Jack Henry Abbott,Naomi Zack

My Return Jack Henry Abbott, Naomi Zack, 1987 My Return is sure to provoke intense public discussion and controversy. The author, Jack Henry Abbott, is now serving a fifteen-years-to-life sentence for the 1981 stabbing of Richard Adan, a young night manager of the Binibon Cafe on Manhattan's Lower East Side. Only six weeks before killing Adan, Abbott had been paroled from Marion Federal Prison in Illinois at the age of thirty-seven. While in prison, he had become well known as a promising writer, encouraged in his work by Norman Mailer and other New York literati. Abbott's *In the Belly of the Beast* was released at the time of his parole and was widely heralded as a major literary achievement. Except for a short-lived escape from prison in 1971, Abbott had been incarcerated in one institution or another since he was thirteen years old. His parole placed him in another potentially violent environment, but one that had a completely different set of rules. He has consistently maintained that he thought Richard Adan was carrying a knife and that his attack on Adan was the result of that perception. Naomi Zack, who has a Ph.D. in philosophy from Columbia University, became interested in the Abbott case while doing research for a film on the victims of crime and of the criminal justice system. She is convinced that Abbott was unfairly convicted by an outraged public opinion inflamed by sensational treatment in the media. My Return is Jack Abbott's and Naomi Zack's story of the death of Richard Adan, the ensuing trial, and Abbott's return to prison. It is comprised of *The Death of Tragedy*, a play based on the actual court records; an illustrated appendix giving stage directions and the background of the issues and people involved; and *Men of Letters*, a collection of Abbott's essays on a variety of topics - religious, philosophical, historical, and literary - including an autobiographical account of his tragic life. It is an absorbing and undeniably fascinating work. Although it is his story, Jack Henry Abbott receives no royalties or any other remuneration from the publication of this book.

Modeling for Decision Support in Network-Based Services Daniel Dolk,Janusz Granat,2012-01-11 This book originated from several recent workshops and related activities conducted by the IFIP Working Group 7.6 on Optimization-Based Computer Aided Modeling and Design. This group has been active for 20 years with the stated objective of developing "high-performance computer-aided systems to support modeling, decision analysis, optimization and multi-criteria decision making." Recently, the group has turned its attention to the application of modeling and optimization to service science, management and engineering (SSME). SSME is still a young research field searching for its theoretical underpinnings, and one which offers many opportunities for analytical modeling to not only advance the understanding, but also to help form the foundation of a new discipline. This book is the result of the group's introductory foray into the application of quantitative modeling to the nascent field of service science with special emphasis on the network aspects of services. The 11 papers presented are grouped into sections on Network Science, Computational and Analytical Modeling, and Knowledge Science. They showcase the value of modeling in a new and timely context and provide many seeds for further exciting research.

John Henry: Roark Bradford's Novel and Play Roark Bradford,2008-10-23 Roark Bradford's 1931 novel and 1939 play dealing with the legendary folk-hero John Henry (both titled John Henry) were extremely influential in their own time, but have since then been nearly forgotten. Steven C. Tracy has united these hard-to-find works in a single critical edition that helps contextualize-and revive-both texts. An expansive introduction explores Bradford's life; recounts critical responses to his works; and surveys John Henry's pervasive influence in folk, literary, and popular culture. The volume also features a wide array of supplementary materials including a selected bibliography and discography, transcriptions of folksong texts and recordings available during the 1930s, and a chronology of the lives of both Bradford and Henry. As Tracy's introduction makes clear, such a consideration of Bradford--set in the context of writers, both black and white, drawing upon African American folklore and using dialects along with stereotypical and non-stereotypical portrayals--is long overdue. This new edition is a windfall for scholars and students of folklore and African American literature.
