The 1900 Olympic Games Bill Mallon,2015-07-11 The 1900 Olympic Games have been termed “The Farcical Games.” The events were poorly organized and years later many of the competitors had no idea that they had actually competed in the Olympics. They only knew that they had competed in an international sporting event in Paris in 1900. No official records of the 1900 Olympics exist. Based primarily on 1900 sources, the sites, dates, events, competitors, and nations as well as the event results are compiled herein for all of the 1900 Olympic events, including archery, track and field, cricket, equestrian, fencing, soccer, pelota basque, water polo, and rowing, among other sports.

Developing, Modelling and Assessing Second Languages Jörg-U. Keßler,Anke Lenzing,Mathias Liebner,2016-06-29 This edited volume brings together the work of a number of researchers working in the framework of Processability Theory (PT), a psycholinguistic theory of second language acquisition (SLA) (Pienemann 1998; 2005). The

aim of the volume is two-fold: It engages with current issues in both theory development and theory application and focuses on theoretical developments within the framework of PT as well as issues related to second language teaching and assessment. In coordinating approaches to addressing both theoretical and applied aspects of SLA, this volume aims at bridging the gap between theory and practice. It also reflects the richness of debate within the field of PT-based research. The volume is intended for postgraduate students, SLA researchers as well as language teachers. As of January 2019, this e-book is freely available, thanks to the support of libraries working with Knowledge Unlatched.
