*How to Astral Project* Allison Kinterelli, 2014-11-23 Astral Projection (AP), or Out of Body Experience (OBE), is no hoax, sham or ritual of the occult. It is by no means supernatural and, in fact, is as natural as breathing or living itself. It's a real practice, originating at similar times across civilizations - dating back to times immemorial - without any contact between them, or joint efforts to develop such skills. It can be found in works of Ancient Greece, hieroglyphs of Ancient Egypt (as the movement of the Kha), Hindu lore and Buddhist practices of the Pure-Land, and has been extensively chronicled by practitioners all over the world, including near death experiences recorded by medical personnel. It's a universal phenomenon that hundreds of thousands, if not more, have experienced and made a part of their daily lives; and countless more have taken part without even fully realizing it. This guide hasn't been written to convert non-believers though. Instead, I present to you the purest form of the scientific method: experimentation through experience. I hand you the means to unlock this phenomenon, cultivate and control it, and make up your own mind about its truths. If nothing else, the meditative requirements for AP

will dramatically improve your physical and mental well-being. When you do experience your first OBE, as I know you will, it will unlock pathways to other realities, worlds and dimensions, and will expand your knowledge of yourself and the universe you inhabit like nothing before. So are you ready to take the last steps of your old life and the first baby steps into a universe so vast that it boggles the mind? Are you ready to enter a state that will reflect just how narrow your understanding of life has been up to this point? Let's get started!

*Astral Projection* Donna Koehler, 2021-01-17 This Astral Projection book contains proven steps and strategies on how to tap into our own inner powers through meditation and spirituality to prepare our body and soul to travel the astral plane and gain significant experiences while there. EXPLORE ALL OF CREATION. LEARN THE TRUE MEANING OF LIFE. LET ME SHOW YOU. This book was previously published as: Astral Travel & Aura Viewing: Many Effective & Easy Astral Projection Techniques -- Astral Projection Made Doable. The main topics of my book are: (1) the astral projection experience and how to accomplish it. The astral plane is examined as well as the astral projection techniques necessary to enter. (2) aura viewing. A very simple technique to view your own aura is given. I believe it will help with astral projection because you will realize part of you already is projecting. Reading my book and following the suggested techniques will change your life forever. It explains in detail how you can have exciting, unbelievable adventures to future, past and alternate lifetimes, to astral counterparts of physical objects and places, to high spiritual places called Heaven, and to see your own magnificent aura. These things are doable without sniffing glue, eating hallucinogenic mushrooms, or taking drugs. It takes no special talent to have these awesome, life-changing experiences only some time and determination. My methods involve deep breathing, calling out to God through chanting, and sacred meditation. The book is concise and basic. Here are some quotes: Part One, Definitions: The astral plane is a vibration of life that is highly emotional and visiting it can be a nightmare world of hell, a blissful journey to heaven, or one of many, many places in between. When we have an astral projection we are traveling in an astral body. We possess different energy bodies of all vibrations; and will, without realizing or making any effort, choose just the correct combination depending on the vibration of

light needed for the journey. This astral energy can sometimes be seen and is called the aura. Part One, Astral Travel Basics: Don't get hung up with tedious, drawn-out methods to leave your physical body one body part at a time. You don't need to project an astral counterpart of your entire physical self. I suggest you simply project that part of you located between your eyes, that's where your true self is located anyway. The fastest and easiest way is to just be wherever it is you want to be. Don't even think about what you look like, that will just bring you back to the physical. Part Two, Two Methods to Project to Wooded Areas: When you are in the air and you feel like you are flying, you might not be. It took me a long time to realize that I was really located in a point in the sky. I had no body so I was not subject to gravity. However, the Earth was rotating on its axis. I just had the sensation of moving. It's like when you're in a car wash seated in your car. The big brushes come forward and you have the sensation of moving even though you are not. Part Three, My Experiences, Holy and Wonderful: The separation was in a whole different manner, I remained in my physical body while I felt energy projecting. I became a being of white light energized by my heart chakra. Part Three, My Experiences, Holy and Wonderful: While meditating on a violet crystal, I asked to see my spiritual guides. Amazing spheres of brilliant colored light appeared. I saw a pink spirit and a golden-flame baby which I brought to my heart chakra. The face of a happy young man, looked Arabic, smiled at me. My tunnel rotated very fast and pointed very high. Part Four, Aura, Etheric and Halo Viewing: Seeing your own magnificent light will help you realize you are a holy spirit and truly a child of God. Good luck. You CAN do it.
