With her encouraging tone and useful exercises, Marine teaches you to: -Master composition and value -Become confident in any medium including oil painting, acrylic painting, watercolors, and other media -Choose subjects wisely -Stay fresh and loose - Photograph, post, and sell your art online -Become connected to the growing movement of daily painters around the world

With an exhilarating, synergistic combination of indoor and outdoor painting, Kevin Macpherson shows you how to create personal, poetic landscapes that capture the feeling of being there. Learn how to: • Use a limited palette in a way that is more liberating than limiting • Experience nature to the fullest and capture its vibrancy back in the studio through photos, sketches and outdoor studies • Cope with the fleeting qualities of atmosphere and light by establishing a value plan early and sticking with it • Incorporate impressionistic touches of broken color to give your landscape a depth and vibrancy that enhances its

realism • Approach painting as a layering and corrective process that encourages non-formulaic solutions Stimulating warm-up exercises in the studio prepare you for your adventures outside, while eight step-by-step demonstrations show you how to put these methods into action.
