The Art Book Editors of Phaidon Press, 2005-03-02 Winner of the Illustrated Book of the Year award in 1994, *The Art Book* has been an outstanding success and has become a well-known landmark in the art book world. Now published in over 20 different languages and in mini, midi, and hardback formats, it has received rave reviews from numerous newspapers and magazines and has made many appearances on the bestseller lists. Complemented by *The 20th Century Art Book* and *The American Art Book*, its unique approach brings art alive. An A-Z guide to 500 great painters and sculptors from medieval to modern times, it debunks art-historical classifications by throwing together brilliant examples of all periods, schools, visions and techniques. Each artist is represented by a full-page colour plate of a definitive work, accompanied by explanatory and illuminating information on the image and its creator. Glossaries of artistic movements and technical terms are included, making this a valuable work of reference as well as a feast for the eyes. By breaking with traditional classifications, *The Art Book* represents a fresh and original approach to art: an unparalleled visual sourcebook and a celebration of our rich and multi-faceted culture.

The Art Book Editors Phaidon, 2020 A brand-new revised and updated edition of Phaidon's accessible, acclaimed A-Z guide to the most important artists of all time. The new edition spotlights more than 600 great artists from medieval to modern times. Breaking with traditional classifications, it throws together brilliant examples from all periods, schools, visions, and techniques, presenting an unparalleled visual sourcebook and a celebration of our rich, multifaceted culture. Artists featured for the first time in this edition include: Berenice Abbott, Hilma af Klint, El Anatsui, Romare Bearden, Mark Bradford, Cao Fei, Cecily Brown, Judy Chicago, John Currin, Guerrilla Girls, Lee Krasner, Jacob Lawrence, Kerry James Marshall, Joan Mitchell, Zanele Muholi, Takashi Murakami, Louise Nevelson, Clara Peeters, Jenny Saville, Wolfgang Tillmans, and more--

Chinese Art: The Impossible Collection Adrian Cheng, John Dodelande, 2021-05-01 While readers will come away from *Chinese Art* with a nuanced understanding of Chinese culture, the volume is also a work of art in its own right—a must-have collectible for any devotee of Chinese art and culture. Assouline's *Ultimate Collection* is an homage to the art of luxury bookmaking—the oversized volume is hand-bound using traditional techniques, with several of the plates hand-tipped on art-quality paper and housed in a luxury silk clamshell.

The Art Book for Children Ferren Gipson, Amanda Renshaw, Gilda Williams, 2024-05-22 'A perfect introduction to art for parents and children to enjoy together.' - *The Guardian* A brand-new combined, revised, and expanded edition of the ground-breaking, iconic art book series for children - perfect for readers aged 7-12 Two decades ago, Phaidon published the first volume in *The Art Book for Children* series (adapted especially for children from Phaidon's iconic *The Art Book*), which quickly became beloved by children and parents the world over. To share its legacy with a new generation of readers, this combined, updated, and expanded edition pairs a selection of 'best of'

artists from the original series with 30 brand-new contemporary entries. This single volume features 60 artists through a wide range of large-scale, full-page reproductions of their artworks, including paintings, photographs, sculptures, video, prints, and installations from across time and space. Each page showcases defining artworks by the artists, combined with an interactive and informative conversation, giving relatable and memorable contexts for children, and inspiring a curiosity and appreciation for the Visual Arts that will continue into adulthood. With a fresh new design, this book both features the 'best of' from the original two volumes, plus new entries, specially selected in collaboration with art historian and writer, Ferren Gipson. Sorted Books Nina Katchadourian,2013-02-08 A witty and thought-provoking collection of visual poems constructed from stacks of books. Delighting in the look and feel of books, conceptual artist Nina Katchadourian's playful photographic series proves that books' covers—or more specifically, their spines—can speak volumes. Over the past two decades, Katchadourian has perused libraries across the globe, selecting, stacking, and photographing

groupings of two, three, four, or five books so that their titles can be read as sentences, creating whimsical narratives from the text found there. Thought-provoking, clever, and at times laugh-out-loud funny (one cluster of titles from the Akron Museum of Art's research library consists of: Primitive Art /Just Imagine/Picasso/Raised by Wolves), Sorted Books is an enthralling collection of visual poems full of wry wit and bookish smarts. Praise for Sorted Books "Katchadourian's project . . . takes on a weight beyond its initial novelty. It's a love letter to books, book collecting and the act of reading." –San Francisco Chronicle "As a longtime fan of [Katchadourian's] long-running Sorted Books project I'm thrilled for the release of Sorted Books—a collection spanning nearly two decades of her witty and wise minimalist mediations on life by way of ingeniously arranged book spines. . . . In an era drowned in periodic death tolls for the future of the physical book, her project stands as a celebration of the spirit embedded in the magnificent materiality of the printed page." –Brain Pickings "Katchadourian's stacks possess an understated sophistication; they are true to the intimate nature of books and yet reveal their dramatic features and unexpected potential." –Publishers Weekly

Why Art? Eleanor Davis, 2018-02-14 This is a treatise on what makes art art, told in graphic novel form. What is "Art"? It's widely accepted that art serves an important function in society. But the concept falls under such an absurdly large umbrella and can manifest in so many different ways. Art can be self indulgent, goofy, serious, altruistic, evil, or expressive, or any number of other things. But how can it truly make lasting, positive change? In Why Art?, acclaimed graphic novelist Eleanor Davis (How To Be Happy) unpacks some of these concepts in ways both critical and positive, in an attempt to illuminate the highest possible potential an artwork might hope to achieve. A work of art unto itself, Davis leavens her exploration with a sense of humor and a thirst for challenging preconceptions of art worth of Magritte, instantly drawing the reader in as a willing accomplice in her quest.

Falling in love is easy, except when it's not, and Jamie must decide if coming clean to Mason is worth facing his worst fear.
