The Politics of Presidential Appointments David E. Lewis,2010-12-16 In the wake of Hurricane Katrina, many questioned whether the large number of political appointees in the Federal Emergency Management Agency contributed to the agency's poor handling of the catastrophe, ultimately costing hundreds of lives and causing immeasurable pain and suffering. The Politics of Presidential Appointments examines in depth how and why presidents use political appointees and how their choices impact government performance--for better or worse. One way presidents can influence the permanent bureaucracy is by filling key posts with people who are sympathetic to their policy goals. But if the president's appointees lack competence and an agency fails in its mission--as with Katrina--the president is accused of employing his friends and allies to the detriment of the public. Through case studies and cutting-edge analysis, David Lewis takes a fascinating look at presidential appointments dating back to the 1960s to learn which jobs went to appointees, which agencies were more likely to have appointees, how the use of appointees varied by administration, and how it affected agency performance. He argues that presidents politicize even when it hurts performance--and often with support from Congress--because they need agencies to be responsive to presidential direction. He shows how agency missions and personnel--and whether they line up with the president's vision--determine which agencies presidents target with appointees, and he sheds new light on the important role patronage plays in appointment decisions.

**Board Appointments** David Schwarz,2015-11-30 There are many things in life that you cannot prepare for but the board appointment process is not one of them. Non-executive board directors often describe finding their first directorship as an arduous and time-consuming process. More experienced board members suggest finding subsequent board roles equally challenging. For these reasons, the biggest mistake most people make when considering their board career is not starting the process early enough and not understanding how board appointments are made. Regardless of your approach, the process of finding and being appointed to a board takes a certain amount of skill and practice. This book provides practical advice, clearly written, to help get you on a board and 'dare them not to appoint you'.

*Appointments with Heaven* Reggie Anderson,2013-08-30 When Dr. Reggie Anderson is present at the bedside of a dying patient, something miraculous happens. Sometimes as he sits vigil and holds the patient's hand . . . he can experience what they feel and see as they cross over. Because of these God-given glimpses of the afterlife—his “appointments with heaven”—Reggie knows beyond a doubt that we are closer to the next world than we think. Join him as he shares remarkable stories from his life and practice, including the tragedy that nearly drove him away from faith forever. He reveals how what he's seen, heard, and experienced has shaped what he believes about living and dying; how we can face the passing of our loved ones with the courage and confidence that we will see them again; and how we can each prepare for our own “appointment with heaven.” Soul-stirring and hope-filled, *Appointments with Heaven* is a powerful journey into the questions at the very core of your being: Is there more to life than this? What is heaven like? And, most important: Do I believe it enough to let it change me?

Doctor Appointment Book Moito Publishing,2018-01-04 Need help with organizing frequent doctor appointments? Keep your schedule in order and choose from our great value range of handy doctor appointment books. Have more control in one of the most important parts of your daily operation- the appointment book. The process of appointment confirmation is very important, regardless of what system you implement, as it helps reduce no-shows and last minute cancellations. With 104 pages, there are 2 columns with appointment times from 7AM to 9PM in 15 minute increments, you will be able to create a detailed schedule of your full day. At the back, a contact section is also included to write client contact details. You'll appreciate our notebook even more with these features and benefits: VERSATILE USE - Get your clinic organised with our great value range of doctor appointment books. Perfect for doctors or clinics, our appointment books are available in a range of styles depending on your exact requirements.USEFUL & CONVENIENT - You can't beat a book like this. It doesn't need batteries, doesn't take you time to log in and you can take it to the beach even. You can keep track of your schedule anywhere, anytime.A NOTEBOOK BUILT TO LAST- The sturdy cover is made of tough paperback with strong, secure professional trade binding so the pages won't fall out after a few months of use.WELL-CRAFTED INTERIOR- We used only thick, white paper to avoid ink bleed-through. The columns are clearly marked to make an appointment time / date very easy to cross reference.PERFECT SIZE- With its 21.59 x 27.94 cm (8.5 x 11) dimensions, almost the same width as A4 but shorter in height, you can squeeze it into a bag with ease. It's easier to transport, the perfect size- easy to carry!COOL COVERS!- To top it all, we have an array of cover designs for you to choose from. Get inspired by our collection of truly creative book covers. We stand for quality and aim to provide the best writing experience with our notebooks. Don't miss another appointment with this convenient Doctor Appointment. Grab a copy today!

**Judicial Dis-Appointments** Mitchel de S. -O. -l'E. Lasser,2020-10-11 In 2009 and 2010, the European Court of Justice and the European Court of Human Rights underwent significant reforms to their respective judicial appointments processes. Though very different judicial institutions, they adopted very similar - and rather remarkable - reforms: each would now make use of an expert panel of judicial notables to vet the candidates proposed to sit in Luxembourg or Strasbourg. Once established, these two vetting

panels then followed with actions no less extraordinary: they each immediately took to rejecting a sizable percentage of the judicial candidates proposed by the Member State governments. What had happened? Why would the Member States of the European Union and of the Council of Europe, which had established judicial appointments processes that all but ensured themselves the unfettered power to designate their preferred judges to the European courts, and who had zealously maintained and exercised that power over the course of some fifty years, suddenly decide to undermine their own capacity to continue to do so? This book sets out to solve this mystery. Its point of departure is that it would be a mistake to view the 2009-2010 establishment of the two vetting panels in isolation from other European judicial developments. Though these acts of institutional creation are certainly the most notable recent developments, they actually represent but the crowning achievement of a process of European judicial appointments reform that has been running unremittingly since the 1990's. This longstanding and tenacious movement has actually triggered a broad set of interrelated debates and reforms, encompassing not only judicial appointments per se, but also a much wider set of issues, including judicial independence, judicial quality, judicial councils, the separation of powers, judicial gender equity, and more.

*The Politics of Patronage Appointments in Latin American Central Administrations* Francisco Panizza,B. Guy Peters,Conrado Ramos Larraburu,2023-01-17 Although merit system selection and management of public personnel is thought of as the standard for good governance, public employees frequently are appointed by political officials rather than being members of a career civil service. In fact, there has been an increase in the level of patronage appointments and politicization of public administration over the past several decades as political leaders attempt to impose their control over the public bureaucracy. Although widespread, patronage appointments in the public sector are particularly important in Latin America, where there is a tradition of extensive patronage. The Politics of Patronage Appointments in Latin American Central Administrations seeks to understand the motivations of patrons when they make appointments, the roles appointees play, the skills required to play these roles, and what accounts for different modalities of patronage. It moves beyond the conventional condemnation of patronage to examine the multiple uses of political appointments, which can be crucial for obtaining the services of highly qualified individuals who otherwise might not be willing to work in the public sector.

Veterans Readjustment Appointments in the Federal Government United States. Office of Personnel Management,1981

**Veterans Readjustment Appointments in the Federal Government** ,1984

**Understanding Presidential Appointments** Amanda Kolpin,2017-12-15 Why do presidential appointees spark so much controversy? Which jobs can a president fill, and are there limits on the president's power? This important book examines presidential appointees, the confirmation process, the checks and balances that affect this system, and other key points on this vital topic. Historical examples provide crucial context for current events, including the most recent appointments to our government leadership and how they affect our country. Photographs capture key moments and fact boxes illuminate essential topics. This unique look at the U.S. political system is highly relevant and accessible, making this book a valuable addition to any library or classroom.
