Windows Patrick Guest,2020-10-01 Windows is an uplifting story of how humanity has pulled together during the Coronavirus pandemic. Written from Patrick's own experience of having to leave the family home due to his son's Duchenne muscular dystrophy, Windows shows how five kids from different parts of the world connect and draw strength from their communities, all from behind the safety of their own windows. Heartwarming, hopeful and surprisingly funny, Windows will resonate with families all over the world and become a valuable time capsule of what life was like in 2020.

Windows Julia Denos,2021-02-09 Walking his dog at dusk, one boy catches glimpses of the lives around him in this lovely ode to autumn evenings, exploring your neighborhood, and coming home. Before your city goes to sleep, you might head out for a walk, your dog at your side as you go out the door and into the almost-night. Anything can happen on such a walk: you might pass a cat, or a friend, or even an early raccoon. And as you go down your street and around the corner, the windows around you light up one by one until you are walking through a maze of paper lanterns, each one granting you a brief, glowing snapshot of your neighbors as families come together and folks settle in for the night. With a setting that feels both specific and universal and a story full of homages to *The Snowy Day*, Julia Denos and E. B. Goodale have created a singular book — at once about the idea of home and the magic of curiosity, but also about how a sense of safety and belonging is something to which every child is entitled.
