*F-102 Delta Dagger Units* Peter E. Davies,2020-05-28 World War II saw the development of the heavy bomber as a decisive weapon which, in sufficient numbers, could overcome defensive fighters and guns and lay waste to strategic targets. The addition of nuclear weapons to the bomber's armament made it even more formidable, and by the late 1940s, US planners saw the growth of a Soviet nuclear-armed bomber fleet as a terrifying threat to North American security. Conventional subsonic fighters with guns and free-flight air-to-air rockets would be incapable of reaching these incoming bombers in time to prevent even one from delivering a devastating nuclear attack. As a result, supersonic speed, long-range guided missiles and precise radar-based control of an interception became prerequisites for a new breed of fighters, beginning with the F-102. A massive research and development effort produced the F-102A '1954 Fighter', the J57 afterburning turbojet, its Hughes MX-1554 fire control system and, in due course, the Semi-Active Ground Environment (SAGE) radar and communications network that covered North America to guide its airborne defences. In service, F-102As also provided air defence in Europe with USAFE, in the Far East and in Southeast Asia, where they protected US airbases in South Vietnam and Thailand from air attack by North Vietnamese fighters and bombers and escorted B-52s and fighter-bombers on their attack sorties. This illustrated study from leading expert Peter E. Davis details the design, development, and deployment of the futuristic F-102, including its complex research program and role in Vietnam.

**Convair F-102 Delta Dagger** Wayne Mutza,2000-02 With vivid detail and many exclusive photographs, Wayne Mutza chronicles the Convairs F-102 Delta Daggers unsteady course through history, from its inception to present-day survivors. Presented for the first time are the fascinating details surrounding the F-102 in the air defense role, special projects, its unconventional use during the war in Southeast Asia, service with foreign air arms, the Air National Guard and its extensive involvement with the drone program. Special features include a detailed listing of each aircrafts assignment history and many of the insignia associated with the F-102. Through in-depth research, the author has produced a most informative and interesting volume on a classic aircraft.

*Jokes 102* Alex Gall,2016-12-22 During your lifetime you will be meeting a lot of people in your extended journey and travels. The quickest and easiest way to make a favorable impression is to possess a quick, tactful and ready wit or possess a good sense of clean humor. A few examples may help. When discussing children, you can say, I gave my son a Spiderman costume as a gift and he said that he was Spiderman. I told him that he wasnt Spiderman, but I did not know how to get him off of the wall. Or, state trooper recruit to personnel manager: What kind of pay can I expect? Reply, I dont like to brag, but on this job you can write your own ticket. Or, a young lady dating a mortician said, Sometimes I dont think he knows that Im alive. Or, Doctor, when will I know something after my operation? Doctor Smoothy, That depends on what you knew before your operation. Or, two bees drank too much dandelion wine; they were not drunk but both of them had a buzz. Or, a different chicken joke based on that age old question, why did the chicken cross the road? Answer: She wanted to beat up a chicken who called her a dumb cluck. For now, enough is enough. If you want more humor of a similar questionable nature buy Jokes 102.
