The Descendants Complete Series (Books 1, 1.5, 2, 3) L.D. Hall,2019-10-04 “What? Naomi gasped. I'm not going anywhere with you! Alaric could already scent two more witches approaching her apartment. Whatever she'd done had clearly been an accident; he couldn't rely on her magic. They had to get out of here. She flinched as he reached down to cup her face, gazing into her eyes. Sorry about this, he murmured, as he probed her mind. Her thoughts were frantic, moving at an impossible speed. All will be well, he told her silently. Rest now. What—what are you—” she whispered, as her eyes drooped. She slumped forward into his arms. Cradling her, he moved over to the window, and leapt out. *** Alaric, a centuries-old vampire, lives a solitary life by choice. When he’s assigned to protect Naomi, long dormant emotions stir to life. Naomi Feldman has never understood the strange energy that hums beneath her senses. But when she comes across an ancient artifact that seems to beckon to her, she may finally find the answers she's been seeking. Pursued by a dangerous enemy and battling their growing attraction, Naomi and Alaric follow the mystery of the artifact from the museums of Athens, the streets of London, towards a confrontation that will decide the fate of two worlds... Parliamentary Candidates Between Voters and Parties Lieven De Winter,Rune Karlsen,Hermann Schmitt,2020-10-27 This book offers the first comprehensive, comparative and coherent perspective on parliamentary candidates in contemporary representative democracy. Based on the unique database of the ‘Comparative Candidate Survey’ project which interrogated parliamentary candidates in more than 30 countries, it fills a significant lacuna by focusing on the thousands of ordinary candidates that participate in national elections. It examines who the candidates are in terms of their socio-demographic background and political career patterns, how they were selected by their parties, what their policy preference are and whether these are congruent to those held by their voters, who they seek to represent and how they intend to do so once elected, and what their visions are on representative democracy and party government. Last but not least, it investigates how they go about reaching out to their potential voters during the election campaign. This book will be of key interest to scholars and students of political parties and party politics, political elites, political communication, political participation, elections, theories of democracy and representation, legislative studies, voting behaviour and more broadly to European politics, as well as to political and policy professionals throughout Europe.
