The Great Connection Arnie Warren, 1996-12-31 As a former top CBS celebrity interviewer, Arnie Warren posed a question to himself, "How can you believe in that which you do not know?" His first book *The Great Connection* found its title reflective of the gift this book imparts; the reader finally understanding who they are, thus making the Great Connection! *The Great Connection*, is an uplifting and relatable short story designed to be read and reread as we grow through the seasons of our lives. It is a part autobiographical story whose characters reflect one of the four DISC behavioral styles. As you read this fast moving story, you will see yourself, friends, family, colleagues or bosses interacting in multiple situations and finally begin to understand who you are, as well as others. Life long learners, entrepreneurs, human development professionals, leaders, as well as spiritual and life coaches have found this book to be a great resource to solidify a person's understanding of self, strengthen one's confidence, move through one's fears or insecurities to become the best they can be.

Terms of Service Jacob Silverman,2015-03-17 Social networking has grown into a staple of modern society, but its continued evolution is becoming increasingly detrimental to our lives. Shifts in communication and privacy are affecting us more than we realize or understand. Terms of Service crystalizes this current moment in technology and contemplates its implications: the identity-validating pleasures and perils of online visibility; our newly adopted view of daily life through the lens of what is share-worthy; and the surveillance state operated by social media platforms—Facebook, Google, Twitter, and others—to mine our personal data for advertising revenue, an invasion of our lives that is as pervasive as government spying. Jacob Silverman calls for social media users to take back ownership of their digital selves from the Silicon Valley corporations who claim to know what's best for them. Integrating politics, sociology, national security, pop culture, and technology, he reveals the surprising conformity at the heart of Internet culture—explaining how social media companies engineer their products to encourage shallow engagement and discourage dissent. Reflecting on the collapsed barriers between our private and public lives, Silverman brings into focus the inner conflict we feel when deciding what to share and what to like, and explains how we can take the steps we need to free ourselves from its grip.

Where Love Is Found Susan Burmeister-Brown, Linda B. Swanson-Davies, 2006-01-03 For more than a decade, the literary quarterly Glimmer Train has sought out and championed the most compelling short fiction written today, by both established luminaries and fresh new voices. This stunning new anthology probes the whole range of human relationships -- lovers, friends, family members, spouses, even one's beliefs and dreams. In Beneath the Earth of Her, acclaimed writer Karen E. Outen delicately probes the life of a loving, passionate married couple at odds over the prospect of having children. In Gary Garrison's Wedding Vows, novelist Ron Carlson offers a poignant and delightful tale about a young woman who escapes the rigors of academia and finds love and purpose at a bird sanctuary in Utah. And in The Marvelous Yellow Cage, O. Henry Award-winner Charlotte Forbes examines an elderly woman's relationships with her estranged children, her deceased husband, her loyal housekeeper, and a lifetime's accumulation of possessions. Stories by Quinn Dalton, Louise Erdrich, and a host of other writers dig deeply into the joys and sorrows of human connection -- enlarging our perspective and refining the language of the heart. Where Love Is Found is a valentine for literary lovers and a delicious treat for those who crave short fiction by some of today's finest writers.
