**The Backdoor** Will Anderson, 2007-07 Facing inevitable conflict with the West over reunification of Taiwan, China is using its trade surplus to acquire advanced weapons. Ground-based anti-satellite missiles have been demonstrated; space-based missiles follow logically. China hires a Russian firm to help develop a missile platform based on a planned Soviet era spacecraft designed to counter American Star Wars weapons. During development, Russian engineers hide a backdoor in the missile computers. After the missile platform is launched the engineers demonstrate the backdoor by firing a missile at the Space Station, damaging it. Islamic terrorists then pay them to destroy GPS satellites. The navigation system fails with horrific consequences. An angry U.S. destroys the missile platform. The baffled Chinese launch a replacement, threaten massive retaliation if the U.S. attacks. As events unfold, Peter Dime, covert CIA operative, and Heather Young, brilliant and beautiful analyst, lead a team to uncover the truth and prevent armed U.S./China confrontation. Subplots include romance between Dime and Young, plight of the Station astronauts, and terrorist intrigues. Along the way, readers are transported to exciting locales, from Washington to Moscow and Tehran, from California to Beijing and Jakarta. They also gain informative glimpses into the workings of spacecraft, missiles, and unique weapons.

Determined not to let that happen, he'll need all the help he can get—especially from his sexy new business partner. If he can get her to take a chance on his crazy new idea, then maybe he can convince her to take a chance on him. Becky Jean Parker's life has been anything but what she'd imagined it would be, but she'd been

content until a recent turn of events once again left her no choice. Unless she wants to wallow in bankruptcy for the rest of her life, she'll have to go along with her new business partner's insane plan and pray he knows what he's talking about. The only thing more insane than Ford's plan to sell sex toys is her attraction to him. Typical of her life, she'd had no choice but to fall for the one man she can't have.
