Market Research Handbook ESOMAR,2008-04-30 The fifth edition of what was formerly know as The ESOMAR Handbook of Market and Opinion Research has been completely revised to reflect the latest approaches in the rapidly changing world of professional market research. The new Handbook stands out from earlier editions by explaining the latest research techniques and methodologies within a contemporary business context. Yet it remains an invaluable and practical day to day reference work for the modern market researcher. Truly international in outlook and approach, the Handbook combines contributions from over 40 research thought leaders and specialists from across the world including the UK, US, Europe, Australia and S.E.Asia. The editors and authors make an overdue contribution to bridging the Theory-Practice divide. Their client perspective will delight, inform and inspire market research specialists and users alike. —Prof. Seán Meehan (Switzerland), Martin Hilti Professor of Marketing and Change Management, IMD – International Institute for Management Development

Transferee Liability Ellen S. Brody,Vivek Chandrasekhar,Theodore D. Peyser, ... analyzes the rules of [section] 6901 and related judicial interpretations. Beginning with a general discussion of transferee liability and its development from the so-called trust fund doctrine, the Portfolio distinguishes between transferee liability in equity and liability at law. The liability of a transferee at law or equity for the tax of the transferor is governed by state law and in some cases by federal statutes. The liability of the transferor is determined under the Internal Revenue Code. Section 6901 does not create a separate liability for the transferee; instead, it provides a regime to facilitate collection by the IRS from a third party of the tax due from the transferor and to permit the third party/transferee to contest the IRS determination in the U.S. Tax Court. The Portfolio also discusses the liability of a fiduciary under 31 U.S.C. [section] 3713(b) and the application of [section] 6901 to this type of liability--P. (iii).
