Cost Recovery and the Crisis of Service Delivery in South Africa David A. McDonald, David Alexander McDonald, John Pape, 2002 There has been a dramatic shift worldwide from welfare municipalism - where the state both subsidized and provided essential municipal services - to a neoliberal vision of balanced budgets, fiscal restraint and privatization. Cost recovery is at the heart of this new municipal vision with far reaching implications for access to services, affordability and privatization. This book brings together a theoretical and empirical review of the impact of cost recovery on basic municipal services such as water, refuse collection and electricity, with particular reference to South Africa. It describes the theory and practice of cost recovery and presents six case studies drawing on participatory and ethnographic research. The final chapter examines alternative future possibilities, reformist or equity-oriented.

The Sommelier's Atlas of Taste Rajat Parr, Jordan

Mackay, 2018-10-23 Winner of the prestigious André Simon Drink Book Award The first definitive reference book to describe, region-by-region, how the great wines of Europe should taste. This will be the go-to guide for aspiring sommeliers, wine aficionados who want to improve their blind tasting skills, and amateur enthusiasts looking for a straightforward and visceral way to understand and describe wine. In this seminal addition to the wine canon, noted experts Rajat Parr and Jordan Mackay share everything they've learned in their decades of tasting wine. The result is the most in-depth study of the world's greatest wine regions ever published. There are books that describe the geography of wine regions. And there are books that describe the way basic wines and grapes should taste. But there are no books that describe the intricacies of the way wines from various subregions, soils, and appellations should taste. Now, for the first time ever, you can learn about the differences between wines from the 7 grand crus and 40 premier crus of Chablis, or the terroirs in Barolo, Champagne, and Bordeaux. Paying attention to styles, winemakers, soils, and the most cutting-edge of trends, this book explains how to understand the wines of the world not in the classical way, but in the modern way--appellation by appellation, soil by soil, technique by technique--making it an essential reference and instant classic.

A Piano In The Pyrenees Tony Hawks, 2009-03-08

'If you had to pick two things you wanted - if you

had to - what would you pick?' I hesitated. This was a bigger question than usually got asked at these post-match debriefs. 'I suppose the honest answer would be,' I said, still accessing the last pieces of required data from a jumbled mind, 'meeting my soul mate, and finding an idyllic house abroad somewhere.' Inspired by breathtaking views and romantic dreams of finding love in the mountains, Tony Hawks impulsively buys a house in the French Pyrenees. Here, he plans to finally fulfil his childhood fantasy of mastering the piano, untroubled by the problems of the world. In reality, the chaotic story of Tony's hopelessly ill-conceived house purchase reads like the definitive guide to how not to buy a house in France. It finds him flirting with the removal business in a disastrous attempt to transport his piano to France in a dodgy white van; foolishly electing to build a swimming pool himself; and expanding his relationship repertoire when he starts co-habiting, not with an exquisite French beauty, but with a middle-aged builder from West London. As Tony and his friends haplessly attempt to fit into village life, they learn more about themselves and each other than they ever imagined.

Gangsters & Grifters Chicago Tribune, 2014-11-17

A collection of some never-before-published vintage photos that “exposes Chicago’s underbelly . . . an era full of guns, gore and gangsters” (WGLT.org). Created from the Chicago Tribune's vast archives, Gangsters and Grifters is a collection of photographs featuring infamous criminals, small-time bandits, hoodlums, and more at shocking crime scenes. These vintage glass-plate and acetate negatives were taken from the early 1900s through the 1950s, and they have been largely unseen for generations. That is because most have never been published, only having been witnessed by the photographers and police in the

moments after an arrest, crime, or even murder. Included are graphic crime scenes, raw evidence, and depictions of searing emotions, captured on film during a time when photographers were given unprecedented access alongside police. Some photographs resemble film noir movie stills. Some are cartoonish. All feature real people, real drama, and real crimes. Accompanying information about each is included wherever possible, often with archived news stories. *Gangsters & Grifters* is a powerful, visually stunning look back into the dark story of Chicago's nefarious crime underworld. These fascinating, surprising, and entrancing photos reveal still-unsolved murder mysteries and portraits of notorious gang overlords like John Dillinger and Al Capone. This is a must-have for photography buffs, history lovers, and anyone curious about the seedy underbelly of early twentieth-century Chicago.

He sends for El Jefe—the most revered prizefighter in Mexico.
