Dancing with the Lion: The Complete Collection Jeanne Reames,2022-05-12 Before he became Alexander the Great, he was Alexandros, teenage son of the king of Makedon. But rather than enjoying a life of luxury, as prince he has to excel his peers in all ways: be faster, smarter, stronger, and more courageous, tackling problems without any help. Competition and status define one's fate in his world, where loyalty is rare and precious. Alexandros finds such loyalty in Hephaistion, one of the boys assigned to accompany him for lessons under Aristoteles. With Hephaistion's fidelity and friendship, he learns to trust himself and become a leader of men. Yet he still longs to be loved for himself. Does Hephaistion love the prince, or Alexandros? This bundle, available exclusively at Riptide, contains both books in the Dancing with the Lion duology: 1. Dancing with the Lion: Becoming 2. Dancing with the Lion: Rise

Psychic Mania in Las Vegas Joan Taylor,2012-01-19 The book is about Leonard's life and loves.

**Who Financed Hitler** James Pool,1997-10 Jewish sources of financial support for the Nazis... and much more.

**The Fruitful Darkness** Joan Halifax,2004 Buddhist teacher and anthropologist Joan Halifax delves into the fruitful darkness -- the shadow side of being, found in the root truths of Native religions, the fecundity of nature, and the stillness of meditation. In The Fruitful Darkness, a highly personal and insightful odyssey of the heart and mind, she encounters Tibetan Buddhist mediators, Mexican shamans, and Native American elders, among others. In rapt prose, she recounts her explorations -- from Japanese Zen meditation to hallucinogenic plants, from the Dogon people of Mali to the Mayan rain forest. Grove Press is proud to reissue this important work by one of Buddhism's

leading contemporary teachers.

**Who Financed Hitler** James Pool, Suzanne Pool, 1980

**Mr. Schnitzel** Stephen Knight, 2000 As a child, Stefan was told fantastical bedtime stories about the Austrian Navy, featuring Count von Otto, Elfrieda the pirate scourge of the seven seas and Hermann the Birdman. As he retells them, another story unfolds: that of Stefan's father and mother and the larger-than-life characters of their annual holidays in Austria. Fairy tales and family tales echo and illuminate each other, resulting in a rich and dazzling story of the trials and endurance of family love.

Chimes of a Lost Cathedral Janet Fitch, 2019-07-02 A young Russian woman comes into her own in the midst of revolution and civil war in this brilliant novel set in a world of furious beauty (Los Angeles Review of Books). After the loves and betrayals of *The Revolution of Marina M.*, young poet Marina Makarova finds herself alone amid the devastation of the Russian Civil War -- pregnant and adrift, forced to rely on her own resourcefulness to find a place to wait out the birth of her child and eventually make her way back to her native city, Petrograd. After two years of revolution, the city that was once St. Petersburg is almost unrecognizable, the haunted, half-emptied, starving Capital of Once Had Been, its streets teeming with homeless children. Moved by their plight, though hardly better off herself, she takes on the challenge of caring for these orphans, until they become the tool of tragedy from an unexpected direction. Shaped by her country's ordeals and her own trials -- betrayal and privation and inconceivable loss -- Marina evolves as a poet and a woman of sensibility and substance hardly imaginable at the beginning of her transformative odyssey. *Chimes of a Lost Cathedral* is the culmination of one woman's journey through some of the most dramatic events of the last century -- the epic story of an artist who discovers her full power, passion, and creativity just as her revolution reveals its true direction for the future.

The Revolution of Marina M. Janet Fitch, 2017-11-07 From the mega-bestselling author of *White Oleander* and *Paint It Black*, a sweeping historical saga of the Russian Revolution, as seen through the eyes of one young woman. St. Petersburg, New Year's Eve, 1916. Marina Makarova is a young woman of privilege who aches to break free of the constraints of her genteel life, a life about to be violently upended by the vast forces of history. Swept up on these tides, Marina will join the marches for workers' rights, fall in love with a radical young poet, and betray everything she holds dear, before being betrayed in turn. As her country goes through almost unimaginable upheaval, Marina's own coming-of-age unfolds, marked by deep passion and devastating loss, and the private heroism of an ordinary woman living through extraordinary times. This is the epic, mesmerizing story of one indomitable woman's journey through some of the most dramatic events of the last century.

Paint It Black Janet Fitch, 2006-09-01 A dark, crooked beauty that fulfills all the promise of *White Oleander* and confirms that Janet Fitch is an artist of the very highest order. --Los Angeles Times Book Review Josie Tyrell, art model, runaway, and denizen of LA's rock scene finds a chance at real love with Michael Faraday, a Harvard dropout and son of a renowned pianist. But when she receives a call from the coroner, asking her to identify her lover's body, her bright dreams all turn to black. As Josie struggles to understand Michael's death and to hold onto the world they shared, she is both attracted to and repelled by his pianist mother, Meredith, who blames Josie for her son's torment. Soon the two women are drawn into a twisted relationship that reflects equal parts distrust and blind need. With the luxurious prose and fever pitch intensity that are her hallmarks, Janet Fitch weaves a spellbinding tale of love, betrayal, and the possibility of transcendence. Lushly written, dramatically plotted. . . Fitch's Los Angeles is so real it breathes. --Atlantic Monthly There is nothing less than a stellar sentence in this novel. Fitch's emotional honesty recalls the work of Joyce Carol Oates, her strychnine sentences the prose of Paula Fox. --Cleveland Plain Dealer A page-turning psychodrama. . . . Fitch's prose penetrates the inner lives of [her characters] with immediacy and bite. --Publishers Weekly (starred review) Fitch wonderfully captures the abrasive appeal of punk music, the bohemian, sometimes squalid lifestyle, the performers, the drugs, the alienation. This is crackling fresh stuff you don't read every day. --USA Today In dysfunctional family narratives, Fitch is to fiction what Eugene O'Neill is to drama. --Chicago Sun-Times Riveting. . . . An uncommonly accomplished page-turner. --

The House By Princes Park Maureen Lee, 2010-09-09 Another wonderful Liverpool saga from bestselling author Maureen Lee. The product of an affair between a nurse and an injured American soldier during the Great War, Ruby O'Hagan's early life is spent in an orphanage. At sixteen she runs away with a farmworker, and two years later she is alone and homeless with her two daughters. Her friend, Mrs Hart, leaves her big friendly house for Ruby to look after, and it is here that her life unfolds. Her children leave but return when tragedy befalls them. Through all this, the enigmatic Matthew Flynn drifts in and out of Ruby's life. She ignores him until it is almost too late.

*Algorithms Unlocked* Thomas H. Cormen, 2013-03-01 For anyone who has ever wondered how computers solve problems, an engagingly written guide for nonexperts to the basics of computer algorithms. Have you ever wondered how your GPS can find the fastest way to your destination, selecting one route from seemingly countless possibilities in mere seconds? How your credit card account number is protected when you make a purchase over the Internet? The answer is algorithms. And how do these mathematical formulations translate themselves into your GPS, your laptop, or your smart phone? This book offers an engagingly written guide to the basics of computer algorithms. In *Algorithms Unlocked*, Thomas Cormen—coauthor of the leading college textbook on the subject—provides a general explanation, with limited mathematics, of how algorithms enable computers to solve problems. Readers will learn what computer algorithms are, how to describe them, and how to evaluate them. They will discover simple ways to search for information in a computer; methods for rearranging information in a computer into a prescribed order (“sorting”); how to solve basic problems that can be modeled in a computer with a mathematical structure called a “graph” (useful for modeling road networks, dependencies among tasks, and financial relationships); how to solve problems that ask questions about strings of characters such as DNA structures; the basic principles behind cryptography; fundamentals of data compression; and even that there are some problems that no one has figured out how to solve on a computer in a reasonable amount of time.

**Zegas** Michel Fiffe, 2017-11-29 In this graphic novel by a cult cartoonist, orphaned siblings grapple with survival, sex, and mortality in a stylized world. Zegas details the surreal urban adventures of the recently orphaned Zegas siblings. The ambitious Emily and her moody brother, Boston, are young adults who confront their new relationship dynamic in the face of a family tragedy that never gets talked about.

**Night Business** Benjamin Marra, 2017-12-06 In this 1980s-trash-culture homage, only one man can save strippers from a serial murderer; this volume collects the cult comic book series with its unpublished-until-now conclusion. Can Johnny Timothy mete out his vengeance before more innocent victims have to die? *Night Business* is Marra's longest graphic novel to date: a nasty brew of power, passion, vigilantes, and dangerous men raining street justice down upon their enemies.

*The Psychology of Winning* Denis Waitley, 2002 Imprint. Denis Waitley, a distinguished motivator, teacher and US air force pilot, has spent most of his life showing people how they can win. He creates the formula to develop the qualities of a total winner - self-awareness, self-esteem, self-control, self-motivation, self-image, self-direction, self-discipline, self-dimension ...

Operation Margaret Kay, 2021-07-26 When Michaela 'Tech Goddess' Karras went to work for Shepherd Security, she closed the door on her past life and everyone in it. It is a life that haunts her, a past she has kept secret from most. She was a loner, a natural beauty who hid behind a standoffish tomboy persona. She kept to herself until Angel joined the agency and they became close friends. Her circle at the agency grew over the years and she now has a life she loves, a life she never dreamed possible before joining Shepherd Security. And that is all thanks to Sam 'Big Bear' Shepherd. He

knows her past. He saved her from it. He is one of the few people that Michaela trusts. Landon 'Lambchop' Johnson, one of Shepherd's men, is another. They became friends. For years, he accepted her insistence that they would remain just friends, even though Michaela knew he had stronger feelings for her. That changed when a group trip put them together on a romantic beach where the fact that their relationship had deepened could no longer be ignored. When her past invades her present, she realizes she must confront her ghosts so they will not threaten her future with Landon. But as the team mental health professional, Joe Lassiter, has warned her, old patterns of coping are easy to fall back into. Michaela finds herself alone and in trouble. She knows Landon and Shepherd can help her, but that help will require that she have the most trust she has ever had in another. But the question is, will they trust her again when it's over? She's not so sure. Shepherd Security recruits only the best. They can protect someone in trouble like no other because they work in the shadows, invisible, and outside the system where the rules don't apply—just the oath they took. They don't exist. That's also why they can break any suspect and can get answers out of anyone accused. That's when they're called in, when someone must be protected at all costs, or when answers must be obtained, by any means necessary. Warning, this story is realistic, with adult language and content on the way to the HEA. This is book 10 in the Shepherd Security Series. Even though the story does continue from book to book, each is a stand-alone story except for this installment of the series. Book #8, Operation Beach Angel, and Book #9, Operation Healing Angel should be read before this book to fully understand the story in this book. Overall, the entire series is best enjoyed in order.

**Being with Dying** Joan Halifax, 2009-11-17 The Buddhist approach to death can be of great benefit to people of all backgrounds—as has been demonstrated time and again in Joan Halifax's decades of work with the dying and their caregivers. Inspired by traditional Buddhist teachings, her work is a source of wisdom for all those who are charged with a dying person's care, facing their own death, or wishing to explore and contemplate the transformative power of the dying process. Her teachings affirm that we can open and contact our inner strength, and that we can help others who are suffering to do the same.

Standing at the Edge Joan Halifax, 2018-05 [This book is] an ... examination of how we can respond to suffering, live our fullest lives, and remain open to the full spectrum of our human experience--Amazon.com.
