But then the Prophet calls from prison and announces he has outlawed music in their community and now forbids women to leave. Determined to play, Gentry and Tanner sneak out. But once they return, the Prophet exercises control from prison, and it has devastating consequences for Gentry and her family. Soon, everything Gentry has known is turned upside down. The Call Craig R. Smith,Michael Hyde,2022-01-01 This book is a unique examination of the phenomenon of the call. Characterizing the call as a rhetorical event, the book identifies how speakers can use eloquence in the service of truth. Authors Craig R. Smith and Michael J. Hyde offer the rare combination of a phenomenology of the call linked closely to eloquence and explore this linkage by examining the components of eloquence, including examples of its misuse by George W. Bush and Donald Trump. The bulk of the text examines case studies of eloquence in the

service of truth including epideictic, forensic, and deliberative eloquence, with examples drawn from addresses by Barack Obama, Daniel Webster, Ronald Reagan, Margaret Chase Smith, Susan Collins, and Mitt Romney. The authors also examine the Epistles of St. Paul, the writings of St. Augustine, and the preaching of Jonathan Edwards. Finally, the book explores eloquence in filmic narratives and dialogic communication between artists and writers, concluding with a study of the sublime and how it is evoked with awe using the work of Annie Dillard.

When the President Calls Simon W. Bowmaker, 2019-10-15 Interviews with thirty-five economic policymakers who advised presidents from Nixon to Trump. What is it like to sit in the Oval Office and discuss policy with the president? To know that the decisions made will affect hundreds of millions of people? To know that the wrong advice could be calamitous? *When the President Calls* presents interviews with thirty-five economic policymakers who served presidents from Nixon to Trump. These officials worked in the executive branch in a variety of capacities--the Council of Economic Advisers, the Office of Management and Budget, the Department of the Treasury, and the National Economic Council--but all had direct access to the policymaking process and can offer insights about the difficult tradeoffs made on economic policy. The interviews shed new light, for example, on the thinking behind the Reagan tax cuts, the economic factors that cost George H. W. Bush a second term, the constraints facing policymakers during the financial crisis of 2008, the differences in work styles between Bill Clinton and Barack Obama, and the Trump administration's early budget process. *When the President Calls* offers a unique, behind-the-scenes perspective on US economic policymaking, with specific and personal detail--the turmoil, the personality clashes, the enormous pressure of trying to do the right thing while the clock is ticking. Interviews with Nicholas F. Brady, Lael Brainard, W. Michael Blumenthal, Michael J. Boskin, Stuart E. Eizenstat, Martin S. Feldstein, Stephen Friedman, Jason Furman, Austan D.
