**ECAI 2020** G. De Giacomo,A. Catala,B. Dilkina,2020-09-11 This book presents the proceedings of the 24th European Conference on Artificial Intelligence (ECAI 2020), held in Santiago de Compostela, Spain, from 29 August to 8 September 2020. The conference was postponed from June, and much of it conducted online due to the COVID-19 restrictions. The conference is one of the principal occasions for researchers and practitioners of AI to meet and discuss the latest trends and challenges in all fields of AI and to demonstrate innovative applications and uses of advanced AI technology. The book also includes the proceedings of the 10th Conference on Prestigious Applications of Artificial Intelligence (PAIS 2020) held at the same time. A record number of more than 1,700 submissions was received for ECAI 2020, of which 1,443 were reviewed. Of these, 361 full-papers and 36 highlight papers were accepted (an acceptance rate of 25% for full-papers and 45% for highlight papers). The book is divided into three sections: ECAI full papers; ECAI highlight papers; and PAIS papers. The topics of these papers cover all aspects of AI, including Agent-based and Multi-agent Systems; Computational Intelligence; Constraints and Satisfiability; Games and Virtual Environments; Heuristic Search; Human Aspects in AI; Information Retrieval and Filtering; Knowledge Representation and Reasoning; Machine Learning; Multidisciplinary Topics and Applications; Natural Language Processing; Planning and Scheduling; Robotics; Safe, Explainable, and Trustworthy AI; Semantic Technologies; Uncertainty in AI; and Vision. The book will be of interest to all those whose work involves the use of AI technology.

**The Sports Business in The Pacific Rim** Young Hoon Lee,Rodney Fort,2014-10-31 Following consistent and rapid general economic growth, Pacific Rim countries have grown as a major force in sports. Australia, China, Japan and Korea populated the top ten medals list at the 2012 London Olympics. Pacific Rim countries are major consumers of international sports and domestic professional sports have expanded continuously over time. Nippon Professional Baseball and the Korean Baseball Organization are the second and third largest baseball leagues measured by attendance and revenue following Major League Baseball in the U.S. This book also includes event studies of team ownership, assessment of human capital markets, analysis of the relationship between attendance and competitive balance, the components of fan demand in common the world over, and business decisions concerning attendance and pricing. There is already demand for comprehensive study of the sports business in the Pacific Rim as witnessed by this growth. This book will be of interest of researchers studying and/or teaching in the fields of sports economics and sports management as well as a general audience interested in business governance around the world.

**Rehabilitation Engineering** Raymond V. Smith,2018-04-27 The purpose of this handbook is to bring together information on the special devices and associated systems which have been developed to assist the handicapped in living and vocational pursuits and in clinical use. This unique work places emphasis on the devices and systems plus includes sufficient background information to clarify the objectives and use. The general subject matter is divided into two major areas. The first area deals primarily with the environment of the handicapped. The second section deals with devices for personal assist systems-such as for testing, evaluation, and training-and devices which provide individualized support. The information in this comprehensive handbook will assist those working directly in the broad field of rehabilitation of the handicapped and also those associated with the subject matter in a peripheral way, including counseling and vocational evaluation.

**Modern Architecture in Historic Cities** Sebastian Loew,2003-09-02 Modern Architecture in Historic Cities illustrates why France has been so successful in combining conservation and modernity, and points to important lessons for other countries which can be drawn from the French experience. Beginning with an empirical review of particular events which have affected attitudes towards heritage in France, this book highlights the continuity in French thinking and the longstanding role of the French government as patron and leader. Planning, conservation and design control legislation are examined, highlighting the range of instruments available to government in order to influence results and enhance the role of the architectural profession.
