The Complete Idiot's Guide to Starting and Running a Winery Thomas Pellechia, 2008-11-04
Making the dream a reality... For many people, owning and running a winery is a dream job. According to Wine Business Monthly, the number of wineries in the U.S. has jumped 26% in less than three years. To carry out this dream, one must understand that wine making involves both science and art. Starting a winery is just like starting any other business and requires planning and a deep understanding of the industry. In *The Complete Idiot's Guide® to Starting and Running a Winery*, readers will learn: •How to put together a business plan •Different varieties of grapes and wines •How to lay out a floor plan and what equipment is needed •How to promote wines

Ghost Wineries of Napa Valley Irene W. Haynes, 1999-10-01 Extensively researched by a resident grape grower and historian, this is the fascinating photographic tour of historic Napa wineries. The historical details and photographs of more than 65 wineries bring vision of the vibrant California wine industry of more than 100 years ago and the roots of many of today's great vintners are exposed in these photos and historical vignettes.

Seasons of a Finger Lakes Winery John C. Hartsock, 2011-04-15 June is a time when the vineyardist thins and trains shoots, which seem to grow inches a day. During thinning and training one learns intimately about the personality of the grapevine. It is a strange creature, and one can see why in ancient Greece and Rome it represented the cycles of life. The bark on the main trunk tends to be cracked and crumpled, hanging in threads in some places, and reminiscent of a withered old man. It's not pretty to look at. But the vine comes to life in the smooth brown canes that were young growth the year before, and then in the tender, rubbery green shoots of the current season. In 1998, Gary and Rosemary Barletta purchased seven acres of land on the eastern shore of Cayuga

Lake. Descending to the west from the state route that runs along on the ridge overlooking the lake, the land was fertile, rich with shalestone and limestone bedrock, and exposed to moderating air currents from the lake. It was the perfect place to establish a vineyard, and the Barlettas immediately began to plant their vines and build the winery about which they had dreamed for years. The Barlettas' story, as John C. Hartsock tells it, is a window onto the world of contemporary craft winemaking, from the harsh realities of business plans, vineyard pests, and brutal weather to the excitement of producing the first vintage, greeting enthusiastic visitors on a vineyard tour, and winning a gold medal from the American Wine Society for a Cabernet Franc. Above all, *Seasons of a Finger Lakes Winery* describes the connection forged among the vintner, the vine, and terroir. This ancient bond, when tended across the cycle of seasons, results in excellent wines and the satisfaction, on the part of the winemaker and the wine enthusiast, of tasting a perfect harvest in a single glass. Today, Long Point Winery sits on seventy-two acres (eight of which are under cultivation with vinifera grapes) and produces sixteen varieties of wine, a number of which are estate wines made from grapes grown on their property. With interest in winemaking continuing to grow, the Barlettas' experience of making award-winning wines offers both practical advice for anyone running (or thinking of running) their own winery, whether in the Finger Lakes or elsewhere, as well as insights into the challenges and joys of pursuing a dream.

Local Vino James R Pennell, 2017-02-15 The art and craft of winemaking has put down roots in Middle America, where enterprising vintners coax reds and whites from the prairie earth while their businesses stand at the hub of a new tradition of community and conviviality. James R. Pennell tracks among the hardy vines and heartland terroir of wineries across Illinois, Iowa, Indiana, and Ohio. Blending history and observation, Pennell gives us a ground-up view of the business from

cuttings and cultivation to sales and marketing. He also invites entrepreneurs to share stories of their ambitions, hard work, and strategies. Together, author and subjects trace the hows and whys of progress toward that noblest of goals: a great vintage that puts their winery on the map.

Sonoma County Wineries Thomas Maxwell-Long, 2001 As early as the California Gold Rush of the mid-19th century, the first settlers of Sonoma County recognized that the rich soil and unique array of climates of the region's valleys were particularly conducive for the ages-old livelihood of viticulture. Beginning in 1857 with Buena Vista Winery, Sonoma became one of the preeminent winemaking regions in the world. Chronicled here in over 200 vintage images is Sonoma's wine producing history, covering its many wineries, vineyards, towns, and townsfolk that grew up alongside the development of this fantastic agricultural enterprise. The first Sonoma Country venture was Buena Vista Winery, founded in 1857 by the eccentric Count Agoston Haraszthy. Since then, and over the course of the next 150 years, hundreds of wineries would dot the landscape; while some succeeded and lasted through the years, others fell in the face of life's trials, including earthquakes, wildfires, and Prohibition. Covering three centuries of award-winning winemaking, this new book captures in photographs the history of some of the world's most famous wineries, their proprietors, workers, and families, including those from Korbel, Geyser Peak, Simi, Sebastiani, Pedroncelli, Orr, Seghesio, and Ravenswood.

At Home in the Vineyard Susan Sokol Blosser, 2008-05-07 Just like the complex Pinot Noir crafted by Sokol Blosser, Susan's life story is layered and rich. Recounting her journey with passion and humor, we share in the professional challenges Susan faced as an Oregon wine industry pioneer, as well as the personal rewards of raising a family and finding self-fulfillment. Even if you're not a wine lover, you will love reading this touching memoir.—Leslie Sbrocco, author of *Wine for Women*:

A Guide to Buying, Pairing, and Sharing Wine At last, an intelligent, literate, first-hand observation of the beginnings of the Oregon wine industry. Susan Sokol Blosser was there when we were no more than a handful of families with naïve dreams and very dirty boots. Not only does *At Home in the Vineyard* capture those early experiences with exuberant detail and humor, but it also provides insight into her family's private challenges of managing vineyards and a successful winery.—David Adelsheim, President, Adelsheim Vineyard This is a coming-of-age story of a wine region and of a woman. It is about finding and following your destiny, but also shaping it yourself. It is about using every success and setback to fuel your own energy, to do the right thing, and to feed your heart. How could this book be both deeply inspiring and funny? Well, that is Susan Sokol Blosser.—Andrea (Immer) Robinson, Master Sommelier and author, *Andrea's Complete Wine Course for Everyone*

Temecula Valley Wineries Rob Crisell,

Ohio's Canal Country Wineries Claudia J. Taller, 2015-07-27 In the early 18th century, pioneers cleared land in Ohio's Western Reserve and found it suitable for farming, but until the Ohio-Erie Canal opened, it was difficult for them to share the fruit of their labor. *Ohio's Canal Country Wineries* captures the spirit of those who lived off the land from Cleveland to New Philadelphia along the Cuyahoga River and down to the Muskingum River--the path that the Ohio-Erie Canal took when it was built in 1832. As canal country began opening up, wineries along the Ohio River and the shores and islands of Lake Erie produced so much wine that Ohio became known as Vinland. Now, the rich and fertile farmland along the canal has also been cultivated with vineyards, and the region is home to close to 50 wineries.

Ohio's Lake Erie Wineries Claudia J. Taller, 2011 Ohio's Lake Erie wineries and vineyards are rooted in tradition. European immigrants settled on the Lake Erie islands and nearby shoreline in

the mid-1800s, and the grape industry flourished in Ohio into the early 20th century. Industrialization from Cleveland to Toledo swallowed up prime growing property along the lakeshore, but many farms continued to grow grapes. During Prohibition, wine making went underground. When it ended, restaurant owners bottled their own fortified wines and some of the wineries started mass producing wine with new equipment. The wines of Ohio, like those all over the eastern United States, were mostly sweet and made from native labrusca grapes. In the 1960s, Ohio's serious winemakers learned how to cultivate European-style vinifera grapes along Lake Erie's shore and on the islands. Chardonnay and cabernet sauvignon grapes now grow alongside Concord and Catawba. Today, more than 40 wineries stretch across northern Ohio.

Washington Wines and Wineries Paul Gregutt, 2007-10-19 Unquestionably the most comprehensive book on the topic, *Washington Wines and Wineries* is a new benchmark in learning about this exciting wine region.—Evan Goldstein, author of *Perfect Pairings* I never miss a chance for lunch or a tasting with Paul Gregutt. He is an eclectic student of wine and an astute taster who never takes himself too seriously. But his *Washington Wines & Wineries* is a serious publication. The number of Washington wineries has exploded since the turn of the millennium. There are several important new AVAs. Many wonderful wines are being made. So there was an urgent need for this splendid new guide, written with passion and authority. No one who loves Washington wines--in fact, no one serious about wine--should fail to get a copy.—Oz Clarke

Finger Lakes Wine Country Sarah Thompson, 2015-03-23 For more than 150 years, Finger Lakes Wine Country has played a major role in American wine history. At its heart are the four deepest Finger Lakes, part of a group of 11 long, narrow lakes in central New York. There, nestled among Canandaigua, Keuka, Seneca, and Cayuga Lakes, farmers began planting vineyards in the 1830s. In 1860, the Pleasant Valley Wine Company became America's first bonded winery, turning Keuka Lake into a busy shipping hub for fresh grapes and award-winning champagnes. Other wineries soon followed, as did railroads and basket factories. Early 20th century business was good until Prohibition forced wineries to reinvent themselves. In the 1950s and 1960s, innovators like Charles Fournier, Dr. Konstantin Frank, and Walter S. Taylor experimented with hybrid and European vinifera grape varieties. But by the 1970s, local grape growers faced extinction; it would take a

grassroots movement and landmark legislation in 1976 to bring about a Finger Lakes wine renaissance.

New Jersey Wineries Jennifer Papale Rignani, 2008-07-07 New Jersey, the fifth-largest wine-producing state in the country, has been making wine since 1864. While perhaps not as well known as other wine-producing states, New Jersey is home to many premier varieties. Award-winning chardonnay, syrah, marechal foch, viognier, traminette, merlot, cabernet, and dozens of others are produced in the state. Particularly unique to New Jersey wineries is an array of fruit wines, such as raspberry, cherry, and blueberry, which are exported all over the world. Because of the climate and conditions of the state, New Jersey wines are most often compared by viticulturists and enologists to the wines of France and Italy. From Cape May County up to the northernmost tip of Sussex County, New Jersey wineries offer more than 200 varieties of wine.

A Sense of Place Steven Kolpan, 2013-02-01 In A Sense of Place, renowned wine expert and writer Steven Kolpan tells the story of how Francis Ford Coppola brought California's most distinguished and historic vineyard back to life. Gustave Niebaum's Inglenook Estate, started in 1879, was one of the Napa Valley's first established vineyards and the birthplace of its premium wine industry. Generations after Niebaum's death, the vineyard was sold to Heublein, the wine and spirits monolith, who broke up the land and changed the Inglenook brand from a premium, connoisseur wine to a mass-market jug wine. In 1975, Francis Coppola bought the Niebaum residence and the surrounding estate. Along with the original estate's reputation, he also brought back some of its original workers, including Rafael Rodriguez, who, in his late seventies, now serves as the vineyard manager and historian. Coppola overcame naysayers, red tape, and financial turmoil to reestablish the winery as a defender of quality, producing wine under four different labels,

including the revered wine Rubicon. In 1995, Coppola purchased the Inglenook Chateau and its adjacent vineyards, fulfilling his dream of reuniting the original Napa Valley estate. Kolpan's luscious, flavorful narrative is worth enjoying now and keeping for later.

Drawing on his encyclopedic knowledge of a grape variety considered by many to produce the ultimate food wine, John Winthrop Haeger offers this expanded, updated companion volume to his award-winning *North American Pinot Noir*. Here, with three times the number of winery profiles, he focuses exclusively on what he calls the Pacific Pinot Zone, stretching from the mouth of the Columbia River in Oregon to Santa Barbara in California and extending up to thirty miles inland. An introductory essay provides an indispensable view of pinot noir in the United States—including the dramatic effect that the movie *Sideways* has had on its sales and production. *Pacific Pinot Noir* features: * Detailed descriptive tasting notes and selected vertical tastings * At-a-glance graphics conveying information on tasting rooms, prices, and production for each winery * Regional maps showing key viticultural areas * Contact information for each winery

Texas Hill Country Wineries Russell D. Kane, 2015-01-19 The Texas Hill Country wineries have roots as old as any around. Texas grapes grow in soils made from ancient sea deposits, similar to the grape-growing regions of Europe. Texas wine culture arrived in the 1600s with Spanish missionaries who settled and planted vineyards in El Paso del Norte. The 1800s brought German and Italian immigrant farmers to Texas; they considered wine a staple of everyday life. In what is now America's No. 5 wine-producing state, the Texas Hill Country was named by *Wine Enthusiast* magazine to its 2014 list of best international wine destinations. It may surprise some, but not the wine aficionados

who have visited the Texas Hill Country's 50 or more wineries, that wine-and-culinary tourism is currently the Texas Hill Country's fastest growing sector. This book is your guide to the Texas Hill Country winery experience. It is time to sip and savor Texas for yourself.

The Vineyard Louisa Thomas Hargrave, 2003 In the tradition of Peter Mayle and Frances Mayes, *The Vineyard* is a charming memoir of starting the first Long Island winery, and the bittersweet story of how one couple fulfilled their dream.

Wineries of the Texas Hill Country Plus One Fine Brewery John F. Aceti, Many people who visit wineries in the Texas Hill Country know and enjoy the social aspect of drinking a glass of exquisite wine along with some delicious food. Friends, spouses and even family members consider wineries as a sophisticated place to interact and socialize in a comfortable setting. Many of the owners have designed their tasting areas as places of enjoyment and cheerfulness. While drinking quality wines one can also view pieces of art on the walls, a great variety of wine related gifts, clothing and books. Many tour vehicles for “special groups” can be seen in parking areas at all the wineries. On some days one needs to drive around awhile to find an open space. For those who have not visited a winery, I can assure you that it is a unique experience and you will probably make some repeated visits. People who drink wine and travel in the United States or abroad tend to visit wineries wherever they travel. You may even walk out with a bottle or two of your favorite wine!!

The New Architecture of Wine Heather Hebert, 2019-12-17 Celebrate the sophisticated blend of agriculture and style that defines California wine country. With well-told stories and stunning photography, author Heather Hebert features the architecture of 25 California wineries in her alluring new book, *The New Architecture of Wine*. As wine tourism has increased, California vintners have embraced the call to create splendid spaces where visitors can taste their unique varieties and

enjoy conversation about wine. In place of imitating old-world European estates, grand architectural statements or quirky forays into bohemianism, the new architecture of wine has evolved into a celebration of California's topography, agricultural heritage, historic architectural vernacular, and forward-thinking passion for sustainability and design. The 25 wineries featured in *The New Architecture of Wine*, all built within the last ten years, include buildings designed by top architects Juan Carlos Fernandez and Howard Backen, among others. Together, these wineries form an authentic expression of the winemakers' passion for the land and its heritage—an homage to California. Heather Hebert, formerly the director of marketing for a San Francisco-based architecture firm with an international practice, spent 25+ years guiding the firm's marketing, brand identity, and positioning on a global scale. She works directly with clients to develop their brand strategy and design stories for their hotel, resort, winery, multi-family residential and urban mixed-use projects. Heather lives in Marin County, California, with her husband and four children. *The New Architecture of Wine* is her first book.
