*One for All* Lillie Lainoff, 2022-03-08 “There are no limits to the will—and the strength—of this unique female hero.” —Tamora Pierce, writer of the Song of the Lioness and the Protector of the Small quartets *One for All* is a gender-bent retelling of *The Three Musketeers*, in which a girl with a chronic illness trains as a Musketeer and uncovers secrets, sisterhood, and self-love. Tania de Batz is most herself with a sword in her hand. Everyone thinks her near-constant dizziness makes her weak, nothing but “a sick girl.” But Tania wants to be strong, independent, a fencer like her father—a former Musketeer and her greatest champion. Then Papa is brutally, mysteriously murdered. His dying wish? For Tania to attend finishing school. But L’Académie des Mariées, Tania realizes, is no finishing school. It’s a secret training ground for new Musketeers: women who are socialites on the surface, but strap daggers under their skirts, seduce men into giving up dangerous secrets, and protect France from downfall. And they don’t shy away from a sword fight. With her newfound sisters at her side, Tania feels that she has a purpose, that she belongs. But then she meets Étienne, her target in uncovering a potential assassination plot. He’s kind, charming—and might have information about what really happened to her father. Torn between duty and dizzying emotion, Tania will have to decide where her loyalties lie...or risk losing everything she’s ever wanted. Lillie Lainoff's debut novel is a fierce, whirlwind adventure about the depth of found family, the strength that goes beyond the body, and the determination it takes to fight for what you love. Includes an author's note about her personal experience with Postural Orthostatic Tachycardia Syndrome.

*The Western Mysteries* David Allen Hulse, 2000 *The Western Mysteries* (previously published as *The Key of It All, Book II: The Western Mysteries*), by David Allen Hulse, is perhaps the most comprehensive, in-depth description of various aspects of the Western magickal tradition ever published. The uniting factor of this book is language. It begins with a discussion of the mysteries of the Greek alphabet, followed by the different forms of the Runes, and goes on to describe the mystical secrets of Latin. It also explores Enochian, where you will discover, for the first time ever, the correctly constructed Watchtower system. The book also includes the mysteries of the Tarot, a pictorial language, and it describes the development of the esoteric Tarot, how to do readings, and the significance of the symbolism on the Tarot cards. It concludes with the English language and its relationship to the Tarot, Enochian, and more. The introduction to *The Western Mysteries* serves as a complete introduction to the magickal tradition of the West. You will learn about the evolution of thought concerning the Elements, astrology, magick squares, geomancy, words of power, and more. You will find that each section of this book is a key that unlocks the meaning behind another of the magickal languages that you can relate to your own spiritual system. It is ideal for a beginning student to explore the mysteries of Western magick. It is a necessary tool for more advanced students, as it has collected hundreds of charts and lists which clarify and identify the similarities and differences between various systems. This is a reference book you will study over and over. The volume of information revealed makes *The Western Mysteries* an instant classic and a necessity for any spiritual practitioner.

**The Song of All** Tina Le Count Myers, 2018-02-20 On the forbidding fringes of the tundra, where years are marked by seasons of snow, humans war with immortals in the name of their shared gods. Irjan, a human warrior, is ruthless and lethal, a legend among the Brethren of Hunters. But even legends grow tired and disillusioned. Scarred and weary of bloodshed, Irjan turns his back on his oath and his calling to hide away and live a peaceful life as a farmer, husband, and father. But his past is not so easily left behind. When an ambitious village priest conspires with the vengeful comrades Irjan has forsaken, the fragile peace in the Northlands of Davvieana is

at stake. His bloody past revealed, Irjan's present unravels as he faces an ultimatum: return to hunt the immortals or lose his child. But with his son's life hanging in the balance, as Irjan follows the tracks through the dark and desolate snow-covered forests, it is not death he searches for, but life.

**All In** Josh Levs, 2015-05-12 When journalist Josh Levs was denied fair parental leave by his employer after his child was born, he fought back—and won. Since then, he's become an advocate for modern families and working fathers. In *All In*, he explores the changing face of fatherhood and what it means for our individual lives, families, workplaces, and society. Fatherhood today is far different from previous generations. Stay-at-home dads are increasingly common, and growing numbers of men are working part-time or flextime schedules to spend more time with their children. Even the traditional breadwinner-dad is being transformed. Dads today are more emotionally and physically involved on the home front. They are "all in" and—like mothers—they are struggling with work-life balance and doing it all. Journalist and "dad columnist" Josh Levs explains that despite these unprecedented changes, our laws, corporate policies, and gender-based expectations in the workplace remain rigid. They are preventing both women and men from living out the equality we believe in—and hurting businesses in the process. Women have done a great job of speaking out about this, Levs—whose fight for parental leave made front page news across the country—argues. It's now time for men to join in. Combining Levs' personal experiences with investigative reporting and frank conversations with fathers about everything from work life to money to sex, *All In* busts popular myths, lays out facts, uncovers the forces holding all of us back, and shows how we can all join together to change them.

*Under the Wide and Starry Sky* Nancy Horan, 2014-01-21 NEW YORK TIMES BESTSELLER • TODAY SHOW BOOK CLUB PICK • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE WASHINGTON POST AND ST. LOUIS POST-DISPATCH From the New York Times bestselling author of *Loving Frank* comes a much-anticipated second novel, which tells the improbable love story of Scottish writer Robert Louis Stevenson and his tempestuous American wife, Fanny. At the age of thirty-five, Fanny Van de Grift Osbourne has left her philandering husband in San Francisco to set sail for Belgium—with her three children and nanny in tow—to study art. It is a chance for this adventurous woman to start over, to make a better life for all of them, and to pursue her own desires. Not long after her arrival, however, tragedy strikes, and Fanny and her children repair to a quiet artists' colony in France where she can recuperate. Emerging from a deep sorrow, she meets a lively Scot, Robert Louis Stevenson, ten years her junior, who falls instantly in love with the earthy, independent, and opinionated "belle Americaine." Fanny does not immediately take to the slender young lawyer who longs to devote his life to writing—and who would eventually pen such classics as *Treasure Island* and *The Strange Case of Dr. Jekyll and Mr. Hyde*. In time, though, she succumbs to Stevenson's charms, and the two begin a fierce love affair—marked by intense joy and harrowing darkness—that spans the decades and the globe. The shared life of these two strong-willed individuals unfolds into an adventure as impassioned and unpredictable as any of Stevenson's own unforgettable tales. Praise for *Under the Wide and Starry Sky* "A richly imagined [novel] of love, laughter, pain and sacrifice . . . *Under the Wide and Starry Sky* is a dual portrait, with Louis and Fanny sharing the limelight in the best spirit of teamwork—a romantic partnership."—USA Today "Powerful . . . flawless . . . a perfect example of what a man and a woman will do for love, and what they can accomplish when it's meant to be."—Fort Worth Star-Telegram "Horan's prose is gorgeous enough to keep a reader transfixed, even if the story itself weren't so

compelling. I kept re-reading passages just to savor the exquisite wordplay. . . . Few writers are as masterful as she is at blending carefully researched history with the novelist's art."—The Dallas Morning News "A classic artistic bildungsroman and a retort to the genre, a novel that shows how love and marriage can simultaneously offer inspiration and encumbrance."—The New York Times Book Review

**This Is All** Aidan Chambers,2010-07-28 Subtitled *The Pillow Book of Cordelia* Kenn this is the story of Cordelia from the time she is 15 until she is 20. She is pregnant and plans to give this account to her daughter on her 16th birthday so that they can share their youth together. She chooses the old and famous Japanese book, 'The Pillow Book' by Sei Shonagon, as a model in order to include all kinds of things she has already written as well as the episodes and thoughts she has now as she compiles her book. She tells of her mother (who died when Cordelia was 5) of her father and her aunt Doris (who marry when she is 16), of her love for William Blacklin, the boy with whom she chooses to have her first sex - and with whom she falls deeply in love. She writes about Julie Martin her teacher who helps her spiritually, describes her love affair with an older married man and her terrifying sexual experience with an unbalanced young man who is obsessed with her. The book includes thoughts on being a women, on poetry, music, reading and writing, on being pregnant and finally of her marriage to William. *This Is All* is an anthology, written in six 'books' of Cordelia's adolescent life, by turns funny, poignant, sad, exciting, fascinating ironic and truthful about topics that parents often do not tell their children. It is a richly entertaining and challenging read.

And that's when she meets the irresistible Nico Mancini, lead singer of a local band - and it's instalove at first sight! Toria likes Nico, Nico likes Toria . . . but then there's Polly. Love and friendship have a funny way of going round in circles.

**Science for All Americans** Floyd James Rutherford,Andrew Ahlgren,1990 In order to compete in the modern world, any society today must rank education in science, mathematics, and technology as one of its highest priorities. It's a sad but true fact, however, that most Americans are not scientifically literate. International studies of educational performance reveal that U.S. students consistently rank near the bottom in science and mathematics. The latest study of the National Assessment of Educational Progress has found that despite some small gains recently, the average performance of seventeen-year-olds in 1986 remained substantially lower than it had been in 1969. As the world approaches the twenty-first century, American schools--when it comes to the advancement of scientific knowledge--seem to be stuck in the Victorian age.In *Science for All Americans*, F. James Rutherford and

Andrew Ahlgren brilliantly tackle this devastating problem. Based on Project 2061, a scientific literacy initiative sponsored by the American Association for the Advancement of Science, this wide-ranging, important volume explores what constitutes scientific literacy in a modern society; the knowledge, skills, and attitudes all students should acquire from their total school experience from kindergarten through high school; and what steps this country must take to begin reforming its system of education in science, mathematics, and technology. *Science for All Americans* describes the scientifically literate person as one who knows that science, mathematics, and technology are interdependent enterprises with strengths and limitations; who understands key concepts and principles of science; who recognizes both the diversity and unity of the natural world; and who uses scientific knowledge and scientific ways of thinking for personal and social purposes. Its recommendations for educational reform downplay traditional subject categories and instead highlight the connections between them. It also emphasizes ideas and thinking skills over the memorization of specialized vocabulary. For instance, basic scientific literacy means knowing that the chief function of living cells is assembling protein molecules according to the instructions coded in DNA molecules, but does not mean necessarily knowing the terms ribosome or deoxyribonucleic acid. Science, mathematics, and technology will be at the center of the radical changes in the nature of human existence that will occur during the next life span; therefore, preparing today's children for tomorrow's world must entail a solid education in these areas. *Science for All Americans* will help pave the way for the necessary reforms in America's schools.

**Everything All at Once** Bill Nye, 2017-07-11 In the New York Times bestseller *Everything All at Once*, Bill Nye shows you how thinking like a nerd is the key to changing yourself and the world around you. Everyone has an inner nerd just waiting to be awakened by the right passion. In *Everything All at Once*, Bill Nye will help you find yours. With his call to arms, he wants you to examine every detail of the most difficult problems that look unsolvable—that is, until you find the solution. Bill shows you how to develop critical thinking skills and create change, using his “everything all at once” approach that leaves no stone unturned. Whether addressing climate change, the future of our society as a whole, or personal success, or stripping away the mystery of fire walking, there are certain strategies that get results: looking at the world with relentless curiosity, being driven by a desire for a better future, and being willing to take the actions needed to make change happen. He shares how he came to create this approach—starting with his Boy Scout training (it turns out that a practical understanding of science and engineering is immensely helpful in a capsizing canoe) and moving through the lessons he learned as a full-time engineer at Boeing, a stand-up comedian, CEO of The Planetary Society, and, of course, as Bill Nye The Science Guy. This is the story of how Bill Nye became Bill Nye and how he became a champion of change and an advocate of science. It’s how he became The Science Guy. Bill teaches us that we have the power to make real change. Join him in... dare we say it... changing the world.

*All In* Mark Batterson, 2013-09-24 Christians who want to take the next step in their faith walk need look no further. It's time to ante up and go all in with God. The Gospel costs nothing. You can't earn it or buy it. It can only be received as a free gift, which is compliments of God's grace. It doesn't cost anything, but it demands everything. It demands that we go all in, putting all that we have into God's hands. But why do so many Christians hesitate to do that? And when did we start believing that the Gospel is an insurance plan? We're afraid that if we go all in that we might miss out on what life has to offer. But Jesus did not die to keep us safe. He died to make us dangerous. So, let's step out of spiritual no man's land and kneel at the foot of the cross of Christ and surrender to his lordship. It's time to dethrone yourself and enthrone Christ as king, and Pastor Mark Batterson is here to show you how. Using his

customary vivid, contemporary illustrations, as well as biblical characters like Shamgar, Elisha, Jonathan, and even Judas, you will be challenged to trade what Batterson calls inverted Christianity for true discipleship as you strip away your excuses and inhibitions and follow God completely. It's now or never. Are you ready to go all in and all out for God? Also available: All In student edition, video curriculum, and study guide.

**Winners Take All** Anand Giridharadas,2018-08-28 NEW YORK TIMES BESTSELLER • The groundbreaking investigation of how the global elite's efforts to change the world preserve the status quo and obscure their role in causing the problems they later seek to solve. An essential read for understanding some of the egregious abuses of power that dominate today's news. Impassioned... Entertaining reading." —The Washington Post Anand Giridharadas takes us into the inner sanctums of a new gilded age, where the rich and powerful fight for equality and justice any way they can—except ways that threaten the social order and their position atop it. They rebrand themselves as saviors of the poor; they lavishly reward “thought leaders” who redefine “change” in ways that preserve the status quo; and they constantly seek to do more good, but never less harm. Giridharadas asks hard questions: Why, for example, should our gravest problems be solved by the unelected upper crust instead of the public institutions it erodes by lobbying and dodging taxes? His groundbreaking investigation has already forced a great, sorely needed reckoning among the world's wealthiest and those they hover above, and it points toward an answer: Rather than rely on scraps from the winners, we must take on the grueling democratic work of building more robust, egalitarian institutions and truly changing the world—a call to action for elites and everyday citizens alike.

**Black Faculty Do It All** Antione D. Tomlin,2023-04-01 Black Faculty Do It All: A Moment in The Life of a Blackademic is a work that creates space for Black academics or Blackademics to share their experiences navigating workspaces within higher education and their experiences as Black professionals. The primary goal of this book is to provide insight into Black faculty experiences told by Black faculty. While frequently, Black faculty can feel silenced within the academy, this book offers a platform for all Black faculty's voices to be heard loud and clear. Contributing authors share advantages and challenges they experience as Blackademics and the impact these experiences have on their well-being and career trajectory. Moreover, the authors provide insight and advice on how current and potential Blackademics can succeed and thrive, even with all the barriers or obstacles they face. Contributing Blackademics collective has a wealth of knowledge and disciplines represented, expertise, position full-time and part-time, and years

of experience in higher education. Additionally, authors also come from all over the United States. With this range of expertise and knowledge, authors also provide advice, strategies, and ways of being for institutions to support their Black faculty and for Black faculty to support themselves. Despite all the efforts with diversity, equity, inclusion, and anti-racist initiatives, Black faculty is still not okay (Tomlin, 2022). While many Black faculty have challenges in the profession, we are not suggesting that all Black faculty face the same issues. In fact, “the idea that all Black faculty would share the same experiences is a fallacy, and the insinuation is as dangerous as assuming that all Black people are the same” (Allen & Steward, 2022, p. 2). Moreover, this book serves as a space for contributing authors not to speak for all Black faculty but themselves. As editor and a Blackademic myself, I encouraged and pushed all contributing authors to stand in their Blackness unapologetically. This book is the outcome of Black faculty loving and supporting Black faculty. Higher education institutions, colleagues, and other stakeholders can learn a great deal from the narratives and experiences shared to look at the intentional recruitment, retention, and psychological well-being of Black faculty. Thus, *Black Faculty Do It All: A Moment in The Life of a Blackademic* is positioned to be a must-read for all higher education professionals, institutions, and stakeholders looking for strategies to do right back for Black faculty.

*All the Pretty Places* Joy Callaway, 2023-05-09 “A timeless and powerful novel of a daring woman who must decide if she will risk everything to follow her passion and find her voice.” —Patti Callahan Henry, New York Times bestselling author From the moment she was born, the transforming beauty of her family’s nurseries has arrested her heart. From the moment she knew love, her heart belonged with his. Now she’s at risk of losing them both. Rye, New York, 1893. Sadie Fremd’s dreams hinge on her family’s nursery, which has been the supplier of choice for respected landscape architects on the East Coast for decades. Now her small town is in a panic as the economy plummets into a depression, and Sadie’s father is pressuring her to secure her future by marrying a wealthy man among her peerage—but Sadie has never been one to play it safe. Besides, her heart is already spoken for. Rather than seek potential suitors, Sadie pursues new business from her father’s most reliable and wealthy clients of the Gilded Age in an attempt to bolster the floundering nursery. But the more time Sadie spends in the secluded gardens of the elite, the more she notices the hopelessness in the eyes of those outside the mansions. The poor, the grieving, the weary. The people with no access to the restorative beauty of nature. Sadie has always wanted her father to pass his business to her instead of to one of her brothers, but he seems oblivious to her desire and talent—and now to her passion for providing natural beauty to those who can’t afford it. When former employee, Sam, shows up unexpectedly, Sadie wonders if their love can be rekindled or if his presence will simply be another reminder of a life she longs for and cannot have. Joy Callaway illuminates the life of her great-great-grandmother in this captivating story about a daring woman following her passion and finding her voice, while exploring natural beauty and its effect in the lives of those who need it most. Historical Gilded Age novel about an early American landscape nursery Stand-alone novel Also by Joy Callaway: *The Grand Design*, *The Fifth Avenue Artists Society*, and *Secret Sisters* Includes discussion questions for book clubs

News for All Thomas C. Leonard, 1995 In News for All, Leonard provides a fascinating account of the love-hate relationship we have always had with the news, from the early nineteenth century to the present. America's insatiable appetite for news played a critical role in the growth of democracy, but never before have the readers, rather than the periodicals, been examined in detail. News for All bridges this critical gap, bringing to life the nation's cantankerous love affair with the press.
