On Earth We're Briefly Gorgeous Ocean Vuong, 2021-06-01 The instant New York Times Bestseller • Nominated for the 2019 National Book Award for Fiction "A lyrical work of self-discovery that's shockingly intimate and insistently universal...Not so much briefly gorgeous as permanently stunning." —Ron Charles, The Washington Post Ocean Vuong's debut novel is a shattering portrait of a family, a first love, and the redemptive power of storytelling *On Earth We're Briefly Gorgeous* is a letter from a son to a mother who cannot read. Written when the speaker, Little Dog, is in his late twenties, the letter unearths a family's history that began before he was born — a history whose epicenter is rooted in Vietnam — and serves as a doorway into parts of his life his mother has never known, all of it leading to an unforgettable revelation. At once a witness to the fraught yet undeniable love between a single mother and her son, it is also a brutally honest exploration of race, class, and masculinity. Asking questions central to our American moment, immersed as we are in addiction, violence, and trauma, but undergirded by compassion and tenderness, *On Earth We're Briefly Gorgeous* is as much about the power of telling one's own story as it is about the obliterating silence of not being heard. With stunning urgency and grace, Ocean Vuong writes of people caught between disparate worlds, and asks how we heal and rescue one another without forsaking who we are. The question of how to survive, and how to make of it a kind of joy, powers the most important debut novel of many years. Named a Best Book of the Year by: GQ, Kirkus Reviews, Booklist, Library Journal, TIME, Esquire, The Washington Post, Apple, Good Housekeeping, The New Yorker, The New York Public Library, Elle.com, The Guardian, The A.V. Club, NPR, Lithub, Entertainment Weekly, Vogue.com, The San Francisco Chronicle, Mother Jones, Vanity Fair, The Wall Street Journal Magazine and more!

We're All in This Together Mike Robbins, 2022-03-22 Build trust and achieve high performance in your business by redefining team culture. Have you ever been on a team where the talent was strong, but the team wasn't very good? On the flip side, have you ever been on a team where not every single member was a rock star, but something about the team just worked? In this book, corporate consultant Mike Robbins dives deep into the ways great businesses build trust, collaborate, and operate at their peak level. As an expert in teamwork, leadership, and emotional intelligence, Mike draws on more than 20 years of experience working with top companies like Google and Microsoft, as well as his baseball career with the Kansas City Royals. And, while each team and organization have their own unique challenges, goals, and dynamics, there are some universal qualities that allow teams to truly come together and thrive. The book's core principles include facilitating an environment of psychological safety, fostering inclusion and belonging, addressing and navigating conflict, and maintaining a healthy balance of high expectations and empathy. Throughout, Mike shares powerful exercises and tools he's successfully utilized in the keynote speeches, group sessions, and corporate retreats that he delivers, so that you and your team can

communicate more authentically, give and receive feedback with skill, and create deeper connections. “Mike Robbins shares tangible techniques that leaders and teams can use to excel, backs up his ideas with important research, and provides a road map for creating a team environment of personal connection and optimal performance.” — Tom Rath, New York Times best-selling co-author of *How Full is Your Bucket?*

KE GONA GE RE PHELA Mmutle M. Mogoboya, 2013-08-27 These manuscripts relate the story of two men who, from their tender years, were intimate friends, although they were not very close as teenagers. As they grew up and became middle-aged, they were inseparable, doing everything together until some other people, especially the two notable characters, grew jealous of them. Through their discussions, one of them devised some mischievous undertakings to instill hatred between the two guys. He finally succeeded, and the two men fought tooth and nail until they resorted to treacherous traditional medical concoction practices performed by their renowned inyangas, or traditional doctors. One of the two gentlemen's child, a boy, went missing, and it was discovered that his dear antagonist had everything to do with it. Nevertheless, the child, through the help of his doctor, was rescued from the fangs of his foes. It should also be noted that Mabilu, the child's father, is a notable advisor to the king of that nation. After the rescue operation, Maduba, who is the other person, and his doctor, Mapoma, fled the country while they were about to be summoned to the king's kraal for questions and clarifications. Seeing that Maduba disappeared, Mabilu was also nowhere to be found because he headed for a different country altogether. He was wise in that he thought Maduba had gone to devise something fishy, and he was right; he couldn't just sit on his laurels and wait for the outcome. Strange things happened where Mabilu and his doctor friend was. Mmalekhenene, Mabilu's witchdoctor, was stronger than Mapoma, so he was able to convert the concoctions; and the miseries intended for Mabilu were reverted back to where they came from and made them stronger. As a result, many people were killed and the men were ultimately known, brought to justice, and prosecuted. After their punishment, they were escorted to their king. They were again taken to court where a fine was imposed to each of them, and everything went back to normal. Their friendship was strengthened by the marriage of their son and daughter. Their relationship was now more, which conquers.

America Again Stephen Colbert, 2012-10-02 Book store nation, in the history of mankind there has never been a greater country than America. You could say we're the #1 nation at being the best at greatness. But as perfect as America is in every single way, America is broken! And we can't exchange it because we're 236 years past the 30-day return window. Look around--we don't make anything anymore, we've mortgaged our future to China, and the Apologist-in-Chief goes on world tours just to bow before foreign leaders. Worse, the L.A. Four Seasons Hotel doesn't even have a dedicated phone button for the Spa. You have to dial an extension! Where did we lose our way?! It's high time we restored America to the greatness it never lost! Luckily, *America Again* will singlebookedly pull this country back from the brink. It features everything from chapters, to page numbers, to fonts. Covering subject's ranging from healthcare (I shudder to think where we'd be without the wide variety of prescription drugs to treat our maladies, such as think-shuddering) to the economy (Life is giving us lemons, and we're shipping them to the Chinese to make our lemon-flavored leadonade) to food (Feel free to deep fry this book-it's a rich source of fiber), Stephen gives America the dose of truth it needs to get back on track.

Re-Irradiation: New Frontiers Carsten Nieder, Johannes Langendijk, 2016-10-25 This book, now in its second edition, provides a comprehensive overview of current re-irradiation strategies, with detailed discussion of re-irradiation methods, technical aspects, the role of combined therapy with anticancer drugs and hyperthermia, and normal tissue tolerance. In addition, disease specific chapters document recent clinical results and future research directions. All chapters from the first edition have been revised and updated to take account of the latest developments and research findings, including those from prospective studies. Due attention is paid to the exciting developments in the fields of proton irradiation and frameless image-guided ablative radiotherapy. The book documents fully how refined combined modality approaches and significant technical advances in radiation treatment planning and delivery have facilitated the re-irradiation of previously exposed volumes, allowing both palliative and curative

approaches to be pursued at various disease sites. Professionals involved in radiation treatment planning and multimodal oncology treatment will find it to be an invaluable aid in understanding the benefits and limitations of re-irradiation and in designing prospective trials.

You're Gonna Make It Daniel Fusco,2022-09-13 Discover the grit you need to persevere through life's hard times—with the resilience, honesty, and unshakeable joy of Jesus—with the popular pastor and host of Hillsong Channel’s Real with Daniel Fusco and Jesus Is Real Radio “You’re Gonna Make It will give you the kind of resilience that doesn’t just help you survive hardship, but helps you bounce back even stronger.”—Levi Lusko, lead pastor of Fresh Life Church and bestselling author Most of us are just trying to get through the next twenty-four hours . . . let alone being ready to deal with the stress, anxiety, and suffering that arise when least expected. But it’s possible to move from fear and worry to the positive anticipation life should hold. See, there’s a way to survive the maddening chaos of this world, but it is only found in Jesus. Pastor and author Daniel Fusco discovered this the hard

way. He's experienced his share of loss, including the death of loved ones. Through diving into the Bible and deep times of prayer and reflection, Daniel has found a new closeness to Jesus and uncovered a way of resilience, perseverance, and grit. Jesus never promised a life of ease. He promised to be with us through everything. God can create good from all things, leading us into His promise of abundant life. We can persevere in hope. Right here. Right now. You can persevere in God's promise. Because you're gonna make it.
