Investigation of Air Mail and Ocean Mail Contracts United States. Congress. Senate. Special Committee to Investigate Air and Ocean Mail Contracts, 1933

Union Castle Liners William H. Miller, 2013-03-15 Every Thursday at 4 p.m. a Union Castle express liner left Southampton for the Cape. William H Miller tells the story of the post-war Union Castle ships.

British Mail Steamers to South America, 1851-1965 Robert E. Forrester, 2016-04-15 During the nineteenth century Britain's maritime, commercial and colonial interests all depended upon a regular and reliable flow of seaborne information from around the globe. Whilst the telegraph increasingly came to dominate long-distance communication, postal services by sea played a vital role in the network of information exchange, particularly to the more distant locations. Much importance was placed upon these services by the British government which provided large subsidies to a small number of commercial companies to operate them. Concentrating initially on the mail service between Britain and South America, this book explores the economic and political involvement of, at the outset, The Royal Mail Steam Packet Company (later, Royal Mail Lines) from 1851 until 1874. (The Company's West Indies services were subsidized from 1840 until the early years of the 20th century.) As well as providing a business history of the Royal Mail companies the book reveals much of the development of Brazil and Argentina as trading nations and the many and varied consequences of maintaining a long-distance mail service. Improved ship design led to larger vessels of greater cargo capacities, essential to the growth of the lucrative, and highly competitive, import/export trades between Britain and Europe and South America. The provision of increased passenger services contributed to the very considerable British financial, commercial and industrial interests in Latin America well into the 20th century. The book also addresses the international competition faced by Royal Mail Lines which reflected Britain's progressively diminishing dominance of global trade and shipping. In all this book has much to say that will interest not only business historians but all those seeking a better understating of Britain's maritime and economic history.

Solaris 8 Advanced System Administrator's Guide Janice Winsor,2001 As the son of two Jungian therapists, the young Micah Toub got a double dose of insight, ranging from the flaky to the profound. Dreamwork, archetypes, conflict resolution, the mind-body connection--Toub's childhood was a virtual laboratory of psychology. Enriched with excerpts from Carl Jung's own memoir, and informed by readings and conversations with Jungian gurus and unbelievers alike, *Growing Up Jung* examines the pros and cons of Jungian philosophy while tackling the question: is it possible for the spawn of two shrinks to reach adulthood mentally unscathed?

Marine Engineer and Motorship Builder ,1919

Lloyd's Register of Shipping 1914 Sailing Vessels Lloyd's Register Foundation,1914-01-01 The Lloyd's Register of Shipping records the details of merchant vessels over 100 gross tonnes, which are self-propelled and sea-going, regardless of classification. Before the time, only those vessels classed by Lloyd's Register were listed. Vessels are listed alphabetically by their current name.
