**The Earthmover Encyclopedia** Keith Haddock,2007 This colossal reference book documents the timeless urge to reshape the world, and the machines used to do so from the 1088's to today. From utility tractors and loaders up to the largest diggers and bulldozers, every piece of heavy equipment is listed here by model and manufacturer, making this the most exhaustive book on the world's most hard-working vehicles and machines--Publisher's description.

The Modern Security Operations Center Joseph Muniz,2021-04-21 The Industry Standard, Vendor-Neutral Guide to Managing SOC's and Delivering SOC Services This completely new, vendor-neutral guide brings together all the knowledge you need to build, maintain, and operate a modern Security Operations Center (SOC) and deliver security services as efficiently and cost-effectively as possible. Leading security architect Joseph Muniz helps you assess current capabilities, align your SOC to your business, and plan a new SOC or evolve an existing one. He covers people, process, and technology; explores each key service handled by mature SOC's; and offers expert guidance for managing risk, vulnerabilities, and compliance. Throughout, hands-on examples show how advanced red and blue teams execute and defend against real-world exploits using tools like Kali Linux and Ansible. Muniz concludes by previewing the future of SOC's, including Secure Access Service Edge (SASE) cloud technologies and increasingly sophisticated automation. This guide will be indispensable for everyone responsible for delivering security services—managers and cybersecurity professionals alike. \* Address core business and operational requirements, including sponsorship, management, policies, procedures, workspaces, staffing, and technology \* Identify, recruit, interview, onboard, and grow an outstanding SOC team \* Thoughtfully decide what to outsource and what to insource \* Collect, centralize, and use both internal data and external threat intelligence \* Quickly and efficiently hunt threats, respond to incidents, and investigate artifacts \* Reduce future risk by improving incident recovery and vulnerability management \* Apply orchestration and automation effectively, without just throwing money at them \* Position yourself today for emerging SOC technologies

A Textual Study of Family 1 in the Gospel of John Alison Welsby,2013-12-12 This textual study of the Gospel of John in seventeen Greek manuscripts offers a fresh investigation into the textual group known as Family 1. Since Kirsopp Lake's 1902 study, Codex 1 of the Gospels and its Allies, Family 1 has been considered an important textual witness by all major critical editions of the the New Testament; however, with the exception of a recent study of Matthew (Amy Anderson, The Textual Tradition of the Gospels: Family 1 in Matthew), little further research has been conducted into the family's text. By analysis of a full collation of John, this study examines manuscripts: Gregory-Aland 1, 22, 118, 131, 205abs, 205, 209, 565, 872, 884, 1192, 1210, 1278, 1582, 2193, 2372, and 2713. The study has confirmed the place of codices 1 and 1582 as core members of Family 1, but has demonstrated the existence of a new core subgroup, represented by codices 565, 884 and 2193, that rivals the textual witness of 1 and 1582. The discovery of this subgroup has broadened the textual contours of Family 1, leading to many new readings, both text and marginal, that should be considered Family 1 readings. The reconstructed Family 1 text with critical apparatus is based on the witness of this wider textual group and is offered as a replacement to Lake's 1902 text of John.
