Qatar 2022 , The Business Year has charted the course of the Qatari economy for the best part of a decade, including every development since it won the right to host the 2022 FIFA World Cup. As the first Middle Eastern country to host the tournament, Qatar has focused much effort on making sure it not only puts on a good show, but that its legacy extends well into the future. It is in this atmosphere that we carried out research for this publication, The Business Year: Qatar 2022, World Cup Special Edition.

**A Tale of Two Narratives** Grace Wermenbol,2021-05-27 The Holocaust and the Nakba are foundational traumas in Israeli-Jewish and Palestinian societies and form key parts of each respective collective identity. This book offers a parallel analysis of the transmission of these foundational pasts in Israeli-Jewish and Palestinian societies by exploring how the Holocaust and the Nakba have been narrated since the signing of the 1993 Oslo Accords. The work exposes the existence and perpetuation of ethnocentric victimhood narratives that serve as the theoretical foundations for an ensuing minimization – or even denial – of the other's past. Three established realms of societal memory transmission provide the analytical framework for this study: official state education, commemorative acts, and mass mediation. Through this analysis, the work demonstrates the interrelated nature of the Israeli-Palestinian conflict and the contextualization of the primary historical events, while also highlighting the universal malleability of mnemonic practices.

**Palestinian Youth Media and the Pedagogies of Estrangement** Sanjay Asthana,Nishan Havandjian,2016-01-26 Through an investigation on how Palestinian youth appropriate low-end information and communication technologies (ICTs) and digital media forms, Sanjay Asthana and Nishan Havandjian analyze how certain developments in globalization and media convergence enable young people to create new civic spaces.

*The Business Year: Qatar 2021* , 2020 will forever be remembered as the year that the COVID-19 pandemic mercilessly hit the world, leaving a trail of loss both human and economic. Qatar has managed to limit its economic decline to a reasonable 2.5%, emerging as the top performer in the GCC. The IMF also expects the economy to expand 2.7% in 2021. Resilience and diversification have been buzzwords in Qatar for some time, yet never have they taken on so much meaning. This 184-page publication aims to provide a platform for the country's decision makers at a time of global uncertainty and act as a guide for investors looking seriously at the Gulf economy. It covers sports, finance, energy, industry, transport, ICT and media, construction and real estate, food security, health and education, tourism, and retail.

*My Voice Is My Weapon* David A. McDonald, 2013-10-16 In *My Voice Is My Weapon*, David A. McDonald rethinks the conventional history of the Palestinian crisis through an ethnographic analysis of music and musicians, protest songs, and popular culture. Charting a historical narrative that stretches from the late-Ottoman period through the end of the second Palestinian intifada, McDonald examines the shifting politics of music in its capacity to both reflect and shape fundamental aspects of national identity. Drawing case studies from Palestinian communities in Israel, in exile, and under occupation, McDonald grapples with the theoretical and methodological challenges of tracing resistance in the popular imagination, attempting to reveal the nuanced ways in which Palestinians have confronted and opposed the traumas of foreign occupation. The first of its kind, this book offers an in-depth ethnomusicological analysis of the Israeli-Palestinian conflict, contributing a performative perspective to the larger scholarly conversation about one of the world's most contested humanitarian issues.

Memory Activism Yifat Gutman, 2021-04-30 SAGE Memory Studies Journal & Memory Studies Association Outstanding First

Book Award, Honorable Mention, 2019 Set in Israel in the first decade of the twenty-first century and based on long-term fieldwork, this rich ethnographic study offers an innovative analysis of the Israeli-Palestinian conflict. It explores practices of memory activism by three groups of Jewish-Israeli and Arab-Palestinian citizens--Zochrot, Autobiography of a City, and Baladna--showing how they appropriated the global model of truth and reconciliation while utilizing local cultural practices such as tours and testimonies. These activist efforts gave visibility to a silenced Palestinian history in order to come to terms with the conflict's origins and envision a new resolution for the future. This unique focus on memory as a weapon of the weak reveals a surprising shift in awareness of Palestinian suffering among the Jewish majority of Israeli society in a decade of escalating violence and polarization--albeit not without a backlash. Contested memories saturate this society. The 1948 war is remembered as both Independence Day by Israelis and al-Nakba (the catastrophe) by Palestinians. The walking tour and survivor testimonies originally deployed by the state for national Zionist education that marginalized Palestinian citizens are now being appropriated by activists for tours of pre-state Palestinian villages and testimonies by refugees.

### **Work with Youth in Divided and Contested Societies**

,2007-01-01 Work with youth in conflict societies has been seen as a unique experience, because of the extraordinary and extenuating circumstances, but as the focus has changed from protection of youth to the participation of youth, a second aim of this volume is to draw connections between the skills needed under these circumstances and the practices of youthwork and human services in other contexts.

### **Qatar and the Gulf Crisis** Kristian Coates

Ulrichsen,2020-03-01 In 2017, Saudi Arabia, Bahrain, the UAE and Egypt severed diplomatic ties with Qatar, launching an economic blockade by land, air and sea. The self-proclaimed 'Anti-Terror

Quartet' offered maximalist demands: thirteen 'conditions' recalling Austria-Hungary's 1914 ultimatum to Serbia. They may even have intended military action. Well into its second year, the standoff in the Gulf has no realistic end in sight. With the Bahraini and Emirati criminalisation of expressing support for Qatar, and the Saudi labelling of detainees as 'traitors' for their alleged Qatari links, bitterness has been stoked between deeply interconnected peoples. The adviser to the Saudi crown prince advocating a moat to physically separate Qatar from the Arabian Peninsula illustrates the ongoing intensity--and irrationality--of the crisis. Most reporting and analysis of these developments has focused on questions of regional geopolitics, and framed the standoff in terms of its impact on (largely) Western interests. Lost in this thicket of commentary is consideration of how the Qatari leadership and population have responded to the blockade. As the 2022 FIFA World Cup draws closer, the ongoing Qatar crisis becomes increasingly important to understand. Ulrichsen offers an authoritative study of this international standoff, from both sides.

**Qatar 1975/76-2019** Anthony Axon, Susan Hewitt, 2020-09-25 The fourth in this series, the Contemporary Archive of the Islamic World (CAIW), draws on the resources of Cambridge-based World of Information. The discovery of substantial oil and gas deposits, changed Qatar and its people beyond recognition.

Branding the Middle East Steffen Wippel, 2023-10-02 This edited volume investigates place, product, and personal branding in the Middle East and North Africa, including some studies from adjacent regions and the wider Islamicate world. Going beyond simply presenting logos and slogans, it critically analyses processes of strategic communication and image building under general conditions of globalisation, neoliberalisation, and postmodernisation and, in a regional perspective, of lasting authoritarian rule and increased endeavours for worlding. In particular, it looks at the multiple actors involved in branding activities, their interests and motives, and investigates tools,

channels, and forms of branding. A major interest exists in the entanglements of different spatial scales and in the (in)consistencies of communication measures. Attention is paid to reconfigurations of certain images over time and to the positioning of objects of branding in time and space. Historical case studies supplement the focus on contemporary branding efforts. While branding in the Western world and many emerging economies has been meticulously analysed, this edited volume fills an important gap in the research on MENA countries.

**Perspectives on Arabic Linguistics** Mushira Eid, Clive Holes, 1993-04-01 The papers in the first section of this volume, 'Variation in Arabic', deal with a wide range of topics: the function

of Modern Standard Arabic (MSA) vs. dialect variation in political speeches, patterns of variation in concord in Cairene dialect, the extent to which Cairenes 'know' MSA, and the scope of emphaticization in different dialects. In the section on 'Phonological Perspectives' there are papers dealing with emphasis spread and with gemination/degemination/antigemination in Iraqi Arabic. The papers in the section on syntax, all focused on MSA and within a GB framework, discuss aspects of Arabic that are problematic for current hypotheses in linguistics, and also more traditional issues such as word order and verbal vs. nominal sentences. The last two papers represent a historical, comparative Semitic perspective: on the function of energetic suffixes, and on the reconstruction of the early Arabic sounds represented by *siin* and *šiin*.

*Protests and Generations: Legacies and Emergences in the Middle East, North Africa and the Mediterranean*, 2017-04-18 This collection problematizes the relationship between protests and generations. It examines how the production of generations relates to mobilization, forms of protest, and the generation of memory. It explores genealogies of generational formations in popular protests in the Middle East, North Africa and the Mediterranean.

**Palestinian Youth Activism in the Internet Age** Albana S. Dwonch, 2019-10-31 Since the Arab uprisings of 2011, Palestinian youth movements have formed unofficial and leaderless networks of political activism, using the internet to mobilise and bring together three generations of Palestinian activists. This book focuses on three key case studies that have marked a turning point in the development of youth-organised and grassroots Palestinian politics: the 15 March movement in Gaza, the Palestinians for Dignity movement in the West Bank, and the Praver movement of young Palestinians in Israel. Drawing on extensive fieldwork composed of interviews with leading Palestinian activists in the West Bank and Gaza and detailed

analysis of social media patterns, this book offers a fresh reading of Palestinian youth and their central online and offline role in popular protests against both Israeli and Palestinian power structures.

Transcultural Memory Rick Crownshaw,2016-03-16 Memories are not static or frozen, remaining in particular sites or places, within and belonging to particular groups, cultures or nations; rather, memory travels. Broadly speaking, memory has travelled because of the demographic displacements brought about by modernity's extremes – slavery, colonialism, ethnic cleansing and genocide – and also because of the trade, travel and migration made possible by globalisation. Whether social movement is violent, exilic, migratory, emancipatory or oppressive, it is accompanied by memory. With the movement of people, memories of modernity's histories and postmodern legacies meet, correspond and often become mutually constitutive. Even where memories compete with each other for cultural dominance, mutual dialogue and recognition is implicit if not explicit. Memories travel through and across cultures and national boundaries, a process increasingly facilitated by mass media technologies. This collection explores a range of case studies of transcultural memory as well as theorising the mobility of memory as it travels. It was originally published as a special issue of the journal *parallax*.
