Utopian Images and Narratives in Advertising Luigi Daniele Manca, Alessandra Manca, Gail W. Pieper, 2012 The study of advertising and its treatment of utopian appeal enhance our understanding of consumer culture. By looking into the advertising page, we also look into consumers' desires and the process by which these desires are reshaped and rechanneled through images and narratives created solely for the purpose of making a sale. Utopian Images and Narratives in Advertising: Dreams for Sale, edited by Luigi Manca, Alessandra Manca, and Gail W. Pieper, is a collection of essays which gather a host of academicians from a wide variety of disciplines including sociology, psychology, literature, fine arts, history, religious studies, communication, and media studies. Through their expansive disciplinary expertise, the contributors bring unique insights to the analysis of the advertising page. The collection's cross-disciplinary investigation also examines gender images and narratives which, in the advertising page, are frequently associated with utopian fantasies. The analyses offered in Utopian Images and Narratives in Advertising will appeal to any scholar or student engaged in mass media, communication, and the effect of advertising and consumerism on individuals and cultures.

Beyond Traditional Marketing Kamran Kashani, Jean-Pierre Jeannet, Jacques Horovitz, Sean Meehan, Adrian Ryans, Dominique Turpin, John Walsh, 2005-09-27 This book aims to be what every marketing manager needs to know about marketing in today's competitive markets. The idea was born out of repeated comments from IMD clients that there were gaps in the "classic" literature where innovations in practice had moved ahead of the discipline at an academic level. Each chapter takes a subject that can be defined as being new or relatively new (for instance value chain marketing, marketing through collaboration with customers, and two-way brand building) and illustrates how new thinking has led to innovations in practice. The book is full of examples of real-world companies who have dealt effectively with the emerging issues, and others who have not. Each chapter ends with managerial highlights and actionable summaries.

Dominican Republic (Other Places Travel Guide) Katherine Tuider, Evan Caplan, 2012 Having spent a combined five years in the Dominican Republic as Peace Corps Volunteers, Katherine and Evan bring a wealth of knowledge to this travel guide for the Dominican Republic. Their relaxed authenticity and unique perspective inspire wanderlust in any reader. Whether you come to explore centuries-old colonial ruins, climb the highest peak in the Caribbean, find a surfer's paradise, or simply hang out with the locals, we provide all the insider information you need. With an emphasis on sustainable tourism while providing travelers with rich, multi-faceted insight, this book enables readers to travel like a local and experience the country like few outsiders can.

Happy & You Know It Laura Hankin, 2021-03-09 "For fans of Sex and the City and The Nanny Diaries comes this juicy story...that would make even the most meticulously Drybar-ed hair curl."—Good Housekeeping As seen in The Washington Post • Good Housekeeping • theSkimm • Good Morning America • ABC News • Book of the Month • Belletrist • OK! Magazine • Betches • Newsweek • Parade • New York Post Best Book of the Week A dark, witty page-turner about a struggling young musician who takes a job singing for a playgroup of overprivileged babies and their effortlessly cool moms, only to find herself pulled into their glamorous lives and dangerous secrets.... After her former band shot to superstardom without her, Claire reluctantly agrees to a gig as a playgroup musician for wealthy infants on New York's Park Avenue. Claire is surprised to discover that she is smitten with her new employers, a welcoming clique of wellness addicts with impossibly shiny hair, who whirl from juice cleanse to overpriced miracle vitamins to spin class with limitless energy. There is perfect hostess Whitney who is on the brink of social-media stardom and just needs to find a way to keep her flawless life from falling apart. Caustically funny, recent stay-at-home mom Amara who is struggling to embrace her new identity. And old money, veteran mom Gwen who never misses an opportunity to dole out parenting advice. But as Claire grows closer to the stylish women who pay her bills, she uncovers secrets and betrayals that no amount of activated charcoal can fix. Filled with humor and shocking twists, Happy and You Know It is a brilliant take on motherhood – exposing it as yet another way for society to pass judgment on women – while also exploring the baffling magnetism of curated social-media lives that are designed to make us feel unworthy. But, ultimately, this dazzling novel celebrates the unlikely bonds that form, and the power that can be unlocked, when a group of very different women is thrown together when each is at her most vulnerable.

100 Days of Happiness Fausto Brizzi, 2016-07-05 "Funny, moving. . . I defy anyone to finish this story without tears in their eyes." —Graeme Simsion, bestselling author of The Rosie Project What would you do if you knew you only had 100 days left to live? For Lucio Battistini, it's a chance to spend the rest of his life the way he always should have—by making every moment count. Imperfect, unfaithful, but loveable Lucio has been thrown out of the house by his wife and is sleeping at his father-in-law's bombolini bakery when he learns he has inoperable cancer. So begin the last hundred days of Lucio's life, as he attempts to right his wrongs, win back his wife (the love of his life and afterlife), and spend the next three months enjoying every moment with a zest he hasn't felt in years. In 100 epigrammatic chapters—one for each of Lucio's remaining days on earth—100 Days of Happiness is as delicious as a hot doughnut and a morning cappuccino. Wistful, touching, and often hilarious, 100 Days of Happiness reminds us all to remember the preciousness of life and what matters most.

Growing Readers Kathy Collins, 2023-10-10 Primary-grade teachers face an important challenge: teaching children how to read while enabling them to build good habits so they fall in love with reading. Many teachers find the independent reading workshop to be the component of reading instruction that meets this challenge because it makes it possible to teach the reading skills and strategies children need and guides them toward independence, intention, and joy as readers. In Growing Readers, Kathy Collins helps teachers plan for independent reading workshops in their own classrooms. She describes the structure of the independent reading workshop and other components of a balanced literacy program that work together to ensure young students grow into strong, well-rounded readers. Kathy outlines a sequence of possible units of study for a yearlong curriculum. Chapters are devoted to the individual units of study and include a sample curriculum as well as examples of mini-lessons and reading conferences. There are also four "Getting Ready" sections that suggest some behind-the-scenes work teachers can do to prepare for the units. Topics explored in these units include: print and comprehension strategies; reading in genres such as poetry and nonfiction; connecting in-school reading and out-of-school reading; developing the strategies and habits of lifelong readers. A series of planning sheets and management tips are presented throughout to help ensure smooth implementation. We want our students to learn to read, and we want them to love to read. To do this we need to lay a foundation on which children build rich and purposeful reading lives that extend beyond the school day. The ideas found in Growing Readers create the kind of primary classrooms where that happens.

Give Peace a Deadline Nathan Otto, Amber Lupton, 2009 For many, peace is an elusive dream; true advances toward this communal goal have been few. But this book bursts through the barrier of apathy to show individual readers how they can actually help achieve world peace -- in just five years. By adopting action through access, a trail-blazing approach to activism, the authors build on technological advances in both communication and collaboration to present a well-defined plan to end global conflict. By applying business disciplines, such as professional management and result measurement, to the peace-making process, Nathan Otto and Amber Lupton have ignited a revolution for global peace that will attract a broad range of peace seekers ready for immediate action and real results. Otto and Lupton don't just offer theories and concepts. Through connections with world leaders, major corporations, leading peace activists, and international media, the authors have developed a broad marketing platform for their peace program. And for readers who are ready to take responsibility for achieving peace, this is a beacon of hope in tumultuous times.

The Race Tim Zimmermann, 2004-01-01 A contributing editor for Outside magazine provides a behind-the-scenes look at the fast-paced, around-the-world sailing race. An invigorating behind-the-scenes look at the world of extreme sailing, *The Race* is also a taut, engrossing account of the first running of the competition called "The Race," which began on December 31, 2000, in Barcelona and ended sixty-two days later in Marseilles. The most intense event of its kind—a nonstop circumnavigation of the globe in the fastest boats ever built—*The Race* attracts some of the world's best sailors and arguably its most eccentric personalities. Tim Zimmermann, an experienced blue-water sailor, relates in knuckle-whitening detail how and why sailors risk millions of dollars and their lives to dash around the world in record time. He garnishes this story with a chronicle of the tumultuous history of extreme sailing from the nineteenth century to today. Zimmermann "puts the reader right on board with the tough, colorful crews as they take a crash course (sometimes literally) in how to handle these astonishing machines" (Derek Lundy, author of *Godforsaken Sea*). Praise for *The Race* "Zimmerman turns a daring race of unthinkably fast, high-tech sailing machines into a page-turner." —Bruce Knecht, author of *The Proving Ground* "This is probably the finest account of the history of the circumnavigator's quest yet written, refreshingly free of hyperbole and false expectation. Zimmerman's pace matches that of *The Race* itself, though he never puts his bow under." —Lincoln P. Paine, author of *Ships of the World* "Zimmerman's behind-the-scenes look at the characters, boats, and technology in *The Race*—as well as the rich sailing history that preceded it—captures the nuances of adventure only a masochist could love. *The Race* was a wild ride, and *The Race* is a fine read." —Herb McCormick, sailing correspondent of the New York Times, editor of *Cruising World*

Overcome Glen D Kirkpatrick Jr., Debbie K Kirkpatrick, 2018-03-20 An incredible story of repeated crushing news, events answered with despair then courage, perseverance, sacrifice, faith, hope, but mostly love. *Overcome* illustrates the personal anguish of cancer diagnosis, treatments, and unexpected effects of treatments that can occur later in life – something not often talked or written about. The author also shows what family members and caregivers might experience during these challenges. *Overcome* demonstrates that living with chronic illness is a physical, psychological and spiritual battle. God showed Glen that concentrating on his identity in Christ was key (Romans 8:1) to his faith. Embracing his sonship (Romans 8:14-17) made all the difference in his spirit and daily life. *Overcome* beautifully captures the rollercoaster of emotions, the trials and challenges the Kirkpatrick's faced, and the importance of faith that prevails above all else.

Life Enhancing Patricia Farouche, 2007-07 This inspirational, touching true story of a mother struggling with her child's leukemia serves as wonderful encouragement to families facing a life-threatening illness. Patricia Farouche reaches out to others in her book, *Life Enhancing*, to help them deal with the effects of long-term sickness in a positive way. She takes the reader through the illness one day at a time, reflecting on her own experiences in a friendly, down-to-earth manner. Humor and hope shine through the words of this heart-warming true story. Ultimately, *Life Enhancing* is a story of faith, overcoming obstacles, and encouragement for those just beginning the journey with a loved one facing serious illness.

Rebuilding and Restructuring the Tourism Industry: Infusion of Happiness and Quality of Life Perinotto, André Riani Costa, Mayer, Verônica Feder, Soares, Jakson Renner Rodrigues, 2021-06-25 Travel is widely acknowledged as an activity that increases individuals' levels of well-being. Nevertheless, the relationship between happiness and tourism is still a matter of investigation. Despite the overall beneficial effects of travel on happiness levels, tourism is not an activity with solely positive implications on peoples' lives. Therefore, it is crucial to understand how happiness manifests through tourism and how it can be expanded to different tourism actors, such as tourists, workers, and communities. The search for ways and methods to enhance the levels of happiness and well-being has grown significantly in recent years. Happiness and quality of life are timely issues and have become even more relevant due to the significant impacts of the COVID-19 pandemic. *Rebuilding and Restructuring the Tourism Industry: Infusion of Happiness and Quality of Life* is a critical references source that examines the fundamental relationship between tourism, happiness, and quality of life. This book discusses relevant theoretical frameworks and the latest findings from empirical research in happiness, well-being, and quality-of-life-related tourism. Focusing on topics such as neurotourism, PERMA theory, the economics of happiness, tourism employment opportunity, and overtourism, this book will intrigue scholars working in hospitality, tourism, destination management, economics, marketing, sociology, anthropology, and health sciences as well as managers, travel agencies, restaurateurs, hotel managers, and professionals who want to improve their understanding of the relationship between tourism and happiness, providing them with tools to develop better and sustainable practices for the sector.

American Silhouettes Christian Beres Calmejane, 2009-04-20 This is Volume II of two volumes. *American Silhouettes* is primarily a study in human character in its dealing with the adversity of life. The setting is America during the last quarter of the twentieth century. More specifically it focuses on the struggle of two generations of a small African American family whose destiny encounters more than its share of horrific tribulations. It is a window on life, love, happiness, suffering, and death of the members of this small vulnerable resilient family from the South, that moves to Washington, D.C. for a better life, only to find a very short interlude of happiness, followed by a deep plunge into another cycle of trauma and despair; not death though, that would be too easy; and when death finally does come, it is a liberation of the body and soul. The saga continues with the cycle of misfortune repeating itself in a new age, a new generation with the same finality as if their destiny had been wickedly predefined. From Bridgeville SC to Washington DC, and from Rome to Dakar, their saga brings to light the evil and virtuousness of man in its most natural occurrence, as a part of daily life. The story brings together

various individuals of different and sometimes opposite background and describes either the passions of their encounters or the clashes resulting from their conflicts. It analyses the most wonderful passions of love, beauty and happiness, and juxtaposes the horrible ugliness of hate and abuse. It incorporates the duty and responsibility of man within the context of our society and dwells into the aberrations of its marginal sector. It is an interweaved matrix of emotional extremes. It demonstrates that evil has no color, no race, no religion, and that it transcends the social fabric of our society.
