118 Theories of Design[ing] Paul A. Rodgers,Craig Bremner,2021-04-06 Theories normally seek to explain something. 118 Theories of Design[ing] asks us to question those explanations. By focusing on a broad range of somewhat overlooked and undervalued essays, papers, book articles, words, terms, authors and phenomena that swirl around design[ing], the reader is encouraged to read, reflect and question everything. This original book will appeal to a global market of university faculty heads and deans, museum directors, design educators, design researchers, key design practitioners, publishers, members of the design media, and undergraduate, postgraduate and post-doctoral students of design.

The Plum in the Golden Vase or, Chin P'ing Mei, Volume Two ,2013-05-02 In this second of a planned five-volume series, David Roy provides a complete and annotated translation of the famous Chin P'ing Mei, an anonymous sixteenth-century Chinese novel that focuses on the domestic life of His-men Ch'ing, a corrupt, upwardly mobile merchant in a provincial town, who maintains a harem of six wives and concubines. This work, known primarily for its erotic realism, is also a landmark in the development of narrative art--not only from a specifically Chinese perspective but in a world-historical context. With the possible exception of The Tale of Genji (1010) and Don Quixote (1615), there is no earlier work of prose fiction of equal sophistication in world literature. Although its importance in the history of Chinese narrative has long been recognized, the technical virtuosity of the author, which is more reminiscent of the Dickens of Bleak House, the Joyce of Ulysses, or the Nabokov of Lolita than anything in the earlier Chinese fiction tradition, has not yet received adequate recognition. This is partly because all of the existing European translations are either abridged or based on an inferior recension of the text. This translation and its annotation aim to faithfully represent and elucidate all the rhetorical features of the original in its most authentic form and thereby enable the Western reader to appreciate this Chinese masterpiece at its true worth.

The Plum in the Golden Vase or, Chin P'ing Mei, Volume Four ,2015-10-06 The fourth volume of a celebrated translation of the classic Chinese novel This is the fourth and penultimate volume in David Roy's celebrated translation of one of the most famous and important novels in Chinese literature. The Plum in the Golden Vase or, Chin P'ing Mei is an anonymous sixteenth-century work that focuses on the domestic life of Hsi-men Ch'ing, a corrupt, upwardly mobile merchant in a provincial town, who maintains a harem of six wives and concubines. The novel, known primarily for its erotic realism, is also a landmark in the development of the narrative art form—not only from a specifically Chinese perspective but in a world-historical context. This complete and annotated translation aims to faithfully represent and elucidate all the rhetorical features of the original in its most authentic form and thereby enable the Western reader to appreciate this Chinese masterpiece at its true worth.

The Plum in the Golden Vase or, Chin P'ing Mei, Volume Three ,2011-07-05 In this third volume of a planned five-volume series, David Roy provides a complete and annotated translation of the famous Chin P'ing Mei, an anonymous sixteenth-century Chinese novel that focuses on the domestic life of His-men Ch'ing, a corrupt, upwardly mobile merchant who maintains a harem of six wives and concubines. This work, known primarily for its erotic realism, is also a landmark in the development of narrative art--not only from a specifically Chinese perspective but also in a world-historical context. Written during the second half of the sixteenth century and first published in 1618, The Plum in the Golden Vase is noted for its surprisingly modern technique. With the possible exception of The Tale of Genji (ca. 1010) and Don Quixote (1605, 1615), there is no earlier work of prose fiction of equal sophistication in world literature. Although its importance in the history of Chinese narrative has long been recognized, the technical virtuosity of the author, which is more reminiscent of the Dickens of Bleak House, the Joyce of Ulysses, or the Nabokov of Lolita than anything in earlier Chinese fiction, has not yet received adequate recognition. This is partly because all of the existing European translations are either abridged or based on an inferior recension of the text. This translation and its annotation aim to faithfully represent and elucidate all the rhetorical features of the original in its most authentic form and thereby enable the Western reader to appreciate this Chinese masterpiece at its true worth. Replete with convincing portrayals of the darker side of human nature, it should appeal to anyone interested in a compelling story, compellingly told.

The Plum in the Golden Vase Or, Chin P'ing Mei, Volume Three Hsiao Hsiao Sheng,2006 A five-volume translation of the classic sixteenth-century Chinese novel on the domestic life of a corrupt merchant

Urban Networks in Ch'ing China and Tokugawa Japan Gilbert Rozman,2015-03-08 Ch'ing China and Tokugawa Japan were unusually urbanized premodern societies where about one half of the world's urban population lived as late as 1800. Gilbert Rozman has drawn on both sociology and history to develop original methods of illuminating the historical urbanization of China and Japan and to provide a way of relating urban patterns to other characteristics of social structure in premodern societies. The author also hopes to redirect the analysis of premodern societies into areas where China and Japan can be compared with each other and with other large scale societies. The author divides central places into seven levels and determines how many levels were present in each country century by century. Through this method he is able to demonstrate how Japan was rapidly narrowing China's lead in urbanization and show that Japan was relatively efficient in concentrating resources in high level cities. Explanations for differences in urban concentration are sought in: a general discussion of the social structure of each country; an analysis of marketing patterns; a detailed study of Chihli province and the Kantō region; an examination of regional variations; and a comparison of Peking and Edo, which were probably the world's largest cities throughout the eighteenth century. Governmental Power Market-Ing in the VU-CHAOS World Jermittiparsert, Kittisak,Gohwong, Srirath,Pavapanunkul, Shayut,Mahittichatkul, Nasaran,2023-09-29 Governmental Power Market-Ing in the VU-CHAOS World is a thought-provoking book that explores the blended concepts of state governance, marketing, and management. This book offers a comprehensive examination of the dynamics and implications of governmental power in a rapidly changing world. Delve into this text to investigate the concept of government and its significance, as well as the rise of gerontocracy, where the elders exert influence over the state game, both in theory and practice. Further chapters explore topics such as the hidden agenda behind the development of government in governmental power marketing theory, the sources and status of government, strategies, and behavior of governments as buyers. The influences that shape governmental buying behavior and the implications for controlling governmental power are also examined. Readers will gain insights into future trends in government theory and practice, including strategic approaches for stateless players and net states. Case studies and comparative applications offer real-world examples and practical implications. Governmental Power Market-Ing in the VU-CHAOS World is an essential resource for academics, researchers, policymakers, and anyone interested in understanding the complex interplay between governmental power and market dynamics in today's evolving global landscape.

Daughter of the Salt King A. S. Thornton,2021-02-02 2021 Foreword INDIES Finalist A girl of the desert and a jinni born long ago by the sea, both enslaved to the Salt King—but with this capricious magic, only one can be set free. As a daughter of the Salt King, Emel ought to be among the most powerful women in the desert. Instead, she and her sisters have less freedom than even her father's slaves ... for the Salt King uses his own daughters to seduce visiting noblemen into becoming powerful allies by marriage. Escape from her father’s court seems impossible, and Emel dreams of a life where she can choose her fate. When members of a secret rebellion attack, Emel stumbles upon an alluring escape route: her father’s best-kept secret—a wish-granting jinni, Saalim. But in the land of the Salt King, wishes are never what they seem. Saalim’s magic is volatile. Emel could lose everything with a wish for her freedom as the rebellion intensifies around her. She soon finds herself playing a dangerous game that pits dreams against responsibility and love against the promise of freedom. As she finds herself drawn to the jinni for more than his magic, captivated by both him and the world he shows her outside her desert village, she has to decide if freedom is worth the loss of her family, her home and Saalim, the only man she’s ever loved.

Open(ing) Education Dianne Conrad,Paul Prinsloo,2020-01-20 It is clear now that open education is much more than a binary consideration of open versus closed but also includes opening. This book maps a range of different theoretical and practice-oriented approaches and proposals to (re)considering open education.
