Siege of Acre, 1189-1191 John D. Hosler,2018-06-26 The first comprehensive history of the most decisive military campaign of the Third Crusade and one of the longest wartime sieges of the Middle Ages The two-year-long siege of Acre (1189–1191) was the most significant military engagement of the Third Crusade, attracting armies from across Europe, Syria, Mesopotamia, Egypt, and the Maghreb. Drawing on a balanced selection of Christian and Muslim sources, historian John D. Hosler has written the first book-length account of this hard-won victory for the Crusaders, when England's Richard the Lionheart and King Philip Augustus of France joined forces to defeat the Egyptian Sultan Saladin. Hosler's lively and engrossing narrative integrates military, political, and religious themes and developments, offers new perspectives on the generals, and provides a full analysis of the tactical, strategic, organizational, and technological aspects on both sides of the conflict. It is the epic story of a monumental confrontation that was the centerpiece of a Holy War in which many thousands fought and died in the name of Christ or Allah.

The Third Crusade 1191 David Nicolle,2005-11-10 The clash between King Richard I 'The Lionheart' of England and Saladin has become legendary. Throughout the ages, military enthusiasts have been fascinated by the strategy of the resolute, heavily armed Anglo-Saxon army versus their more lightly armed opponents. Richard's inability to recapture Jerusalem was disappointing, but it proved to the crusaders that Saladin was not invincible. This book describes the struggle of the Crusades (1095-1291) that has evolved into a mythic campaign for the Holy City of Jerusalem, providing an in-depth look at the battle, the personalities involved and the tactics employed by each army.

The Kingdom of Cyprus and the Crusades, 1191–1374 Peter W. Edbury,1991 A contribution to the history of the Crusades in the Levant, this text is a scholarly study of medieval Cyprus.
