Keeping My Head Charlotte Chapman, 2012-07-05

This autobiographical account speaks out about domestic violence, parental alienation and mental illness. In particular it expresses the damage done when family members refuse to admit there is a problem, and instead turn on the person who raises the alarm. This is the true story of a disappearance triggered by bullying – and a Facebook campaign that helped bring a missing man home. It documents five years of harassment of a family – harassment that caused behavioural problems, physical illness and ultimately, mental breakdown. Sections written by the author's daughter (now 17) give a child's eye view of living with abuse. Comments by readers include: "Utterly amazed by this objective record of an horrendous experience... the writing drew me in, in an intimate and personal way, producing all sorts of raw emotions. Moved to tears by the chapter on abused wives." "Could not stop reading. I am simply stunned. Speechless." "... an inspiration. I've no doubt this book will be invaluable to many women out there who have suffered/are suffering in similar circumstances." "I could see a movie being made out of this book... there is a great storyline: lovely English woman with two wonderful daughters marries into the Great American Dream, which slowly turns into a nightmare."

Roman Iron Industry in Britain David

Sim, 2011-11-30 The invasion of AD 43 began the Romans' settlement of Britain. The Romans brought with them a level of expertise that raised iron production in Britain from small localised sites to an enormous industry. Rome thrived on war and iron was vital to the Roman military establishment as well as to the civil population. In this pioneering work, David Sim combines current ideas of iron-making in Roman times with experimental archaeology. The *Roman Iron Industry in Britain* stretches far beyond dry theory and metallurgy alone; it covers all the stages of this essential process, from prospecting to distribution, and describes the whole cycle of iron production. Photographs and line drawings illustrate the text well enough to allow keen readers to reproduce the artefacts for themselves. Fascinating to the general reader and all those with an interest in Roman history, this book is invaluable to students of archaeology and professional archaeologists alike. Dr David Sim is an archaeologist who has combined studies of the technology of the Roman Empire with his skills as a blacksmith.

Amour Stefania Rousselle, 2020-01-21 From award-winning journalist and filmmaker Stefania Rousselle, a stunning collection of photographs and essays that seek to understand the universality of love Journalist and filmmaker Stefania Rousselle found herself overwhelmed and dejected with the horrors of the news after covering terrorist attacks, human trafficking, and the rise of extremism. To renew her faith in humanity, she took off on a solo road trip across France, determined to see if love still exists. Traveling from village to village, farming towns to industrial cities, heart to heart, Rousselle sought out ordinary women and men, all to ask them one question, What is love? Collecting more than 90 personal testimonies, each one moving and beautiful in its own way, alongside over 100 intimate photographs, Rousselle reveals the many facets of love, and discovers that love can still

be found even in the darkest of places. From a baker in Normandy to a shepherd in the Pyrenees, from a tree trimmer in Martinique to a mail woman in the Alps, Amour is a visual testament to love in all its many forms.

The Menopause Manifesto Dr. Jennifer

Gunter,2021-05-25 'A guide to counteract medical misogyny' New Scientist 'The world's most famous - and outspoken - gynaecologist' Guardian In The Menopause Manifesto internationally renowned, New York Times bestselling author Dr Jen Gunter brings you empowerment through knowledge by countering stubborn myths and misunderstandings about menopause with hard facts, real science, fascinating historical perspective and expert advice. The only thing predictable about menopause is its unpredictability. Factor in widespread misinformation, a lack of research, and the culture of shame around women's bodies, and it's no wonder women are unsure what to expect during the menopause transition and beyond. Menopause is not a disease - it's a planned change, like puberty. And just like puberty, we should be educated on what's to come years in advance, rather than the current practice of leaving people on their own with bothersome symptoms and too much conflicting information. Knowing what is happening, why and what to do about it is both empowering and reassuring. Frank and funny, Dr Jen debunks misogynistic attitudes and challenges the over-mystification of menopause to reveal everything you really need to know about: *

Perimenopause * Hot flashes * Sleep disruption *

Sex and libido * Depression and mood changes *
Skin and hair issues * Outdated therapies * Breast
health * Weight and muscle mass * Health
maintenance screening * And much more Filled with
practical, reassuring information, this essential
guide will revolutionise how women experience
menopause - including how their lives can be even
better for it!

Tangle Tree A. E. Smith, 2022-03-18 If you are
easily frightened, stay away from Tangle Tree,
where diabolical entities watch for opportunities
to persecute the living. Even today, Tangle Tree
Valley is cursed by the legend of a deadly
confrontation in 1192 between a powerful Shawnee
sorceress and a ruthless tribal leader. The
disturbing presence of five oak trees stand in
memorial of his murders and her revenge. Likewise,
Tangle Tree Manor is believed to be haunted by the
ghosts of the Crayton family, who built the
mansion after fleeing the potato famine of
Scotland in the 1850s. The family was tormented
with suspicion, tragedy, and the constant fear of
retribution for Richard Crayton's betrayal of
vindictive conspirators. Being unaware of the
danger, six people seeking psychiatric treatment,
two psychiatrists, and Jesse Kingston, the
property manager, commit to a six-week stay in the
isolated mansion, despite its haunted reputation.
Supernatural apparitions menace the occupants and
secret agendas complicate the treatment process.
Dangerous intruders, mysterious disappearances,
and unexplainable events abound as relationships,
both amiable and antagonistic, develop during
their stay. The nine face physical and emotional

challenges as they struggle to untangle the truth of their own tragedies and survive the curse of Tangle Tree Valley.

Secret Weapons Eric Heisserer, 2018-01-02 Eric Heisserer - the Academy Award-nominated screenwriter of *ARRIVAL* and Valiant's upcoming *HARBINGER* and *BLOODSHOT* feature films - joins Harvey Award-nominated visionary Raúl Allén (*Wrath of the Eternal Warrior*) for an all-new Valiant adventure...launching *Livewire* and an extraordinary new team of heroes into the fight of their lives! The government has dispatched Amanda McKee - the technopath codenamed *Livewire* - to investigate the ruins of a secret facility formerly run by Toyo Harada, the most powerful telepath on Earth and her former mentor. In his quest for world betterment at any cost, Harada sought out and activated many potential psiots like himself. Those who survived, but whose powers he deemed to have no value to his cause, were hidden away at this installation. But *Livewire*, having studied Harada's greatest strengths and learned his deepest weaknesses, senses opportunity where he once saw failure. A young girl who can talk to birds... A boy who can make inanimate objects gently glow... To others, these are expensive disappointments. But, to *Livewire*, they are secret weapons...in need of a leader. Now, as a mechanized killer called *Rex-0* seeks to draw them out, *Livewire* and her new team of cadets will be forced to put their powers into action...in ways they never could have imagined...

Love Does Bob Goff, 2012 Recounts lessons the author learned through taking on challenging and

unique opportunities, offering commentary on the inherent compatibility of adventure and the Christian life as well as love's ability to encourage and inspire action.

Roman Crucifixion and the Death of Jesus Woodrow Michael Kroll,2023-01-04 The Roman practice of crucifixion was so abhorrent that even the Romans didn't talk about it. Yet their government practiced crucifixion for centuries. What drew the crowds to the killing fields to watch people die such torturous deaths? What enabled those elite soldiers in the Roman killing squads to crucify their victims with the precision and skill of a

hospital surgeon? These and many other questions are answered in this book. Of the thousands of people who fell victim to the most pitiable of deaths, one is much better known than all the others--Jesus of Nazareth. Most Christians know something of Jesus' crucifixion because of the Gospel narratives, but to enhance our appreciation of the Savior's death, we benefit by knowing more about Roman crucifixion. Roman Crucifixion and the Death of Jesus provides a deeper understanding of how, where, and why someone could be crucified and helps to inform us of Jesus' crucifixion. Armed with a better grasp of Roman crucifixion, we can more fully appreciate Jesus' pain, his purpose, and his prayers from Calvary's cross.
