**Beyond Games of Trance: Expanded and Illustrated Edition** Alex Tsander, 2014-12-18 This is a revised and illustrated edition of this unique work, using an instructional format as a guide to theoretical insight. There is an e-book version which can be found via a link on the right of this page. Alex Tsander is a veteran stage hypnotist who is also scientifically trained (BSc, Honours in Psychology). He couples scientific insight with vast experience gleaned from over twenty years hypnotising the public. In this book he addresses the increasingly popular but questionable fashion for erotic hypnosis by taking the reader beyond adult fantasy games into the realm of actual possibilities. The book begins with a general overview, explaining basic hypnotic technique in great detail. The text then moves onto increasingly sophisticated techniques described in terms of the BDSM scenario which today is at the heart of this particular application of hypnotism. However, the purpose in doing so is not simply as a how to guide but a means of developing theoretical insights into how all hypnotism can be explained. Beyond this, the author goes on to apply this explanatory process to a look at controversial speculations that have been made about mind control. The title hints at much within the text. Whilst there exists a specific fetish for hypnotic games between consenting adults, Alex Tsander takes us beyond these scenes into a sphere of real hypnotic potentialities adapted to the BDSM scenario. His purpose is multi-fold. Yes those with a participating inclination are welcome to delve into the cornucopia of techniques on offer. But the description of

these techniques and the psychological processes at work offers the author the field in which to elaborate further a Constructivist , Social-Psychological interpretation of hypnotic behaviour, which he has outlined in previous titles. Beyond all of this, the book reaches further, into realms of controversial topics such as alleged abuse of hypnotism in espionage.

**Close Your Eyes, Sleep** Grace Smith,2020-12-29 The number one cause of insomnia is fear of insomnia. You toss and turn at night, trying to quiet your thoughts enough to fall asleep. Or you wake up hours before your alarm and stare at the ceiling, hoping that this time you'll manage just a little bit more rest before sunrise. Either way, it's actually your fear of not getting enough sleep that's keeping you awake. The only way to finally get a good night's sleep is to retrain your subconscious mind and eliminate that fear. Grace Smith, world-renowned hypnotherapist and author of *Close Your Eyes, Get Free*, has helped hundreds of people do exactly that. Using the phenomenally successful power of hypnosis, *Close Your Eyes, Sleep* teaches you to access your subconscious and get your long-needed rest. The first step is learning the tools to block out your anxieties to fall asleep quickly and easily at any time of night. But hypnotherapy can take you farther than that: you'll discover how to proactively attack the causes of sleepless nights, ridding yourself of restlessness altogether and achieving the deep, restorative sleep you deserve.

Chiseled deep into the white stone of the CIA's Langley, Virginia headquarters is a partial verse lifted from the Holy Bible and writings of Saint John...and the truth shall set you free. *Bullied Aieu* Oka, 2019-08-29 Tazaki spends every day being bullied by the athletic Sae, the full figured Minako and the sadistic Izumi, and now he's at his breaking point! Mind Play Mark Wiseman, 2017-09-05 All kinds of people are secretly (or not so secretly) fascinated by the erotic possibilities of hypnosis. Many of us know that hypnosis doesn't really have the kind of mind-melting power we see in movies. Still, we can't help but get turned on at the thought of either controlling someone, or being controlled by someone, into doing things we've been told we shouldn't do ... but really, inside, kind of want to. In this book, Mark Wiseman (Wiseguy) will teach you how to put your partner into a hypnotic trance safely and effectively. Then the fun begins as you learn how to: Create or intensify arousal and desire Turn their entire body into an erogenous zone eager for your touch Get kinky with hypnotic bondage, flogging, or tickling Give them intense pleasure using his Five-Point Palm Exploding Orgasm technique and more! Whether you are new to hypnosis or have already learned the basics, Mind Play will give you the tools you need to become a skilled, responsible erotic hypnotist. This 2017 edition has been updated to reflect changes in community standards and resources.
