A Singular Baptism Carlos Server,2017-05-02 Who hasn't had the opportunity, or rather, the trial, of organizing a large family celebration? Thanks to a peculiar family tradition, Lucía, the protagonist of *A Singular Baptism*, is tasked with arranging the baptism of her son Argimiro on idyllic El Hierro, the smallest of the Canary Islands. During one frantic weekend, Lucía must deal not only with her husband's and her own unconventional families, she must also find out if her suspicions about the true identity of her son's father are correct or merely the result of a simple misunderstanding. With its cast of entertaining characters and everyday situations taken to extremes, *A Singular Baptism* will leave readers wondering if their families are as outlandish as Lucía's. Guaranteed fun. A must-read!

Identity, Motivation and Autonomy in Language Learning Garold Murray, Xuesong Gao, Terry Lamb, 2011 Through the use of qualitative research methods, the authors explore the complex, contingent and dynamic nature of motivation, identity and autonomy --- both for language learners and teachers --- in many different parts of the world. Importantly, they also look for relationships among the three constructs. This is precisely the integrative approach that should be encouraged as we seek to understand the lived

experience of individuals.---Diane Larsen-Freeman, University of Michigan, USA --

Narrative Research in Applied Linguistics Gary Barkhuizen, 2013-10-10 This book brings together contributions from various researchers, providing an overview of narrative research approaches and demonstrating how these work in practice. A broad range of approaches are covered, from well-established and well-known thematic analysis (particularly of 'big stories'), to the more recent sociolinguistic discourse analysis of 'small stories', and the innovative analysis and presentation of visual and performance data such as drawings and drama. This overview includes not just an illustration of narrative research, but the methodological processes which underpin it, relating these to relevant narrative theory. The book, therefore, is both a how-to-do narrative research text and a presentation of narrative studies, providing case study examples and ideas for further research.
