Chanel: The Impossible Collection Alexander Fury, 2019-10-01 This book is a literary museum exhibition, a curated selection of 100 iconic and signature looks of the house of Chanel, from the timeless Little Black Dress to the impeccably simple tweed suit, the apothecary-style perfume bottle, two-tone pumps, abundant strands of faux pearls and stones, and diamond-quilted leather handbag, from Mademoiselle's revolutionary designs to Karl Lagerfeld's unexpected and even irreverent variations on her original codes.

The Impossible Collection of Fashion Valerie Steele, 2011-08-01 In this limited edition, Ultimate Collection format linen clamshell and handmade oversized book, Valerie Steele flexes her curatorial muscle by showcasing the most iconic dresses of the twentieth century. From Poiret to Pucci, Doucet to Dior, Vionnet to Valentino, Steele selects one hundred dresses that caused a stir either on the runway or entering a room and ultimately inspired new directions in fashion. Steele's selections include Paul Poiret's figure-liberating 1907 gown, Madame Grès's sublimely draped goddess creation from 1938, Jean Paul Gaultier's shockingly exaggerated cone-bust corset dress circa 1984, and Hussein Chalayan's awe-inspiring remote-control fiberglass Airplane dress from 2000. The compilation, while certainly subjective, is sure to receive nods of recognition along with a gasp or two of surprise.

The Impossible Collection of Whiskey Clay Risen, 2020-10-01 In The Impossible Collection of Whiskey, bestselling spirits writer Clay Risen unpacks the history of this storied drink, inviting the reader to tour some of the world's most famed distilleries and their finest bottles. From the best Scotch of the Scottish Highlands to Kentucky's finest Bourbon, Risen's selection of 100 unparalleled whiskeys come from age-old makers as well as trailblazers of the craft distilling movement that has swept across the globe. Here are whiskeys selected not only for their exquisite flavor but also for rarity, age, flavor, and innovation. Bottles from countries with nascent whiskey markets, such as India and the Czech Republic, sit beside old American classics like Pappy Van Winkle and some of the rarest, most coveted bottles on the market. Risen marvels at bottles like Ireland's Midleton Very Rare 45 Year Old, the oldest, most expensive Irish whiskey in the world. Together, these 100 bottles comprise a collection of whiskeys so exclusive that no one could ever assemble them all under one roof. A must-have for the library of any true whiskey connoisseur, The Impossible Collection of Whiskey is a carefully crafted homage to a liquor long revered as the "water of life."

Active Collections Elizabeth Wood, Rainey Tisdale, Trevor Jones, 2017-11-07 In recent years, many museums have implemented sweeping changes in how they engage audiences. However, changes to the field's approaches to collections stewardship have come much more slowly. Active Collections critically examines existing approaches to museum collections and explores practical, yet radical, ways that museums can better manage their collections to actively advance their missions. Approaching the question of modern museum collection stewardship from a position of tough love, the authors argue that the museum field risks being constrained by rigid ways of thinking about objects. Examining the field's relationship to objects, artifacts, and specimens, the volume explores the question of stewardship through the dissection of a broad range of issues, including questions of quality over quantity, emotional attachment, dispassionate cataloging, and cognitive biases in curatorship. The essays look to insights from fields as diverse as forest management, library science, and the psychology of compulsive hoarding, to inform and innovate collection practices. Essay contributions come from both experienced museum professionals and scholars from disciplines as diverse as psychology, education, and history. The result is a critical exploration that makes the book essential reading for museum professionals, as well as those in training.

The Collection Nina Leger, 2019-08-01 WINNER OF THE PRIZ ANAS NIN Jeanne moves from room to room. In the anonymous hotel bedrooms of Paris - Hotel Agate, Hotel Prince Albert, Hotel Prince Monceau, Hotel Coypel, Hotel Nord & Champagne - she undresses man after man, forgetting faces, names, pleasures, thoughts, and all physical attributes but one. In her head, a palace of memories is being built, image by new image, lover by new lover.

There is no pathologizing Jeanne; she resists it. There is no way to impose a story on Jeanne; she escapes it. There is no pitying Jeanne, no lusting after Jeanne, no uncovering the secret to Jeanne; she won't allow it. Jeanne moves from room to room.

You'll find: 600 tagged endnotes that connect to one or more of the contributing disciplines Nearly 60 new pictures and illustrations Links to cross-references and external citations Interactive study guides to test on key points The Professional Edition is ideal for practitioners and as a primary or supplemental text for graduate courses on information organization, content and knowledge management, and digital collections.
