

ZINK

Cherie Bennett

Zink Cherie Bennett,1998 *Zink* is about true courage in the face of unpredictable predators. In an age where too many are quick to confront fears and differences with senseless violence, Zink exemplifies the importance of tolerance and acceptance. Imaginative, funny, and heartbreaking, this allegory features a pre-teen girl with leukemia and a herd of talking African zebras whom she meets when she is diagnosed with her life-threatening illness. The zebras include street-smart Ice Z, grandfatherly Papa Zeke and pompous Zilch, along with Shlep, a furry green monkey who's certain he's also a zebra. The zebras recount to her their legend of Zink, a mythical polka-dotted zebra once an outcast but later a hero. As Becky's condition worsens and she is mistreated by some classmates, she zaps back and forth between real life and the zebra world, until the shattering, breathtaking, and uplifting climax.--Publisher's description.

The Wallcreeper Nell Zink,2014-10-01 The incredible breakout novel by one of the sharpest, funniest, most inventive writers of our time. "Who is Nell Zink? She claims to be an expatriate living in northeast Germany. Maybe she is; maybe she isn't. I don't know. I do know that this first novel arrives with a voice that is fully formed: mature, hilarious, terrifyingly intelligent, and wicked. The novel is about a bird-loving American couple that moves to Europe and becomes, basically, eco-terrorists. This is strange, and interesting, but in between is some writing about marriage, love, fidelity, Europe, and saving the earth that is as funny and as grown-up as anything I've read in years. And there are some jokes in here that a young Don DeLillo would kill to have written. I hope he doesn't kill Nell Zink." (Keith Gessen)

Mislaid Nell Zink,2015-07-23 'Nell Zink is a writer of extraordinary talent and range. Her work insistently raises the possibility that the world is larger and stranger than the world you think you know.' Jonathan Franzen

Doxology Nell Zink,2020 Pam, Daniel, and Joe might be the worst punk band on the Lower East Side. Struggling to scrape together enough cash and musical talent to make it, they are waylaid by surprising arrivals, a daughter for Pam and Daniel; a solo hit single for Joe. As the '90s wane, the three friends share in one another's successes, working together to elevate Joe's superstardom and raise baby Flora. On September 11, 2001, the city's unfathomable devastation coincided with a shattering personal loss for the trio. In the aftermath, Flora comes of age, navigating a charged political landscape and discovering a love of the natural world. Joining the ranks of those fighting for ecological conservation, Flora works to bridge the wide gap between powerful strategists and ordinary Americans, becoming entangled ever more intimately with her fellow activists along the way.

Avalon Nell Zink,2022-05-24 A NEW YORK TIMES BEST BOOK OF THE YEAR • A profound and singular story about a young woman searching for her place in the world, from one of America's most original voices—the irresistible story of one teenager's reckoning with society at large and her search for a personal utopia. "Effulgent and clever.... What fun." —The New York Times Bran's Southern California upbringing is anything but traditional. After her mother joins a Buddhist colony, Bran is raised by her "common-law stepfather" on Bourdon Farms—a plant nursery that doubles as a cover for a biker gang. She spends her days tending plants, slogging through high school, and imagining what life could be if she had been born to a different family. And then she meets Peter, a beautiful, troubled, and charming train wreck of a college student from the East Coast, who launches his teaching career by initiating her into the world of literature and aesthetics. As the two begin a volatile and ostensibly doomed long-distance relationship, Bran searches for meaning in her own surroundings—attending disastrous dance recitals, house-sitting for strangers, and writing scripts for student films. She knows how to survive, but her happiness depends on learning to call the shots. Exceedingly rich, ecstatically dark, and delivered with masterful humor, *Avalon* is a poignant portrait of a young woman who, against all odds, is determined to find her place in the world and find clarity in its remote corners.

Books Preview: The Best American Writing From the “wonderfully talented” (Dwight Garner, New York Times) author of *Mislaid* and *The Wallcreeper* comes a fierce and audaciously funny new novel, dazzling in its energy and ambition: a story of obsession, idealism, and ownership, centered around a young woman who inherits her bohemian father’s childhood home. Recent business school graduate Penny Baker has rebelled against her family her whole life-by being the conventional one. Her mother, Amalia, was a member of an Amazonian tribe called the Kogi; her much older father, Norm, long ago attained cult-like deity status among a certain group of aging hippies while operating a ‘healing center’ in New Jersey. And she’s never felt particularly close to her much-older half-brothers from Norm’s previous marriage-one wickedly charming and obscenely rich (but mostly just wicked), one a photographer on a distant tropical island. But all that changes when her father dies, and Penny inherits his childhood home in New Jersey. She goes to investigate the property and finds it not overgrown and abandoned, but rather occupied by a group of friendly anarchist squatters whom she finds unexpectedly charming, and who have renamed the property Nicotine House. The residents of Nicotine House (defenders of smokers’ rights) possess the type of passion and fervor Penny feels she’s desperately lacking, and the other squatter houses in the neighborhood provide a sense of community Penny’s never felt before, and she soon moves into a nearby residence, becoming enmeshed in the political fervor and commitment of her fellow squatters. As the Baker family’s lives begin to converge around the fate of the Nicotine House, Penny grows ever bolder and more desperate to protect it-and its residents-until a fateful night when a reckless confrontation between her old family and her new one changes everything.

You Are the Mystery David D Zink,2000-12-12 Joan and David Zink have woven for us an essential and timely fabric from the present-day research tracing the dynamic development of the concept of psycho-integration. Through the exploration by psychologist of the phenomena associated with demonstrable alteration in skin temperatures and the cardiovascular responses to central control, we have come to that point where bio-feedback is available to the individual as a signpost for improving his own state of well being through his own intentional and conscious control. Thus the paths of insight into the unconscious have now broadened. We are each given the possibilities of accepting responsibility for our own growth and understating of our own levels of consciousness. By their scholarly and critical reviews of the literature, beginning with the insights of Freud and Jung and expanding since WWII through clinical physiologists' sources of bio-feedback, Joan and David Zink have clearly delineated for us the problems of the mind-body dichotomy. Rational acceptance of functional psycho-integration is now available for further exploration and for clinical applications. Of special value are the chapters expanding and simplifying the evidence of the importance to man of his own inner development with discovery of his own powers in spiritual understanding and self-direction. Current research has provided a meeting ground for Occidental and Oriental philosophies. Occidental man will thereby be enabled to pursue the development of his highest self and to achieve his own individual understanding of his place in the Greater Universe.
