The Gentle Art of Swedish Death Cleaning Margareta Magnusson, 2018-01-02

The basis for the wonderfully funny and moving TV series developed by Amy Poehler and Scout Productions A charming, practical, and unsentimental approach to putting a home in order while reflecting on the tiny joys that make up a long life. In Sweden there is a kind of decluttering called döstädning, dö meaning "death" and städning meaning "cleaning." This surprising and invigorating process of clearing out unnecessary belongings can be undertaken at any age or life stage but should be done sooner than later, before others have to do it for you. In *The Gentle Art of Swedish Death Cleaning*, artist Margareta Magnusson, with Scandinavian humor and wisdom, instructs readers to embrace minimalism. Her radical and joyous method for putting things in order helps families broach sensitive conversations, and makes the process uplifting rather than overwhelming. Margareta suggests which possessions you can easily get rid of (unworn clothes, unwanted presents, more plates than you'd ever use) and which you might want to keep (photographs, love letters, a few of your children's art projects). Digging into her late husband's tool shed, and her own secret drawer of vices, Margareta introduces an element of fun to a potentially daunting task. Along the way readers get a glimpse into her life in Sweden, and also become more comfortable with the idea of letting go.

Clean My Space Melissa Maker, 2017-03-07 The wildly popular YouTube star

behind CLEAN MY SPACE presents the breakthrough solution to cleaning better with less effort. Melissa Maker is beloved by fans all over the world for her completely re-engineered approach to cleaning. As the dynamic new authority on home and living, Melissa knows that to invest any of our precious time in cleaning, we need to see big, long-lasting results. So, she developed her method to help us get the most out of our effort and keep our homes fresh and welcoming every day. In her long-awaited debut book, she shares her revolutionary 3-step solution:

- Identify the most important areas (MIAs) in your home that need attention
- Select the proper products, tools, and techniques (PTT) for the job
- Implement these new cleaning routines so that they stick

Clean My Space takes the chore out of cleaning with Melissa's incredible tips and cleaning hacks (the power of pretreating!), her lightning fast 5–10 minute "express clean" routines for every room when time is tightest, and her techniques for cleaning even the most daunting places and spaces. And a big bonus: Melissa gives guidance on the best non-toxic, eco-conscious cleaning products and offers natural cleaning solution recipes you can make at home using essential oils to soothe and refresh. With Melissa's simple, groundbreaking method you can truly live in a cleaner, more cheerful, and calming home all the time.

Speed Cleaning Jeff Campbell, The clean team, 1991-06 Clean your entire house in 42 minutes with the Clean Team's unbeatable system that makes every move count! Cleaning Expert Jeff Campbell and the Clean Team share their

techniques and tips for cleaning your home fast but with consistency and quality. They also recommend environmentally sound products and technology and how to get the very best from your housecleaning service.

How to Keep House While Drowning KC Davis, 2022-04-26 If you're tired of staring at the same mess every day, but struggling to find the time and willpower to clean it, you probably have a very good reason: anxiety, fatigue, depression, ADHD, or lack of support. Designed by therapist KC Davis, this revolutionary method of cleaning and organizing helps end the stress-mess cycle. After KC Davis gave birth to her second child, she didn't fold a single piece of laundry for seven months. Between postpartum depression and ADHD, she felt numb and overwhelmed. She regained her sanity-- and the functionality of her home--after one life-changing realization: You don't work for your home; your home works for you. In other words, messiness is not a moral failing. A new sense of calm washed over her as she let go of the shame-based messaging that interpreted a pile of dirty laundry as I can never keep up and a chaotic kitchen as I'm a bad mother. Instead, she looked at unwashed clothes and thought, I am alive, and at stacks of dishes and thought, I cooked my family dinner three nights in a row. Building on this foundation of self-compassion, KC devised the powerful practical approach that has exploded in popularity through her TikTok account, @domesticblisters. The secret is to stop following perfectionist rules that don't make sense for you--like folding clothes that don't wrinkle anyway, or

thinking that every room has to be clean at the same time--and to find creative solutions that accommodate your needs, pet peeves, daily rhythms, and attention span. Inside, you'll learn exactly how to customize your approach and rebuild your relationship with your home, including: -How to stop seeing care tasks as a reflection of your worth, but rather as kindnesses to your future self -How to use calming rituals to keep you from feeling overwhelmed when you look at a big mess -How to stagger tasks that are easy to procrastinate throughout the week and month -How to quickly transform a room from messy to fully functional through the 5 Things tidying method, and other shortcuts requiring minimal energy Read this book to make home feel like a sanctuary again: where you can move with ease, where guilt, self-criticism, and endless checklists have no place, and where you always have permission to rest, even when things aren't finished.

The Complete Guide to Eco-Friendly House Cleaning Anne Kocsis, 2010 For many years throughout the 20th Century, the conveniences of household cleaning items was such that no one asked where they came from or what they contained. Today, the consciousness of many consumers has started to advance due to ongoing environmental and economic concerns. For that reason, dozens of new products have developed on the market from Simple Green to Seventh Generation. In addition to these green conscious products though, there are hundreds of ways you can change your house cleaning and maintenance to be eco-friendly, even making your own cleaning materials out of everyday items that have zero environmental impact. This book will guide you through the process of both recognizing and utilizing the most advanced eco-friendly house cleaning technology around, as well as tried and true cleaning methods that have been around for centuries. You will learn all the necessities of green cleaning basics, starting with what your current cleaning products do to the environment, your home, and even your health. You will learn the necessary steps you need to take to transition your kitchen to green products as well as your bathroom, laundry, bedroom, and even the lights you use around your home. Learn how you can start using products that have been around for centuries and have since been forgotten in favor of dangerous

chemicals. Learn what you can do to clean up after your pets efficiently and how to keep your children safe from chemicals. Learn which mixtures work, which ones are unsafe, and what resources you can check for additional details you may need. Dozens of experts on green cleaning have been interviewed for this book, providing everything needed by any individual who wants to start changing how they clean their home for good.
