Sorted Books Nina Katchadourian,2013-02-08 A witty and thought-provoking collection of visual poems constructed from stacks of books. Delighting in the look and feel of books, conceptual artist Nina Katchadourian's playful photographic series proves that books' covers—or more specifically, their spines—can speak volumes. Over the past two decades, Katchadourian has perused libraries across the globe, selecting, stacking, and photographing groupings of two, three, four, or five books so that their titles can be read as sentences, creating whimsical narratives from the text found there. Thought-provoking, clever, and at times laugh-out-loud funny (one cluster of titles from the Akron Museum of Art's research library consists of: Primitive Art /Just Imagine/Picasso/Raised by Wolves), *Sorted Books* is an enthralling collection of visual poems full of wry wit and bookish smarts. Praise for *Sorted Books* "Katchadourian's project . . . takes on a weight beyond its initial novelty. It's a love letter to books, book collecting and the act of reading." —San Francisco Chronicle "As a longtime fan of [Katchadourian's] long-running *Sorted Books* project I'm thrilled for the release of *Sorted Books*—a collection spanning nearly two decades of her witty and wise minimalist mediations on life by way of ingeniously arranged book spines. . . . In an era drowned in periodic death tolls for the future of the physical book, her project stands as a celebration of the spirit embedded in the magnificent materiality of the printed page." —Brain Pickings "Katchadourian's stacks possess an understated sophistication; they are true to the intimate nature of books and yet reveal their dramatic features and unexpected potential." —Publishers Weekly

The Assignment Liza Wiemer,2021-08-31 Inspired by a real-life incident, this riveting novel explores the dangerous impact discrimination and antisemitism have on one community when a school assignment goes terribly wrong. Would you defend the indefensible? That's what seniors Logan March and Cade Crawford are asked to do when a favorite teacher instructs a group of students to argue for the Final Solution--the Nazi plan for the genocide of the Jewish people. Logan and Cade decide they must take a stand, and soon their actions draw the attention of the student body, the administration, and the community at large. But not everyone feels as Logan and Cade do--after all, isn't a school debate just a school debate? It's not long before the situation explodes, and acrimony and anger result. Based on true events, *The Assignment* asks: What does it take for tolerance, justice, and love to prevail? An important look at a critical moment in history through a modern lens showcasing the power of student activism. --SLJ

You Are an Artist Sarah Urist Green,2020-04-14 "There are more than 50 creative prompts for the artist (or artist at heart) to explore. Take the title of this book as affirmation, and get started." —Fast Company More than 50 assignments, ideas, and prompts to expand your world and help you make outstanding new things to put into it Curator Sarah Urist Green left her office in the basement of an art museum to travel and visit a diverse range of artists, asking them to share prompts that relate to their own ways of working. The result is *You Are an Artist*, a journey of creation through which you'll invent imaginary friends, sort books, declare a cause, construct a landscape, find your band, and become someone else (or at least try). Your challenge is to filter these assignments through the lens of your own experience and make art that reflects the world as you see it. You don't have to know how to draw well, stretch a canvas, or mix a paint color that perfectly matches that of a mountain stream. This book is for anyone who wants to make art, regardless of experience level. The only materials you'll need are what you already have on hand or can source for free. Full of insights, techniques, and inspiration from art history, this book opens up the processes and practices of artists and proves that you, too, have what it takes to call yourself one. *You Are an Artist* brings together more than 50 assignments gathered from some of the most innovative creators working today, including Sonya Clark, Michelle Grabner, The Guerrilla Girls, Fritz Haeg, Pablo Helguera, Nina Katchadourian, Toyin Ojih Odutola, J. Morgan Puett, Dread Scott, Alec Soth, Gillian Wearing, and many others.

Assign & Arrange Kirsten Maar,2014 *Assign & Arrange: Methodologies of Presentation in Art and Dance* aims to map the exchanges and transgressions between art and dance that characterize the manifold variety of relations between art and dance that can be observed today: dance performances taking place in art galleries or public spaces, for example, or visual artists developing specific presentational formats or exhibition displays that generate dimensions of dramaturgy and choreography for their visitors. Terms like *mise-en-scène*, situation, setting, choreography, and installation are being almost coevally used not only by theoreticians but also by contributors from both art and dance in order to define modes of presentation or to specify visitors' aesthetic experience. Taking into account historical and current examples, and involving perspectives from art history, dance studies, and architecture, the book explores similarities and differences in the respective practices, as well as in the theoretical concepts they correspond with. Contributors Ina Blom, Franziska Bork Petersen, Andrea Bozic, Gabriele Brandstetter, Ramsay Burt, Maren Butte, Fiona McGovern, Adrian Heathfield, Liz Kotz, Kirsten Maar, Marie-France Rafael, Jörn Schafaff, Nina Schallenberg, Minnie Scott, Gregor Stemrich, Christian Tecker

Prioritization, Delegation, and Assignment Linda A. LaCharity,Candice K. Kumagai,Barbara Bartz,2013-01-01

Prioritization, Delegation, and Assignment: Practice Exercises for the NCLEX® Examination is the only review book on the market with a focus on prioritization and management of care—just like the current NCLEX Examination itself! The workbook's unique approach establishes your foundational knowledge and then provides exercises of increasing difficulty to help you build confidence in your prioritization, delegation, and patient assignment skills. It offers unique preparation for the NCLEX Examination and effectively equips you to practice in today's fast-paced healthcare environment. UNIQUE! Emphasis on the NCLEX Management-of-Care Focus: LaCharity is the only workbook available that focuses on the NCLEX Exam's management-of-care focus. No other book on the market addresses the heavy management-of-care emphasis—consisting of prioritization, delegation, and patient assignment—of the current NCLEX Examination (17-23% of the 2013 NCLEX-RN Exam). Graduating seniors report that LaCharity has been invaluable in preparing them to pass the NCLEX Exam and enter into practice. UNIQUE! Three-Part Organization: The book consists of three parts, each of which builds on the previous one: . Part 1: Introduction; Part 2: Prioritization, Delegation, and Assignment in Common Health Scenarios; Part 3: Prioritization, Delegation, and Assignment in Complex Health Scenarios. This organization establishes foundational knowledge and then provides exercises of increasing difficulty to help students build confidence in their prioritization, delegation, and patient assignment skills. It also helps students move from passing the NCLEX-RN Exam to hitting the ground running as they transition into clinical practice. Part 1: Introduction: Part 1, consisting of a chapter by delegation expert Ruth Hansten, provides guidelines for prioritization, delegation, and patient assignment decisions. The Introduction provides a concise, practical foundation on which Parts 2 and 3 build. Part 2: Prioritization, Delegation, and Assignment in Common Health Scenarios: Organized by body system, the chapters in Part 2 begin to give students practice in applying the principles from Part 1 to relatively straightforward scenarios involving single patients or simple patient assignments. Straightforward NCLEX-style multiple-choice, multiple-select, ordering, and short-answer questions help students develop and build confidence in prioritization, delegation, and patient assignment skills while working within the confines of relatively simple health scenarios. Part 3: Prioritization, Delegation, and Assignment in Complex Health Scenarios: Unfolding cases in Part 3 gradually immerse students in realistically complex clinical situations involving patients with complicated health problems or challenging assignment issues. These unfolding cases build on the skills learned in Part 2 to equip students to make sound decisions in realistic, complex health scenarios involving complicated health problems and/or challenging patient assignment decisions. The unfolding nature of each case realistically demonstrates the progression of typical health scenarios and helps students learn to think like nurses by developing what Benner (2010) calls clinical imagination. Answer Key: The in-depth Answer Key at the back of the book provides not only the correct answer but also a detailed rationale and an indication of the focus of the question, whether prioritization, delegation, supervision, or patient assignment. Detailed rationales encourage formative assessment, in which students learn as much from answering incorrectly as they do from answering correctly. Expanded content focus to include psychiatric/mental health, OB/maternity, and pediatrics along with med-surg areas. New chapters on infection control and obstetrics.
