Yantra and Mantra - Illustrated Prof N L Shraman ,2020-03-10 Yantra (यन्त्र) is the Sanskrit word for a mystical diagram, especially diagrams or amulets supposed to possess occult powers in astrological or magical benefits in the Tantric traditions of the Indian religions. Traditionally such symbols are used in Eastern mysticism to balance the mind or focus it on spiritual concepts. The act of wearing, depicting, enacting and/or concentrating on a yantra is held to have spiritual or astrological or magical benefits in the Tantric traditions of the Indian religions. • Shapes and patterns commonly employed in yantra include squares, triangles, circles and floral patterns but may also include more complex and detailed symbols, for instance: • The lotus flower typically represents chakras, with each petal representing a psychic propensity (or vritti) associated with that chakra; • A dot, or bindu, represents the starting point of creation or the infinite, unexpressed cosmos; • The shatkona (ṣaṭkoṇa) (Sanskrit name for a Hexagram) is composed of a balance between: • An upwards triangle which according to Tantra denotes energy, or more specifically action and service (seva). It may also denote spiritual aspiration, the element of fire, or Shiva. It is also said to represent the static substratum of the cosmos;[citation needed] • A downwards triangle which according to Tantra denotes spiritual knowledge. It may also denote the creative power of the cosmos, fecundity, the element of water, or Shakti; • A swastika represents good luck, welfare, prosperity or spiritual victory; • Bija mantras (usually represented as characters of Devanāgarī that correspond to the acoustic roots of a particular chakra or vritti). • Geometric element meanings: • Circle = Energy of the element water • Square = Energy of the element earth • Upward-facing Triangle = Energy of the element fire; energy • Downward-facing Triangle = Energy of the element water; knowledge • Diagonal line = Energy of the element air • Horizontal line = Energy of the element water • Vertical line = Energy of the element fire • Point = Energy of the element ether

The Known Secret (Golden ratio and Sri Yantra) Pisipati S.S. Prasad, 2023-08-05 Sri Yantra is linear approximation to nonlinear reality i.e. Brahman, the Ultimate God. Sri Yantra represents micro and macro objects which include Universe, individual, any matter in the Universe. Hence all Universal laws should be applicable to Sri Yantra. Golden Ratio is the universal ratio and can be seen everywhere. This was first known to Indians over 2000 years ago. Since Golden Ratio is Universal and Sri Yantra represents the Universe, both should have correlation. My efforts through this book would be to prove the same. The idea is to understand geometry of Sri Yantra (other Yantras in Sri Vidya) and relate it to universal laws.

Yantra Madhu Khanna, 2003-10-15 The first comprehensive study of the Indian power symbol that allows the individual to take a journey to the primordial center of life • Highly illustrated exploration of every aspect of the yantra, including its related rituals, sounds, and meditation practices • Investigates the continued use of the yantra in modern India as a magic talisman The yantra is both a complex metaphysical symbol and a tool of ritual and meditation. In kundalini yoga, the patterns contained in this metaphysical and geometrical construct correspond to the psychic centers of the subtle body, therefore making the body itself a functioning yantra. In this book, which is the first comprehensive study of the subject, the author provides a step-by-step explanation of the dynamic process wherein the yantra aids the individual in the spiritual journey to return to original wholeness. Every aspect of this important Indian symbol is explored, from its related sounds, rituals, and use in meditation to its application in traditional temple architecture and sculpture. The author also looks at its continued use in both the "black" and "white" magic traditions of the subcontinent, as well as its power as a talisman.
