McLaughlin, 2002-10-15 Essential, accessible guidelines for interpreting and using financial information A wonderful resource for nonprofit managers and board members alike. It hits the mark by simplifying accounting concepts and providing practical advice that can help nonprofits achieve a higher degree of accountability. -Paula Van Ness, President and CEO, Make-A-Wish Foundation of America After thirty-three years of managing in the nonprofit sector, I find I could have used the information in Streetsmart when I first began my career. The book is a must-read for anyone interested in the effective management of nonprofit organizations. -George W. Kessinger, President and CEO, Goodwill Industries International, Inc. The first edition of McLaughlin's book was a masterpiece-clearly written, concise, and insightful. These traits also characterize the Second Edition. This is an excellent text for students and also a reference that every nonprofit professional should have on their bookshelf. -Norman A. Dolch, PhD, Director of the Nonprofit Programs and Professor of Sociology Louisiana State University in Shreveport Tom McLaughlin contributes a valuable tool to those working for the betterment of society in the nonprofit fields: an important, highly readable, intelligent review of those issues which determine success and failure. **Where Kingship Descended from Heaven** Deborah Bekken, Karen L. Wilson, 2023-04-10 From 1923 to 1933, the Chicago Field Museum and the University of Oxford conducted archaeological excavations at the site of Kish, located on the floodplain of the Euphrates River in modern Iraq approximately 80 kilometers south of Baghdad. Over the course of ten years of work, the expedition explored seventeen different mounds both inside and outside the ancient boundaries of Kish. The finds were divided at the end of each season, with the Iraq Museum retaining half of the objects and any one-of-a-kind items and the two excavating institutions splitting the remainder. Beginning in 2004, the Field Museum undertook a reevaluation of its Kish holdings. To highlight new research and insights into the material culture from Kish and our understanding of the importance of the site

to Mesopotamian archaeology, the Field Museum held a symposium in 2008 that brought together an international group of scholars who presented papers on various aspects of the ancient city. This volume, which grew out of that symposium, presents a wide array of studies on the excavated material remains from Kish, including cuneiform texts, animal figurines, human remains, lithics, figural stucco wall decorations, and more.
