Design! Steve Aimone, 2004 Effective design inspiration for everyone, from crafters and artists to Sunday museum-goers. Professional artists, photographers, gardeners, and even chefs and hosts trying to set a pretty table will welcome this user-friendly, handsome exploration of design principles and processes. Through hundreds of photographs, plus an accessible text, even the most abstract design concepts, such as rhythm and balance, become easy to visualize and understand. Find out how to manipulate visual elements, work within the design space, create attractive symmetrical arrangements, establish a focal point, and much more. The sheer number and variety of images that illustrate each concept make it possible for even the most design-challenged beginner to visualize the principles and put them into practice. Examples of good design range from ceramics, jewelry, architecture, and painting to clothing design, hair styling, gardening, sushi, and vintage movie posters. Plenty of easy yet imaginative guided exercises allow you to experiment with each new principle on the spot. Every page offers delight, inspiration, and instruction.

Rocking Fornarina celebrates the past ten years of Fornarina's street couture

shoewear and apparel through the photographs of Francesco Musati and Valentina Aimone, who together have developed the brand's identity into a sexy, sassy and artful visual style. Founded in 1947 by Gianfranco Fornari, and now led by his son Lino, Fornarina has galvanized the women's shoe and apparel industry with its fresh take on urban style, emphasizing strong color, bold contours, humor and mischievous, tongue-in-cheek glamour, in styles ranging from sandals and sabots to boots and pumps. Rocking Fornarina includes a selection of previously unpublished photos by Musati and Aimone (who have been photographing for the company for more than 20 years), and a style gallery with portraits of Fornarina's celebrity fans, such as Lindsay Lohan and Martina Stella.

From Maine to Montepulciano David Aimone, Steven Aimone, 2015-05-15 This publication presents David and Steven Aimone's photographic responses to two beautiful locations--Monhegan Island, Maine and the landscape of Italy. For

them, experiencing the landscape and architecture of both alluring places evokes a deep sense of the timeless and transcendent. David and Steven pursue photography together on Monhegan Island each year, and they have a continuous connection to one another through their work, constantly sharing their experiences and observations. It is this mutual love of photography, and these two places, that inspired this publication and the exhibitions that they offer. Architectural forms in Italy range from ancient to Renaissance-- worn, burnished, abraded, and conveying a deep sense of history. Walking in the landscape, the small hill towns and cities, one can sense the presence of the many have been to Italy before on a quest to breathe in its timeless beauty. Monhegan Island has a primordial sensibility. The stunning landscape on the back side of the island brags the tallest cliffs on the eastern seaboard of the United States, and they remain virtually untouched due to the preserve set up by Thomas Edison, Jr., now managed by Monhegan Associates. The pairing of images inside the pages of this book illustrate similarities and contrasts in interpretation by each artist as they engage their own distinctly expressive filter.

The Wandering Princess Edward W. Hanson, 2017-05-13 Helene was a strong-willed princess, raised in France but closely connected with the court of Queen Victoria. After the premature end to a romance with Victoria's grandson, she married into the royal family of Italy. However, Helene began extended adventuresome trips into Africa where she became a big-game hunter, explorer and travel writer, escaping from an unhappy marriage and the boredom of court life. Her travels took her around the world, but her sense of royal duty brought her back to nurse aboard a hospital ship in Libyan waters, then

to an important role as head of the Italian Red Cross nurses during the First World War while her husband headed Italy's Third Army, and her two sons served in the artillery and the navy. Afterwards, her strong Italian nationalism made her an ally to Gabriele d'Annunzio and Benito Mussolini, but the disastrous Second World War saw her grandchildren interned in Austria and her older son die as a British prisoner-of-war while she continued her charitable work in Naples. When the country voted to become a republic in 1946, Helene was the only member of the royal family allowed to remain in Italy with her second 'secret' husband.
