Why I Write George Orwell, 2021-01-01 George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In Why I Write, the first in the Orwell's Essays series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the 'four great motives for writing' – 'sheer egoism', 'aesthetic enthusiasm', 'historical impulse' and 'political purpose' – and considers the importance of keeping these in balance. Why I Write is a unique opportunity to look into Orwell's mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer's oeuvre. 'A writer who can – and must – be rediscovered with every age.' — Irish Times

Trust Me, I'm Lying Ryan Holiday, 2013-07-02 The cult classic that predicted the rise of fake news—revised and updated for the post-Trump, post-Gawker age. Hailed as astonishing and disturbing by the Financial Times and essential reading by TechCrunch at its original publication, former American Apparel marketing director Ryan Holiday's first book sounded a prescient alarm about the dangers of fake news. It's all the more relevant today. Trust Me, I'm Lying was the first book to blow the lid off the speed and force at which rumors travel online—and get traded up the media ecosystem until they become real headlines and generate real responses in the real world. The culprit? Marketers and professional media manipulators,

encouraged by the toxic economics of the news business. Whenever you see a malicious online rumor costs a company millions, politically motivated fake news driving elections, a product or celebrity zooming from total obscurity to viral sensation, or anonymously sourced articles becoming national conversation, someone is behind it. Often someone like Ryan Holiday. As he explains, “I wrote this book to explain how media manipulators work, how to spot their fingerprints, how to fight them, and how (if you must) to emulate their tactics. Why am I giving away these secrets? Because I’m tired of a world where trolls hijack debates, marketers help write the news, opinion masquerades as fact, algorithms drive everything to extremes, and no one is accountable for any of it. I’m pulling back the curtain because it’s time the public understands how things really work. What you choose to do with this information is up to you.”

Perennial Seller Ryan Holiday,2017-07-18 The book that Inc. says every entrepreneur should read and an FT Book of the Month selection... How did the movie The Shawshank Redemption fail at the box office but go on to gross more than \$100 million as a cult classic? How did The 48 Laws of Power miss the bestseller lists for more than a decade and still sell more than a million copies? How is Iron Maiden still filling stadiums worldwide without radio or TV exposure forty years after the band was founded? Bestselling author and marketer Ryan Holiday calls such works and artists perennial

sellers. How do they endure and thrive while most books, movies, songs, video games, and pieces of art disappear quickly after initial success? How can we create and market creative works that achieve longevity? Holiday explores this mystery by drawing on his extensive experience working with businesses and creators such as Google, American Apparel, and the author John Grisham, as well as his interviews with the minds behind some of the greatest perennial sellers of our time. His fascinating examples include: • Rick Rubin, producer for Adele, Jay-Z, and the Red Hot Chili Peppers, who teaches his artists to push past short-term thinking and root their work in long-term inspiration. • Tim Ferriss, whose books have sold millions of copies, in part because he rigorously tests every element of his work to see what generates the strongest response. • Seinfeld, which managed to capture both the essence of the nineties and timeless themes to become a modern classic. • Harper Lee, who transformed a muddled manuscript into *To Kill a Mockingbird* with the help of the right editor and feedback. • Winston Churchill, Stefan Zweig, and Lady Gaga, who each learned the essential tenets of building a platform of loyal, dedicated supporters. Holiday reveals that the key to success for many perennial sellers is that their creators don't distinguish between the making and the marketing. The product's purpose and audience are in the creator's mind from day one. By thinking holistically about the relationship between their audience and their work, creators of all kinds improve the chances that their offerings will stand the test of time.

Room to Write Bonni Goldberg, 1996 What makes someone a writer? A writer writes, expressing the world through synthesis of mind and magic, sensuality and spirit. With both humor and reverence, Room to Write playfully prevails on us to experience the world through a writer's eyes, and respond to the creative sparks that charge good writing. In two hundred daily essays, the author invites the reader--whether an experienced writer or someone just starting out--into the crucibles from which creative writing erupts: emotion, imagination, intellect, and soul. Once there, she urges the reader to grab a pen, grasp a keyboard, and seize the moment when perception fires revelation and language becomes art. Each page features an essay exploring an aspect of the writing process, an exercise to get the reader writing, and a quotation to tickle the mind and keep the writing going. Ultimately, readers learn about how they write, and how to trust their intuition. Room to Write is a collection of beguiling provocations, an irresistible invitation to all those who believe that writing, like any creative endeavor, is a way of life.
