12 Rules for Life Jordan B. Peterson,2018-01-23 #1 NATIONAL BESTSELLER #1 INTERNATIONAL BESTSELLER What does everyone in the modern world need to know? Renowned psychologist Jordan B. Peterson's answer to this most difficult of questions uniquely combines the hard-won truths of ancient tradition with the stunning revelations of cutting-edge scientific research. Humorous, surprising and informative, Dr. Peterson tells us why skateboarding boys and girls must be left alone, what terrible fate awaits those who criticize too easily, and why you should always pet a cat when you meet one on the street. What does the nervous system of the lowly lobster have to tell us about standing up straight (with our shoulders back) and about success in life? Why did ancient Egyptians worship the capacity to pay careful attention as the highest of gods? What dreadful paths do people tread when they become resentful, arrogant and vengeful? Dr. Peterson journeys broadly, discussing discipline, freedom, adventure and responsibility, distilling the world's wisdom into 12 practical and profound rules for life. *12 Rules for Life* shatters the modern commonplaces of science, faith and human nature, while transforming and ennobling the mind and spirit of its readers.

A Girl, a Raccoon, and the Midnight Moon Karen Romano Young, 2020-01-07 In this “enchanted” tale of a girl trying to solve a mystery and save a local library, “the magic of reading is given a refreshingly real twist” (Kirkus Reviews). A New York City library branch has been designated for possible closure. But the bookish, socially awkward Pearl, the daughter of the librarian, can’t imagine a world without the library. When the head of their Edna St. Vincent Millay statue goes missing, closure is closer than ever. But Pearl is determined to save the library. And with a ragtag neighborhood library crew—including a constantly tap-dancing girl, an older boy she has a crush on, and a pack of literate raccoons—she just might be able to do it . . . Featuring an eclectic cast of richly drawn characters, quirky sidebars and footnotes, and illustrations by award winner Jessixa Bagley, this is a warm-

hearted, visually intriguing tale of reading and believing, and a world of possibility. "Solidly entertaining." –School Library Journal "Bursting with charm, lovable characters, and excitement that builds and builds." –Gail Carson Levine, Newbery Award-winning author of *Ella Enchanted* A love letter to libraries . . . Big-hearted and dazzling, this classic-in-the-making is not to be missed." –Katherine Applegate, Newbery Award-winning author of *The One and Only Ivan*

A History of the Mishnaic Law of Purities, Part 12 Jacob Neusner, 2007-04-01
The history of Jews from the period of the Second Temple to the rise of Islam. From 'A History of the Mishnaic Law of Appointed Times, Part 1' This volume introduces the sources of Judaism in late antiquity to scholars in adjacent fields, such as the study of the Old and New Testaments, Ancient History, the ancient Near East, and the history of religion. In two volumes, leading American, Israeli, and European specialists in the history, literature, theology, and archaeology of Judaism offer factual answers to the two questions that the study of any religion in ancient times must raise. The first is, what are the sources -- written and in material culture -- that inform us about that religion? The second is, how have we to understand those sources in reconstructing the history of various Judaic systems in antiquity. The chapters set forth in simple statements, intelligible to non-specialists, the facts which the sources provide. Because of the nature of the subject and acute interest in it, the specialists also raise some questions particular to

the study of Judaism, dealing with its historical relationship with nascent Christianity in New Testament times. The work forms the starting point for the study of all the principal questions concerning Judaism in late antiquity and sets forth the most current, critical results of scholarship.

The Book of Unknown Americans Cristina Henríquez, 2014-06-03 A stunning novel of hopes and dreams, guilt and love—a book that offers a resonant new definition of what it means to be American and illuminates the lives behind

the current debates about Latino immigration (The New York Times Book Review). When fifteen-year-old Maribel Rivera sustains a terrible injury, the Riveras leave behind a comfortable life in Mexico and risk everything to come to the United States so that Maribel can have the care she needs. Once they arrive, it's not long before Maribel attracts the attention of Mayor Toro, the son of one of their new neighbors, who sees a kindred spirit in this beautiful, damaged outsider. Their love story sets in motion events that will have profound repercussions for everyone involved. Here Henríquez seamlessly interweaves the story of these star-crossed lovers, and of the Rivera and Toro families, with the testimonials of men and women who have come to the United States from all over Latin America.

Oklahoma Library Association's Children's Sequoyah Book Award Winner The Connecticut Book Award Winner In the tradition of The War That Saved My Life and Stella By Starlight, this poignant novel in verse based on true events tells the story of a boy's harrowing experience on a lifeboat after surviving a torpedo attack during World War II. With Nazis bombing London every night, it's time for thirteen-year-old Ken to escape. He suspects his stepmother is glad to see him go, but his dad says he's one of the lucky ones—one of ninety boys and girls to ship out aboard the SS City of Benares to safety in Canada. Life aboard the luxury ship is grand—nine-course meals, new friends, and a life far from the bombs, rations, and his stepmum's glare. And after five days at sea, the ship's officers announce that they're out of danger. They're wrong. Late that night, an explosion hurls Ken from his bunk. They've been hit. Torpedoed! The Benares is sinking fast. Terrified, Ken scrambles aboard Lifeboat 12 with five other boys. Will they get away? Will they survive? Award-winning author Susan Hood brings this little-known World War II story to life in a riveting novel of courage, hope, and compassion. Based on true events and real people, Lifeboat 12 is about believing in one another, knowing that only by banding together will we have any chance to survive.

But for eleven-year-old Kaylan, the chaos of new locker combinations, cafeteria cliques, and potential first kisses is more than she can handle. She dreads the start of sixth grade and feels like she wants—no, needs—a winning game plan. Luckily, Kaylan and her effortlessly chill BFF, Arianna, have a fool-proof plan for tackling transitions: a list of eleven things they need to do to totally transform themselves before they both turn twelve in November. But between making guy friends, getting detention (and makeovers!), helping humanity, and having super-candid conversations with their moms about their flaws, the first 100 days of school turn out worse than Kaylan ever imagined. Kaylan and Ari forget to focus on their friendship and soon their loyalty to the list—what was meant to help them keep it together—becomes the very thing tearing their lives apart.

Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts,

research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents.
