Love Is My Favorite Thing Emma Chichester Clark, 2020-12-29 Starring an enthusiastic pooch whose joy, optimism and love know no bounds, this lively picture book is based on Emma Chichester Clark's own dog, and joyfully celebrates unconditional love. Plum has lots of favorite things—catching sticks, her bear, her bed—but really, LOVE is her absolute favorite thing. She loves her family and all the things they do together. Sometimes, however, Plum's exuberance causes trouble, and she just can't help being naughty. But fortunately, love is such a great thing that even when she makes mistakes, Plum's family still adores her.

Enlightenment Now Steven Pinker, 2018-02-13 INSTANT NEW YORK TIMES BESTSELLER A NEW YORK TIMES NOTABLE BOOK OF 2018 ONE OF THE ECONOMIST'S BOOKS OF THE YEAR My new favorite book of all time. --Bill Gates If you think the world is coming to an end, think again: people are living longer, healthier, freer, and happier lives, and while our problems are formidable, the solutions lie in the Enlightenment ideal of using reason and science. By the author of the new book, *Rationality*. Is the world really falling apart? Is the ideal of progress obsolete? In this elegant assessment of the human condition in the third millennium, cognitive scientist and public intellectual Steven Pinker urges us to step back from the gory headlines and prophecies of doom, which play to our psychological biases. Instead, follow the data: In seventy-five jaw-dropping graphs, Pinker shows that life, health, prosperity, safety, peace, knowledge, and happiness are on the rise, not just in the West, but worldwide. This progress is not the result of some cosmic force. It is a gift of the Enlightenment: the conviction that reason and science can enhance human flourishing. Far from being a naïve hope, the Enlightenment, we now know, has worked. But more than ever, it needs a vigorous defense. The Enlightenment project swims against currents of human nature--tribalism, authoritarianism, demonization, magical thinking--which demagogues are all too willing to exploit. Many commentators, committed to political, religious, or romantic ideologies, fight a rearguard action against it. The result is a corrosive fatalism and a willingness to wreck the precious institutions of liberal democracy and global cooperation. With intellectual depth and literary flair, *Enlightenment Now* makes the case for reason, science, and humanism: the ideals we need to confront our problems and continue our progress.

Love Your Life Not Theirs Rachel Cruze, 2016-09-14 In *Love Your Life, Not Theirs*, Rachel Cruze shines a spotlight on the most damaging money habit we have: comparing ourselves to others. Then she unpacks seven essential money habits for living the life we really want--a life in line with our values, where we can afford the things we want to buy without being buried under debt, stress, and worry. The Joneses are broke. Life looks good, but hidden beneath that glossy exterior are credit card bills, student loans, car payments, and an out-of-control mortgage. Their money situation is a mess, and they're trying to live a life they simply can't afford. So why exactly do we try so hard to keep up with the Joneses? Are we really living the lives we want, or are we chasing someone else's dream, just trying to keep up appearances on social media, at church, and in our community? Why are we letting other people set the pace for our own family's finances? In *Love Your Life, Not Theirs*, Rachel shows you how to buy and do the things that are important to you--the right way. That starts by choosing to quit the comparisons, reframing the way you think about money, and developing new habits like avoiding debt, living on a plan, watching your spending, saving for the future, having

healthy conversations about money, and giving. These habits work, and Rachel is living proof. Now, she wants to empower you to live the life you've always dreamed of without creating the debt, stress, and worry that are all too often part of the deal. Social media isn't real life, and trying to keep up with the Joneses will never get you anywhere. It's time to live--and love--your life, not theirs. I've never read a book about money that takes this approach--and that's a good thing! Comparison has a way of weaving itself throughout all aspects of our lives, including our money. In *Love Your Life, Not Theirs*, Rachel Cruze outlines the seven money habits that really matter--and they have nothing to do with keeping up with the Joneses! Candace Cameron-Bure Actress, author, and co-host of *The View* *Love Your Life, Not Theirs* is full of the kind of practical, straightforward advice we've come to expect from Rachel Cruze. She offers guidance on paying down debt, smart saving, and the right way to talk to your spouse about money. These indispensable tips can help with day-to-day spending decisions and put you on a path to establishing healthy financial habits. Susan Spencer Editor-in-Chief for *Woman's Day* Cruze's self-deprecating and honest voice is a great resource for anyone wanting to take charge of their money. With humor and approachability, she helps her readers set themselves up for success and happiness, no matter what current financial state they may be in. Kimberly Williams-Paisley New York Times best-selling author of *Where the Light Gets In* In today's world of social media, the temptation to play the comparison game is stronger than ever. *Love Your Life, Not Theirs* is the perfect reminder that, when it comes to money, comparison is a game you can't win. My Grandmother's All-Time Favorite Cookie Recipes Dennis Wildberger, 2019-04-30 My grandmother made the best cookies, period. It didn't matter what time the year it was, it didn't matter what day the week it was. When we visited my grandmother, she ALWAYS had one or two kinds of homemade cookies waiting for us. Christmas at my grandmother's was special. She would have DOZENS of cookie varieties for our family and every guest that came to visit. We swear that she started baking those batches in September just to be ready for the holidays. From her small kitchen she would produce thousands of the most amazing cookies for all to enjoy! I once asked my grandmother what her favorite cookie was, and she told me that they were all her favorites. She

elaborated that it wasn't because they were delicious, it was because her family and friends thought they were delicious. When my grandmother passed, we found a few pieces of paper tucked into the pages of a notebook with her cookie recipes written in her beautiful handwriting. Missing were some recipes, like her vanilla sugar wafers (we believe that she made those from memory), but the recipes for almost all of the cookies she ever made were there. Some instructions were in bits and pieces, but we were able to recreate them fairly accurately. For the first time, I present to you my Grandmother's all-time favorite cookie recipes. I hope that you make each of these, find your favorite, and share them with your family and friends.

Unpacking My Library Marcel Proust, 2017-01-01 A captivating tour of the bookshelves of ten leading artists, exploring the intricate connections between reading, artistic practice, and identity Taking its inspiration from Walter Benjamin's seminal 1931 essay, the Unpacking My Library series charts a spirited exploration of the reading and book collecting practices of today's leading thinkers. Artists and Their Books showcases the personal libraries of ten important contemporary artists based in the United States (Mark Dion, Theaster Gates, Wangechi Mutu, Ed Ruscha, and Carrie Mae Weems), Canada (Janet Cardiff and George Bures Miller), and the United Kingdom (Billy Childish, Tracey Emin, and Martin Parr). Through engaging interviews, the artists discuss the necessity of reading and the meaning of books in their lives and careers. This is a book about books, but it even more importantly highlights the role of literature in shaping an artist's self-presentation and persona. Photographs of each artist's bookshelves present an evocative glimpse of personal taste, of well-loved and rare volumes, and of the individual touches that make a bookshelf one's own. The interviews are accompanied by top ten reading lists assembled by each artist, an introduction by Jo Steffens, and Marcel Proust's seminal essay On Reading.
