Music from Our Lord's Holy Heaven Book and CD Gloria Jean Pinkney,2005-09-27 Tapping a wellspring of comfort, inspiration, and renewal, Gloria Jean Pinkney has gathered twenty-two African-American spirituals and reverential songs. She's carefully chosen a psalm for each to illuminate its meaning. Soaring artwork by her husband, Jerry, and their sons, Brian Pinkney and Myles C. Pinkney, graces these pages. Expressing themselves in three distinct styles, these award-winning artists draw on a shared heritage to create images that meld beautifully. Including notes on music by daughter, Troy, and Gloria Jean Pinkney's moving tribute to the importance of spirited music in their lives, this is a book families will treasure. It evokes a universal feeling of harmony, with time-honored songs, psalms, and wondrous art to stir the heart. Your whole family is invited to join in as Gloria sings the twenty-two selections chosen for this book on the accompanying CD. Gloria Jean Pinkney grew up with the tradition of churchgoing, but she was a reluctant soloist until the Lord and His Redeemer strengthened her confidence. Her most recent publication is a book about the Holy Spirit, In the Forest of Your Remembrance.

On a Silver Platter Greg M. Smith,1999 When the new medium of CD-ROMs emerged, industry figures and critics alike proclaimed their virtually unlimited potential. Adapting material from well-established media like television and film, CD-ROMs have quickly transformed genres such as science fiction and horror. At the same time, the realities of actual CD-ROMs often fall short of their utopian visions. On a Silver Platter marks a coming of age for CD-ROMs as a commercially and aesthetically significant medium demanding critical attention. Greg Smith brings together media scholars such as Lisa Cartwright, Henry Jenkins, Janet Murray, and Scott Bukatman to analyze how CD-ROMs offer alternatives to familiar places—to museums, to cities, and especially to classrooms. Examining specific CD-ROM titles, including, Sim City, Civilization, and Phantasmagoria, the contributors argue that CD-ROMs are complex texts worthy of close consideration, both for how they have changed our understanding of space and genre, and for how they will impact the development of future media. By examining particular CD-ROM texts and contexts, On a Silver Platter probes this new medium for insight and understanding into the current state of multimedia and into the future of technology.

Conversations in clave Horacio Hernandez,2000 The ultimate technical study of four-way independence based on Afro-Cuban rhythms. This detailed and methodical approach will develop four-limb coordination and expand rhythmic vocabulary. Understanding the clave and the relationship between eighth-note and triplet rhythms will aid in mastering the multiple and complex rhythms of Afro-Cuban styles.

Bringing Out the Best in People Alan Loy McGinnis,1985-01-01 Originally published in 1985, this bestselling, essential book about management and motivation has over 1 million copies in print and remains relevant for today.

Alan Loy McGinnis, author of the award-winning, international bestseller The Friendship Factor, studied great leaders throughout history, the most effective organizations of modern times, and prominent psychologists to culminate a wealth of motivational tips and ideas. In this book are 12 practical principles to help anyone -- parent, manager, teacher, friend -- motivate, inspire, influence, and build enthusiasm. Mastering the art of motivation and improving relational habits isn't easy but McGinnis includes encouragement alongside real-life examples to relay life application for any scenario. Every chapter is a must-read with deeper revelations on specific topics and powerful ways to focus one's energy toward change and improvement. People management, team-building, individual assessment, goal setting, accountability, and dealing with trouble-makers are just a few of the topics covered in the highly accessible chapters. McGinnis' positive and strengths-based approach inspires momentous change, allowing individuality and input along the way. Bringing out the best starts with you, and then you can bring out the best in others.

Sparring Partners John Grisham,2022-05-31 #1 NEW YORK TIMES BESTSELLER • John Grisham is the acknowledged master of the legal thriller. In his first collection of novellas, law is a common thread, but America's favorite storyteller has several surprises in store. "Homecoming" takes us back to Ford County, the fictional setting of many of John Grisham's unforgettable stories. Jake Brigance is back, but he's not in the courtroom. He's called upon to help an old friend, Mack Stafford, a former lawyer in Clanton, who three years earlier became a local legend when he stole money from his clients, divorced his wife, filed for bankruptcy, and left his family in the middle of the

night, never to be heard from again—until now. Now Mack is back, and he’s leaning on his old pals, Jake and Harry Rex, to help him return. His homecoming does not go as planned. In “Strawberry Moon,” we meet Cody Wallace, a young death row inmate only three hours away from execution. His lawyers can’t save him, the courts slam the door, and the governor says no to a last-minute request for clemency. As the clock winds down, Cody has one final request. The “Sparring Partners” are the Malloy brothers, Kirk and Rusty, two successful young lawyers who inherited a once prosperous firm when its founder, their father, was sent to prison. Kirk and Rusty loathe each other, and speak to each other only when necessary. As the firm disintegrates, the resulting fiasco falls into the lap of Diantha Bradshaw, the only person the partners trust. Can she save the Malloys, or does she take a stand for the first time in her career and try to save herself? By turns suspenseful, hilarious, powerful, and moving, these are three of the greatest stories John Grisham has ever told. Don’t miss John Grisham’s new book, THE EXCHANGE: AFTER THE FIRM!

This Is Your Brain on Sports David Grand, Alan Goldberg, 2011-05 THIS IS YOUR BRAIN ON SPORTS is a must read for anyone involved in or simply interested in sports. It tells the real story of what I went through and how countless athletes of all levels are still going through now.....unnecessarily. When no one else could, they helped me to recognize how my throwing problems came directly from sports traumas that were stuck in my brain. And then Grand and Goldberg had the knowhow to release it with the miracle of Brainspotting. Mackey Sasser Former catcher for NY Mets THIS IS YOUR BRAIN ON SPORTS is a MUST READ for athletes, their parents and coaches, as well as for all psychotherapists and performance experts. In case you didn't know it, THE YIPS has a clearly explainable relationship to past trauma. All one has to do is take a detailed history of the life of an athlete from his/her earliest childhood, relate that to his/her history of physical injuries and throw in a dollop of shame and criticism from parents and coaches and the reason for the yips emerges with crystal clarity. These facts are clearly illustrated in this compelling, fascinating and ground-breaking book by Drs. Grand and Goldberg. Brain-based principles of body-based memory, neurosensitization and cue-related anxiety from the trauma literature clearly prove that the yips come from post-traumatic stress syndrome. And Brainspotting has shown to be dramatically effective in mitigating, and even healing, this vexing syndrome. Robert Scaer, MD Author of THE BODY BEARS THE BURDEN and THE TRAUMA SPECTRUM THIS IS YOUR BRAIN ON SPORTS: Beating Blocks, Slumps and Performance Anxiety for Good is the ground-breaking book that will change the face of sports performance forever. This book introduces the breakthrough concept of STSD (Sport Traumatic Stress Disorder). Grand and Goldberg have discovered that STSDs are the cause of most significant performance problems. Performance blocks and anxiety, including the yips, stem from accumulated sports traumas including sports injuries, failures and humiliations. The authors also introduce the Brainspotting Sports Performance System (BSPS) which quickly finds, releases and resolves the sports traumas held in your brain and body. An easy read, THIS IS YOUR BRAIN ON SPORTS is filled with engaging, informative, inspiring stories. These case examples illustrate how professional, elite, collegiate and junior athletes have been freed for good from this silent epidemic of performance blocks and anxiety including: the yips, Steve Blass disease, Mackey Sasser syndrome, protracted slumps, balking, choking and freezing. THIS IS YOUR BRAIN ON SPORTS provides the answers and the cure for athletes, their coaches and parents about Beating Blocks, Slumps and Performance Anxiety for Good Grand and Goldberg also show how their BSPS can take all athletes to levels they could only heretofore dream of www.thisisyourbrainonsports.com

Abandoned in Death J. D. Robb, 2022-02-08 Homicide detective Eve Dallas must untangle a twisted family history while a hostage’s life hangs in the balance—in Abandoned in Death by New York Times bestselling author J. D. Robb. The woman’s body was found in the early morning, on a bench in a New York City playground. She was clean, her hair neatly arranged, her makeup carefully applied. But other things were very wrong—like the tattoo and piercings, clearly new. The clothes, decades out of date. The fatal wound hidden beneath a ribbon around her neck. And the note: Bad Mommy, written in crayon as if by a child. Eve Dallas turns to the department’s top profiler, who confirms what seems obvious to Eve: They’re dealing with a killer whose childhood involved some sort of trauma—a situation Eve is all too familiar with herself. Yet the clues suggest a perpetrator who’d be roughly sixty years old, and there are no records of old crimes with a similar MO. What was the trigger that apparently reopened such an old wound and sent someone over the edge? When Eve discovers that other young women—who physically resemble the first victim—have vanished, the clock starts ticking louder. But to solve this case she will need to find her way into a hidden place of dim light and concrete, into the distant past, and into the cold depths of a shattered mind.
