10th Anniversary James Patterson,Maxine Paetro,2011-05-02 For every secret Detective Lindsay Boxer's long-awaited wedding celebration becomes a distant memory when she is called to investigate a horrendous crime: a badly injured teenage girl is left for dead, and her newborn baby is nowhere to be found. Lindsay discovers that not only is there no trace of the criminals--but that the victim may be keeping secrets as well. For every lie At the same time, Assistant District Attorney Yuki Castellano is prosecuting the biggest case of her life--a woman who has been accused of murdering her husband in front of her two young children. Yuki's career rests on a guilty verdict, so when Lindsay finds evidence that could save the defendant, she is forced to choose. Should she trust her best friend or follow her instinct? There's a different way to die Lindsay's every move is watched by her new boss, Lieutenant Jackson Brady, and when the pressure to find the baby begins interfering with her new marriage to Joe, she wonders if she'll ever be able to start a family. With James Patterson's white-hot speed and unquenchable action, *10th Anniversary* is the most deliciously chilling Women's Murder Club book ever.

The 10th (P.W.O.) Royal Hussars and The Essex Yeomanry Lt Col F.H.D.C. Whitmore, 2011-12-22 A Regular cavalry regiment and a Territorial Yeomanry regiment make strange bedfellows in a combined regimental history, but this is the work of an officer who commanded both during the war and felt the need to make a record of the incidents which united the Regiments in close friendship during the Great War. Whitmore was a Territorial officer, not a Regular, and his appointment to command a regular cavalry regiment must have been a unique one; there were only twenty-five cavalry of the line regiments on the Western Front and competition for command among career officers would have been keen. Furthermore he was recommended to the command of the 10th Hussars by the Cavalry Corps commander, Lieut-General Sir Charles Kavanagh, who was himself a former CO of the Regiment. The Hussars landed at Ostend in October 1914, the Essex at Havre on 1 December 1914 and both regiments served in 8th Cavalry Brigade, 3rd Cavalry Division, till April 1918 when the Essex were broken up, at which point Whitmore, who had been CO of the Essex since November 1915, was posted to command 10th Hussars where he remained till March 1919. This account is not in the form of a personal memoir but rather that of an impersonal, wartime regimental history in which the activities of both regiments are fused into the one narrative set out in chronological order. There is a wealth of information in the appendices which are arranged for each Regiment separately: Diary of movements; Roll of officers who served showing when they joined and when they left and whether they were casualties and, in the case of the Essex; where they went; Honours and Awards; list of casualties showing killed, wounded or missing. There are also two appendices showing Order of Battle, one giving names of Cavalry Corps, Division and Brigade commanders with dates, and the other giving the composition of the Cavalry Divisions and Brigades. There is an index. This is a gift for researchers, genealogists and medallists.

Byzantine Athens, 10th – 12th Centuries Charalambos Bouras,2018-02-28 In this masterful synthesis, Charalambos Bouras draws together material and textual evidence for Athens in the Middle Byzantine period, from the mid-tenth century to 1204, when it was conquered by Crusaders. What emerges from his meticulous investigation is an urban fabric surprisingly makeshift in its domestic sector yet exuberantly creative in its ecclesiastical architecture. Rather than viewing the city as a mere shadow of its ancient past, Bouras demonstrates how Athens remained an important city of the Byzantine Empire as the seat of a metropolitan, home to local aristocracy, and pilgrimage destination for those who came to worship at the Christian Parthenon. Byzantine Athens explores the relationship of the Byzantine infrastructure to earlier configurations, shedding light on the water supply, industrial facilities, streets and fortifications of medieval Athens, and exploring the evidence for the form and typology of Byzantine houses. Thanks to Bouras’s indefatigable study of all available archaeological reports the first part of the book offers an overall picture of the Middle Byzantine city. The second part presents a fully documented and illustrated catalogue of nearly 40 churches, including synthetic treatments of their typology and morphology set in the wider Byzantine architectural context. Finally, Bouras joins his unrivalled knowledge of the surviving remains and exhaustive scrutiny of the relevant scholarship to offer a historical interpretation of the Athenian monuments. Byzantine Athens is a unique achievement that will remain an invaluable compendium of our knowledge of one of the most complex, yet relatively unknown, Byzantine cities.
