

Brazilian

Darcy Ribeiro,Gregory Rabassa

The Brazilian People Darcy Ribeiro, Gregory Rabassa, 2000 This is the first English-language translation of the culmination of the life work of Darcy Ribeiro, one of Brazil's leading twentieth-century intellectuals, known internationally both for his work in Indian affairs and for his political activism. First published as *O Povo Brasileiro* in 1995, two years before Ribeiro's death, it quickly became a controversial best-seller. Offering a sweeping overview of the ethnic, racial, and social forces that shape Brazilian culture and society, the book presents no less than an aesthetic of the Brazilian people as a whole. While Ribeiro dwells on the paradox of Brazil as a country of immense potential hindered by racial and class prejudice, he also says it is the most beautiful and luminous province on earth. Elegantly translated by the acclaimed Gregory Rabassa, this work does justice to Ribeiro's original Portuguese text, with all its idiosyncrasies, intrinsic poetry, epic hyperbole, and departures from contemporary U.S. norms of political correctness. It will be of immense significance to all those interested in Latin American culture, anthropology, sociology, and history as well as in the theory of culture.

Little Brazil Maxine L. Margolis, 2021-05-11 Walking west on 46th Street in Manhattan, just three blocks from Rockefeller Center, one passes Brazilian restaurants, the office of New York's Brazilian newspaper, a Brazilian travel agency, a business that sends remittances and wires flowers to Brazil, and a store that sells Brazilian food products, magazines, newspapers, videos, and tapes. These businesses are the tip of an ethnic iceberg, an unseen minority estimated to number some 80,000 to 100,000 Brazilians in the New York metropolitan area alone. Despite their numbers, the lives of these people remain largely hidden to scholars and the public alike. Now Maxine L. Margolis remedies this neglect with a fascinating and accessible account of the lives of New York's Brazilians. Showing that these immigrants belie American stereotypes, Margolis reveals that they are largely from the middle strata of Brazilian society: many, in fact, have university educations. Not driven by dire poverty or political repression, they are fleeing from chaotic economic conditions that prevent them from maintaining a middle-class standard of living in Brazil. But despite their class origin and education, with little English and no work papers, many are forced to take menial jobs after their arrival in the United States. Little Brazil is not an insentient statistical portrait of this population writ large, but a nuanced account that captures what it is like to be a new immigrant in this most cosmopolitan of world cities.

Oxford Anthology of the Brazilian Short Story K. David Jackson Professor in the Department of Spanish and Portuguese Yale University, 2006-08-03 The Oxford Anthology of the Brazilian Short Story contains a selection of short stories by the best-known authors in Brazilian literature from the late nineteenth century to the present. With few exceptions, these stories have appeared in English translation, although widely separated in time and often published in obscure journals. Here they are united in a coherent edition representing Brazil's modern, vibrant literature and culture. J.M. Machado de Assis, who first perfected the genre, wrote at least sixty stories considered to be masterpieces of world literature. Ten of his stories are included here, and are accompanied by strong and diverse representations of the contemporary story in Brazil, featuring nine stories by Clarice Lispector and seven by Joao Guimaraes Rosa. The remaining 34 authors include Mario de Andrade, Graciliano Ramos, Osman Lins, Dalton Trevisan, and other major names whose stories in translation exhibit profound artistry. The anthology is divided into four major periods, Tropical Belle-Epoque, Modernism, Modernism at Mid-Century, and Contemporary Views. There is a general introduction to Brazilian literary culture and introductions to each of the four sections, with descriptions of the authors and a general bibliography on Brazil and Brazilian literature in English. It includes stories of innovation (Mario de Andrade), psychological suspense (Graciliano Ramos), satire and perversion (Dalton Trevisan), altered realities and perceptions (Murilo Rubião), repression and sexuality (Hilda Hilst, Autran Dourado), myth (Nelida Pinon), urban life (Lygia Fagundes Telles, Rubem Fonseca), the oral tale (Jorge Amado, Rachel de Queiroz) and other overarching themes and issues of Brazilian culture. The anthology concludes with a haunting story set in the opera theater in Manaus by one of Brazil's most recently successful writers, Milton Hatoum.

Brazilian Food Jane Fajans, 2013-07-18 Brazil is a nation of vast expanses and enormous variation from geography and climate to cultures and languages. Within these boundaries are definable regions in which certain customs, history, and shared views help define an identity and cohesion. In many cases, the pattern of settlement and immigration has influenced the culinary culture of Brazil. This book explores the role that food and cuisine play in the construction of identity on both the regional and national levels in Brazil through key case examples. It explores the way in which food has become an important element in attracting tourists to a region as well as a way of making aspects of a culture known beyond its borders as cookbooks, ingredients and restaurants move outward in our globalized world.

Behaving Brazilian Phyllis A. Harrison, 1983

Black Into White Thomas E. Skidmore, 1993 Published to wide acclaim in 1974, Thomas E. Skidmore's intellectual history of Brazilian racial ideology has become a classic in the field. Available for the first time in paperback, this edition has been updated to include a new preface and bibliography that surveys recent scholarship in the field. Black into White is a broad-ranging study of what the leading Brazilian intellectuals thought and propounded about race relations between 1870 and 1930. In an effort to reconcile social realities with the doctrines of scientific racism, the Brazilian ideal of whitening—the theory that the Brazilian population was becoming whiter as race mixing continued—was used to justify the recruiting of European immigrants and to falsely claim that Brazil had harmoniously combined a multiracial society of Europeans, Africans, and indigenous peoples.

The Brazilian Revolution of 1930 Luciano Aronne de Abreu, Marco Aurélio Vannucchi, 2021-07-01 The third of October 2020 marked the 90th anniversary of the Brazilian Revolution of 1930. Although this event is recognized in Brazilian historiography as an important landmark in the construction of contemporary Brazil, debate, discourse and indeed publications commemorating the event have been much less numerous and profound than would be expected. Comparisons have been made with what took place in 1980, the year of the revolutions fiftieth anniversary, where meaningful historical judgements were made across a wide spectrum of society and the political establishment. It is pertinent to ask why there is no longer the appetite for substantive discussion on the Vargas period. Perhaps it is due to the new political climate in Brazil in the last decade, especially with regard to various projects aimed at labour and trade union reform, the main legacies of the revolutionary period which today are considered by many as obstacles to the modernization of the labour market and the country's economic development. Given the economic imperatives and aims of the 1930 Revolution, a re-evaluation of the Vargas Period will assist in better understanding the contemporary economic issues that face Brazil today. The exercise is neither one of nostalgia or

exaltation of this past period, but rather to offer a (positive and negative) overview of Vargas legacy and the vast historiography that surrounds it. Scholars, politicians, business and the Brazilian workforce need to learn from past economic choices in order to better understand the challenges that contemporary Brazil faces. Recently proposed reforms have strong overtones to the revolutionary agenda of the 1930s, namely the forging of a New Brazil and the necessity of avoiding political schism. This book examines the political, economic, labour, cultural, military, and gender ramifications that will guide debate.

Barack Obama is Brazilian Emanuelle K. F. Oliveira-Monte,2017-11-27 This book examines US President Barack Obama's characterizations in the Brazilian media, with a specific focus on political cartoons and internet memes. Brazilians celebrate their country as a racial democracy; thus the US works as its nemesis. The rise of a black president to the office of the most prominent country in the global, political, and economic landscape led some analysts to postulate that the US was living in a post-racial era. President Obama's election also had a tremendous impact on the imaginary of the African Diaspora, and this volume investigates how the election of the first black US president complicates Brazilians' own racial discourses. By focusing on three events—Barack Obama's election in 2008, his visit to Brazil in March 2011, and the aftermath of the US espionage on the Brazilian government in 2013—Emanuelle K. F. Oliveira-Monte analyzes Barack Obama's shifting portrayals that confirm and challenge Brazilian racial conceptions projected upon his figure.

Envisioning Brazil Marshall C. Eakin,Paulo Roberto de Almeida,Rubens Antonio Barbosa,2005-10-31 Envisioning Brazil is a comprehensive and sweeping assessment of Brazilian studies in the United States. Focusing on synthesis and interpretation and assessing trends and perspectives, this reference work provides an overview of the writings on Brazil by United States scholars since 1945. The Development of Brazilian Studies in the United States, provides an overview of Brazilian Studies in North American universities. Perspectives from the Disciplines surveys the various academic disciplines that cultivate Brazilian studies: Portuguese language studies, Brazilian literature, art, music, history, anthropology, Amazonian ethnology, economics, politics, and sociology. Counterpoints: Brazilian Studies in Britain and France places the contributions of U.S. scholars in an international perspective. Bibliographic and Reference Sources offers a chronology of key publications, an essay on the impact of the digital age on Brazilian sources, and a selective bibliography.

The Everything Essential Brazilian Portuguese Book Fernanda Ferreira,2013-07-18 Brazilian Portuguese made fun--and fast! Whether you are planning a vacation, adding a valuable second language to your resume, or simply brushing up on your skills, The Everything Essential Brazilian Portuguese Book is your perfect introduction to the Portuguese language. With easy-to-follow instructions and simple explanations, this portable guide covers the most important basics of the language, including: The Portuguese alphabet and translation Greetings and conversation starters Common questions and answers Describing people and places Verb tenses and sentence structure Basic conversation skills for dining out, conducting business, or shopping With The Everything Essential Brazilian Portuguese Book, you will be speaking--and understanding--Portuguese in no time!

Cooking the Brazilian Way Alison Behnke,Karin L. Duro,2004-01-01 An introduction to Brazilian cooking, featuring traditional recipes for Brazilian pork chops, black bean stew, and codfish bites. Also includes information on the history, geography, customs, and people of this South American nation.

Brazilian Folktales Livia Maria M. de Almeida,Ana Maria Portella,Margaret Read MacDonald,2006-03-31 A rich brew of more than 40 traditional Brazilian tales—from creation stories and stories of enchantment to animal and trickster tales—draws on the varied cultural traditions of indigenous peoples, people of African descent, those of European (and particularly Portuguese) descent, and mixtures of these groups. The stories are retold by today's accomplished Brazilian storytellers. Also includes background information on the country and the tales, color photographs, traditional recipes, and children's games. Brazil, the largest country in South America, covers a vast terrain that ranges from the tropical rain forests of the Amazon basin and upland farms, to towering mountains and sandy beaches; from highly populated urban centers to virtually inaccessible interior jungle regions. Its population is composed of indigenous peoples (e.g., Tupy, Kaxinawa, Taulipang), people of African descent, those of European (mostly Portuguese) descent, and mixtures of these groups. Drawing on the varied cultural traditions and ethnic diversity of the country, this collection offers readers a rich brew of traditional Brazilian tales—from creation stories and stories of enchantment to animal and trickster tales. More than 40 stories are included, along with background information, color photographs, recipes, and games. There are very few collections of Brazilian folktales currently available in English, and none with this depth and range. This is a wonderful treasury for storytellers, folklorists, and educators. Also a great resource for educators planning units on the Amazon rain forest! All grade levels.

Race and the Brazilian Body Jennifer Roth-Gordon,2017 Brazil's comfortable racial contradiction--Good appearances : race, language, and citizenship -- Investing in whiteness: middle-class practices of linguistic discipline -- Fears of racial contact : crime, violence, and the struggle over urban space -- Avoiding blackness : the flip side of *boa aparência* -- Making the *mano* : the uncomfortable visibility of blackness in politically conscious Brazilian hip hop -- Conclusion : seeing race

The Brazilian Puzzle David J. Hess,Roberto da Matta,1995 Provides a unique picture of everyday life in Brazil viewed from a comparative perspective. Brazilian scholars and Brazilianists explore a range of topics, including sports, music, voluntary associations, religion, police practices, race and gender, and poor neighborhoods.

Dictionary of Brazilian Literature Irwin Stern,1988-06-03 An important contribution to a little-known area of literary study. The contributors provide a comprehensive overview of Brazilian literature; all are scholars of Brazilian literature. Choice The Dictionary of Brazilian Literature is an important addition to the field of Brazilian studies, and despite certain limitations, it should become a standard reference work in the United States as well as in Brazil. Literature and history scholars, students of Brazilian letters, and casual readers will find the book highly informative, up to date, well organized, carefully written, and reasonably complete. World Literature Today This is the first general dictionary of Brazilian literature for the English-speaking reader. The entries, which portray the literature within the sociocultural context of Brazilian life, describe more than 300 major figures and literary and cultural movements of Brazilian civilization. The time span extends from the epoch of discovery to the present day, and focuses on the twentieth century, particularly the most contemporary figures. The length of each entry reflects the significance of the subject; in order to cover as many writers and themes as possible, less well known or very recent authors are discussed in general thematic entries. Each entry provides concise, factual information. The more extensive pieces also offer a critical perspective for placing the writer in context, and provide conflicting critical opinions. The entries are of two types: author entries and thematic or movement entries. The thematic entries include the standard literary movements and also sociocultural movements of significance. The volume cross-references names both in the body of the text and in the index. Each entry includes a bibliography composed of additional selected works, translations, and criticism. This volume, which is designed for an English-speaking audience, stresses translations of works and critical references to English-language sources. It will be an important addition to college and university libraries, and a useful reference tool for courses in comparative literature.

Benedita Da Silva Benedita da Silva,Medea Benjamin,Maria Luisa Mendonça,1997 A champion of the poor and advocate for women, Afro-Brazilian Senator Benedita de Silva shares the sometimes heart wrenching, always inspiring story of her life. Illustrations & photos.

White Negritude A. Isfahani-Hammond,2007-12-25 This book looks at the relationship of literary criticism to the social construction of race in Brazil. Isfahani-Hammond considers Gilberto Freyre's

model of master/slave synthesis and examines what multiculturalism means after the turn of the century.
