring the counterproductive reactions white people have when their assumptions about race are challenged, and how these reactions maintain racial inequality. In this “vital, necessary, and beautiful book” (Michael Eric Dyson), antiracist educator Robin DiAngelo deftly illuminates the phenomenon of white fragility and “allows us to understand racism as a practice not restricted to ‘bad people’ (Claudia Rankine). Referring to the defensive moves that white people make when challenged racially, white fragility is characterized by emotions such as anger, fear, and guilt, and by behaviors including argumentation and silence. These behaviors, in turn, function to reinstate white racial equilibrium and prevent any meaningful cross-racial dialogue. In this in-depth exploration, DiAngelo examines how

white fragility develops, how it protects racial inequality, and what we can do to engage more constructively.

Clean and White Carl A. Zimring, 2017-10-03 From the age of Thomas Jefferson to the Memphis Public Workers strike of 1968 through the present day, ideas about race-- whites are clean and non-whites are dirty-- have shaped where people have lived, where people have worked, and how American society's wastes have been managed. Zimring draws on historical evidence from statesmen, scholars, sanitarians, novelists, activists, advertisements, and the United States Census of Population to reveal changing constructions of environmental racism, focusing on constructions of race and hygiene. The bigoted idea that non-whites are dirty remains deeply ingrained in the national psyche, continuing to shape social and environmental inequalities.

For the Love of White Chrissie Rucker, 2019-11-26 Create calming, peaceful spaces in your home with white and neutral tones with the first home decorating book from The White Company, published as this much-loved brand celebrates its twenty-fifth anniversary. "The thing about white is that it goes with everything, it is a canvas for life, whoever you are and whatever your tastes. You just can't beat it."—Chrissie Rucker Whether you live in a tiny city apartment, a rambling country cottage or an elegant town house *For the Love of White* offers the definitive book on decorating with white and neutral ones. From room schemes for light, bright family kitchens and calming bedrooms to the all-important finishing touches—this is a book to be inspired by again and again. Illustrated with specially commissioned photography by leading interiors photographer, Chris Everard and organized into three sections—Country, Town and Coastal—the book provides both the advice and the

inspiration needed to transform your home.

Look and Listen Dianne White, 2022-06-14 A guessing game in a book that celebrates the curiosity and delight of a jaunt through a garden, meadow, and alongside a brook. A child steps outside and strolls along, taking in the sights and sounds of nature. Rhythmic, rhyming text tracks his journey through a garden, meadow, and next to a brook, introducing a new color and animal found in that ecosystem with every turn of the page, transforming an ordinary walk into a feast for the senses. Complete with material that explains the rich variety of wildlife and natural habitats found in the book, author Dianne White's playful text is paired with the vibrant collage artwork of Amy Schimler-Safford, making for an exciting read-aloud and guessing game for budding nature lovers.

Dark on Light Dianne White, 2022-12-06 As the sun sets, three siblings discover nature's nighttime beauty in this soothingly rhythmic and gorgeously illustrated bedtime picture book from the acclaimed author-illustrator team behind *Green on Green*. Gentle the evening. Sweeping the skies. Dark the shadows as twilight arrives. Rose the horizon, gleaming and bright. Twilight and evening and dark on light. When the family dog trots away from the house at sunset, three siblings tumble out the door to go find him. Soon they find themselves immersed in the luminous colors, shades, and shadows of nature at night—both dark and light. They wander through moonlit lavender meadows, past a timid fawn, beneath a snowy white owl, and much, much more as the night deepens until, at last, they find their sneaky pup. With beautiful illustrations by Felicita Sala and lyrical text by Dianne White that's perfect for reading aloud, this book invites young readers to step into the wondrous, colorful nighttime natural world.

White Richard Dyer, 2013-10-18 White people are not literally or symbolically white; nor are they uniquely virtuous and pure. Racial imagery and racial representation are central to the organisation of the contemporary world but, while there are many studies of images of black and Asian people, whiteness is an invisible racial position. At the level of racial representation, whites are not of a certain race. They are just the human race, a 'colour' against which other ethnicities are always examined. In *White*, Richard Dyer looks beyond the apparent unremarkability of whiteness and argues for the importance of analysing images of white people. Dyer traces the representation of whiteness by whites in Western visual culture, focusing on the mass media of photography, advertising, fine art, cinema and television. Dyer examines the representation of whiteness and the white body in the contexts of Christianity, 'race' and colonialism. In a series of absorbing case studies, he discusses the representations of whiteness in muscle-man action cinema, from Italian 'peplum' movies to the Tarzan and Rambo series; shows the construction of whiteness in photography and cinema in the lighting of white and black faces, and analyses the representation of white women in end-of-empire fictions such as *The Jewel in the Crown*, and traces the disturbing association of whiteness with death, in vampire narratives and dystopian films such as *Blade Runner* and the *Aliens* trilogy.

What Does It Mean to Be White? Robin DiAngelo, 2023-04-26 What does it mean to be white in a society that proclaims race meaningless, yet is deeply divided by race? Robin DiAngelo reveals the factors that make this question so difficult: mis-education about racism; ideologies such as individualism and colorblindness; segregation; and the belief that to be complicit in racism is to be an immoral person.

Black in White Space Elijah Anderson, 2023-04-05 From the vital voice of Elijah Anderson, *Black in White Space* sheds fresh light on the dire persistence of racial discrimination in our country. A birder strolling in Central Park. A college student lounging on a university quad. Two men sitting in a coffee shop. Perfectly ordinary actions in ordinary settings—and yet, they sparked jarring and inflammatory responses that involved the police and attracted national media coverage. Why? In essence, Elijah Anderson would argue, because these were Black people existing in white spaces. In *Black in White Space*, Anderson brings his immense knowledge and ethnography to bear in this timely study of the racial barriers that are still firmly entrenched in our society at every class level. He focuses in on symbolic racism, a new form of racism in America caused by the stubbornly powerful stereotype of the ghetto embedded in the white imagination, which subconsciously connects all Black people with crime and poverty regardless of their social or economic position. White people typically avoid Black space, but Black people are required to navigate the “white space” as a condition of their existence. From Philadelphia street-corner conversations to Anderson’s own morning jogs through a Cape Cod vacation town, he probes a wealth of experiences to shed new light on how symbolic racism makes all Black people uniquely vulnerable to implicit bias in police stops and racial discrimination in our country. An unwavering truth-teller in our national conversation on race, Anderson has shared intimate and sharp insights into Black life for decades. Vital and eye-opening, *Black in White Space* will be a must-read for anyone hoping to understand the lived realities of Black people and the structural underpinnings of racism in America.

White Awake Daniel Hill, 2017-09-19 Daniel Hill will never forget the day he heard

these words: Daniel, you may be white, but don't let that lull you into thinking you have no culture. White culture is very real. In fact, when white culture comes in contact with other cultures, it almost always wins. So it would be a really good idea for you to learn about your culture. Confused and unsettled by this encounter, Hill began a journey of understanding his own white identity. Today he is an active participant in addressing and confronting racial and systemic injustices. And in this compelling and timely book, he shows you the seven stages to expect on your own path to cultural awakening. It's crucial to understand both personal and social realities in the areas of race, culture, and identity. This book will give you a new perspective on being white and also empower you to be an agent of reconciliation in our increasingly diverse and divided world.

White by Law Ian Haney Lopez, 2006-10 Whiteness pays. As *White by Law* shows, immigrants recognized the value of whiteness and sometimes petitioned the courts to be recognized as white. Haney Lopez argues for the centrality of law in constructing race.--Voice Literary Supplement *White by Law's* thoughtful analysis of the prerequisite cases offers support for the fundamental critical race theory tenet that race is a social construct reinforced by law. Haney Lopez has blazed a trail for those exploring the legal and social constructions of race in the United States.--Berkeley Women's Law Journal Lily white. White knights. The white dove of peace. White lie, white list, white magic. Our language and our culture are suffused, often subconsciously, with positive images of whiteness. Whiteness is so inextricably linked with the status quo that few whites, when asked, even identify themselves as such. And yet when asked what they would have to be paid to live as a black

person, whites give figures running into the millions of dollars per year, suggesting just how valuable whiteness is in American society. Exploring the social, and specifically legal origins, of white racial identity, Ian F. Haney Lopez here examines cases in America's past that have been instrumental in forming contemporary conceptions of race, law, and whiteness. In 1790, Congress limited naturalization to white persons. This racial prerequisite for citizenship remained in force for over a century and a half, enduring until 1952. In a series of important cases, including two heard by the United States Supreme Court, judges around the country decided and defined who was white enough to become American. *White by Law* traces the reasoning employed by the courts in their efforts to justify the whiteness of some and the non- whiteness of others. What's Up with White Women? Ilsa Govan, Tilman Smith, 2021-10-19 As a white woman, ask yourself: are you upholding or fighting racism? *What's Up with White Women?* is a practical guide for white women who are interested in becoming more effective in their cross-cultural, anti-racist practices. Blending real-life stories, theory, and anti-racism practices from decades of on-the-ground work, the authors invite white women to understand their gendered role in systemic racism and their unique opportunity for action. Both frank and compassionate, coverage includes: Stories of white women's experiences with sexism, racism, and white privilege How white women harm BIPOC and ourselves by colluding with systems of oppression Why and how white women often hijack race conversations A powerful six-stage identity development model for self-reflection and growth Guiding questions and practical actions for strengthening anti-racism practices Tools to cultivate genuine partnerships with BIPOC individuals and groups. White women

are positioned in a power hierarchy between white men and BIPOC. It is time for white women to step up and undertake deep reflection on their role in systemic racism and take concrete actions that support equity and justice for all people. White Women Regina Jackson,Saira Rao,2022-11-01 A no-holds-barred guidebook aimed at white women who want to stop being nice and start dismantling white supremacy. It's no secret that white women are conditioned to be nice, but did you know that the desire to be perfect and to avoid conflict at all costs are characteristics of white supremacy culture? As the founders of Race2Dinner, an organization which facilitates conversations between white women about racism and white supremacy, Regina Jackson and Saira Rao have noticed white women's tendency to maintain a veneer of niceness, and strive for perfection, even at the expense of anti-racism work. In this book, Jackson and Rao pose these urgent questions: how has being nice helped Black women, Indigenous women and other women of color? How has being nice helped you in your quest to end sexism? Has being nice earned you economic parity with white men? Beginning with freeing white women from this oppressive need to be nice, they deconstruct and analyze nine aspects of traditional white woman behavior--from tone-policing to weaponizing tears--that uphold white supremacy society, and hurt all of us who are trying to live a freer, more equitable life. *White Women* is a call to action to those of you who are looking to take the next steps

in dismantling white supremacy. Your white supremacy. If you are in fact doing real anti-racism work, you will find few reasons to be nice, as other white people want to limit your membership in the club. If you are not ticking white people off on a regular basis, you are not doing it right.
