Sorted Books Nina Katchadourian,2013-02-08 A witty and thought-provoking collection of visual poems constructed from stacks of books. Delighting in the look and feel of books, conceptual artist Nina Katchadourian's playful photographic series proves that books' covers—or more specifically, their spines—can speak volumes. Over the past two decades, Katchadourian has perused libraries across the globe, selecting, stacking, and photographing groupings of two, three, four, or five books so that their titles can be read as sentences, creating whimsical narratives from the text found there. Thought-provoking, clever, and at times laugh-out-loud funny (one cluster of titles from the Akron Museum of Art's research library consists of: Primitive Art /Just Imagine/Picasso/Raised by Wolves), Sorted Books is an enthralling collection of visual poems full of wry wit and bookish smarts. Praise for Sorted Books "Katchadourian's project . . . takes on a weight beyond its initial novelty. It's a love letter to books, book collecting and the act of reading." —San Francisco Chronicle "As a longtime fan of [Katchadourian's] long-running Sorted Books project I'm thrilled for the release of Sorted Books—a collection spanning nearly two decades of her witty and wise minimalist mediations on life by way of ingeniously arranged book spines. . . . In an era drowned in periodic death tolls for the future of the physical book, her project stands as a celebration of the spirit embedded in the magnificent materiality of the printed page." —Brain Pickings "Katchadourian's stacks possess an understated sophistication; they are true to the intimate nature of books and yet reveal their dramatic features and unexpected potential." —Publishers Weekly

Why Art? Eleanor Davis, 2018-02-14 This is a treatise on what makes art art, told in graphic novel form. What is "Art"? It's widely accepted that art serves an important function in society. But the concept falls under such an absurdly large umbrella and can manifest in so many different ways. Art can be self indulgent, goofy, serious, altruistic, evil, or expressive, or any number of other things. But how can it truly make lasting, positive change? In *Why Art?*, acclaimed graphic novelist Eleanor

Davis (How To Be Happy) unpacks some of these concepts in ways both critical and positive, in an attempt to illuminate the highest possible potential an artwork might hope to achieve. A work of art unto itself, Davis leavens her exploration with a sense of humor and a thirst for challenging preconceptions of art worth of Magritte, instantly drawing the reader in as a willing accomplice in her quest.

Fan Art Sarah Tregay, 2014-06-17 A sweet contemporary romance about a boy who falls in love with his best friend and the girls who help them get together. Jamie Peterson has a problem: Even though he tries to keep his feelings to himself, everyone seems to know how he feels about Mason, and the girls in his art class are determined to help them get together. Telling the truth could ruin Jamie and Mason's friendship, but it could also mean a chance at happiness. Falling in love is easy, except when it's not, and Jamie must decide if coming clean to Mason is worth facing his worst fear. In *Fan Art*, Sarah Tregay, the author of the romantic *Love and Leftovers*, explores the joys and pains of friendship, of pressing boundaries, and how facing our fears can sometimes lead us to what we want most. *Fan Art* is perfect for fans of contemporary romances as well as novels like *Two Boys Kissing* by David Levithan and *Openly Straight* by Bill Konigsberg.

The Art of Asking Amanda Palmer, 2014-11-11 FOREWORD BY BRENE BROWN and POSTSCRIPT FROM BRAIN PICKINGS CREATOR MARIA POPOVA Rock star, crowdfunding pioneer, and TED speaker Amanda Palmer knows all about asking. Performing as a living statue in a wedding dress, she wordlessly asked thousands of passersby for their dollars. When she became a singer, songwriter, and musician, she was not afraid to ask her audience to support her as she surfed the crowd (and slept on their couches while touring). And when she left her record label to strike out on her own, she asked her fans to support her in making an album, leading to the world's most

successful music Kickstarter. Even while Amanda is both celebrated and attacked for her fearlessness in asking for help, she finds that there are important things she cannot ask for-as a musician, as a friend, and as a wife. She learns that she isn't alone in this, that so many people are afraid to ask for help, and it paralyzes their lives and relationships. In this groundbreaking book, she explores these barriers in her own life and in the lives of those around her, and discovers the emotional, philosophical, and practical aspects of THE ART OF ASKING. Part manifesto, part revelation, this is the story of an artist struggling with the new rules of exchange in the twenty-first century, both on and off the Internet. THE ART OF ASKING will inspire readers to rethink their own ideas about asking, giving, art, and love.

PaperCrafter The renowned and influential book artist Hedi Kyle shows you step-by-step how to create her unique designs using folding techniques in *The Art of the Fold*. Bookbinding and paper craft projects include flag books, blizzard books, the fishbone fold, and nesting boxes. Written by the doyenne of artists' books, Hedi Kyle, *The Art of the Fold* is a wonderful insight into the work of a truly skilled artist. Hedi will show you how to bind a book and fold paper to create over 35 of her cut-fold book designs. The book is beautifully illustrated with Hedi's finished works of art. An excerpt from the book: 'I can still remember the thrill I experienced when my first folded book structure emerged from my fingers – how eager I was to explore its possibilities and to share it with whoever was interested. The Flag Book, as I now call it, is a simple accordion and has interlocking pages oriented in opposite directions. Little did I know that this simple structure would have legs and be the catalyst for the next forty-plus years of thinking about and making books. The common perception of the book today is fairly straightforward: a series of pages organized around a spine and protected on either side by two covers. This format allows for easy access, storage and retrieval of information. Yet what happens when the book is stripped away of centuries of preconceptions and is allowed to reveal something else: playfulness, utility, invention? Expanding the notion of the book is what the structures in the following chapters of *The Art of the Fold* attempt to do. Exploring its tactile, sculptural form, primarily through folding methods, the book as a structural object is celebrated while content is considered in a new and unconventional way. My range in this medium has always been broad. In part this is due to my introduction to the world of bookbinding and some chance encounters. In the 1970s in New York City, the art and craft of hand bookbinding and papermaking were experiencing an unprecedented revival. I was fortunate to arrive in the city at just this moment. With an art-school background and an impulse to make things, I was naturally

drawn to pursue this new opportunity. The Center for Book Arts, the famous forerunner of so many centers yet to come, was located in a small storefront just down the street from where I lived on the Lower East Side of Manhattan. Under the direction of founder Richard Minsky, it had a radical mission: to push concept, materials, printing and making of artist books in a new direction. When Richard dared me to teach at the Center one evening a week, I was hooked. My career as a book conservator and a book artist has now spanned over 45 years. As head conservator at the American Philosophical Society in Philadelphia, I've had the opportunity to handle some of the rarest volumes and manuscripts in the world. I have also dealt with decrepit books, torn maps and countless curiosities discovered in stacks and archives. All were endless sources for ideas and provided a springboard for a departure from tradition. Leading book-arts workshops around the world and a 25 year tenure teaching in the graduate program for Book Arts and Printmaking at the University of the Arts in Philadelphia have shown me, in retrospect, that the more I taught, t
