The 100 Best Business Books of All Time Jack Covert,Todd Sattersten,Sally Haldorson,2016-08-02 Thousands of business books are published every year— Here are the best of the best After years of reading, evaluating, and selling business books, Jack Covert and Todd Sattersten are among the most respected experts on the category. Now they have chosen and reviewed the one hundred best business titles of all time—the ones that deliver the biggest payoff for today’s busy readers. The 100 Best Business Books of All Time puts each book in context so that readers can quickly find solutions to the problems they face, such as how best to spend The First 90 Days in a new job or how to take their company from Good to Great. Many of the choices are surprising—you’ll find reviews of Moneyball and Orbiting the Giant Hairball, but not Jack Welch’s memoir. At the end of each review, Jack and Todd direct readers to other books both inside and outside The 100 Best. And sprinkled throughout are sidebars taking the reader beyond business books, suggesting movies, novels, and even children’s books that offer equally relevant insights. This guide will appeal to anyone, from entry-level to CEO, who wants to cut through the clutter and discover the brilliant books that are truly worth their investment of time and money.

Yellow Gingko Leaves Rezika Afrinawinata,2021-05-03 It’s sort of funny when you realize it. How there seems to be a pattern that all objects, be it living or dead, follows. It might not be noticeable to most, but it’s woven into our veins. Our blood is from stardust. Our eyes hold entire galaxies. Our minds have the capacity to absorb information without end. And how there seems to be one true rule that we all abide by. What was once alive will die. What was gone will be replaced. Buku persembahan penerbit IndiebookCorner

Do I Really Have to Teach Reading? Cris Tovani,2023-10-10 Do I really have to teach reading? This is a question many teachers ask, wondering how they can add a new element to an overloaded curriculum. The answer is yes; if teachers want their students to learn complex new concepts in different disciplines, they need to help develop their students’ reading skills.In Do I Really Have to Teach Reading?: Content Comprehension, Grades 6-12 , author Cris Tovani takes on the challenge of helping students apply reading comprehension strategies in any subject. Tovani shows how teachers can expand on their content expertise to provide the instruction students need to understand specific technical and narrative texts. Inside the book you’ll find: Examples of how teachers can model their reading process for students Ideas for supplementing and enhancing the use of required textbooks Detailed descriptions of specific strategies taught in context Stories from different high school classrooms to show how reading instruction varies according to content Samples of student work, including both struggling readers and college-bound seniors Comprehension Constructors : guides designed to help students recognize and capture their thinking in writing while reading Guidance on assessing students Tips for balancing content and reading instruction Tovani’s humor, honesty, and willingness to share her own struggles as a teacher make this a unique take on content reading instruction that will be valuable to reading teachers as well as content specialists.

Atomic Habits James Clear,2018-10-16 The #1 New York Times bestseller. Over 10 million copies sold! Tiny Changes, Remarkable Results No matter your goals, Atomic Habits offers a proven framework for improving-- every day. James Clear, one of the world's leading experts on habit formation, reveals practical strategies that will teach you exactly how to form good habits, break bad ones, and master the tiny behaviors that lead to remarkable results. If you're having trouble changing your habits, the problem isn't you. The problem is your system. Bad habits repeat themselves again and again not because you don't want to change, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that can take you to new heights. Clear is known for his ability to distill

complex topics into simple behaviors that can be easily applied to daily life and work. Here, he draws on the most proven ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Olympic gold medalists, award-winning artists, business leaders, life-saving physicians, and star comedians who have used the science of small habits to master their craft and vault to the top of their field. Learn how to: make time for new habits (even when life gets crazy); overcome a lack of motivation and willpower; design your environment to make success easier; get back on track when you fall off course; ...and much more. Atomic Habits will reshape the way you think about progress and success, and give you the tools and strategies you need to transform your habits--whether you are a team looking to win a championship, an organization hoping to redefine an industry, or simply an individual who wishes to quit smoking, lose weight, reduce stress, or achieve any other goal.
