**Conversion** Katherine Howe,2015-06-16 A chilling mystery based on true events, from New York Times bestselling author Katherine Howe. It's senior year, and St. Joan's Academy is a pressure cooker. Grades, college applications, boys' texts: Through it all, Colleen Rowley and her friends keep it together. Until the school's queen bee suddenly falls into uncontrollable tics in the middle of class. The mystery illness spreads to the school's popular clique, then more students and symptoms follow: seizures, hair loss, violent coughing fits. St. Joan's buzzes with rumor; rumor erupts into full-blown panic. Everyone scrambles to find something, or someone, to blame. Pollution? Stress? Are the girls faking? Only Colleen—who's been reading *The Crucible* for extra credit—comes to realize what nobody else has: Danvers was once Salem Village, where another group of girls suffered from a similarly bizarre epidemic three centuries ago . . . Inspired by true events—from seventeenth-century colonial life to the halls of a modern-day high school—*Conversion* casts a spell. [Howe] has a gift for capturing the teenage mindset that nears the level of John Green.—USA Today ...this creepy, gripping novel is intimately real and layered, shedding light on the challenges teenage girls have faced throughout history.—The New York Times A chilling guessing game . . . that will leave readers thinking about the power (and powerlessness) of young women in the past and present alike.—Publishers Weekly, Starred Review

Loved as I Am Sr. Miriam James Heidland SOLT,2014-11-03 When Sr. Miriam James Heidland's life as a successful college athlete proved unfulfilling, she went searching for something deeper and ended up falling in love with Jesus. By charting her own journey toward wholeness, Heidland invites young Catholics to pursue their own relationship with Jesus. Although originally full of athletic ambition and goals for a career in sports news, Heidland was transformed in a very slow but deep way during her undergraduate years, moving from party girl to bride of Christ. In *Loved as I Am: An Invitation to Conversion, Healing, and Freedom through Jesus*, Heidland helps readers learn from her experience of seeking love in the wrong places and instead finding it in Christ. She shares her struggles—learning she was adopted, battling alcoholism, and healing from childhood sexual abuse—as signs of hope that anyone who desires to know Christ can find him and be loved intimately by him in return. By bringing readers into Heidland's healing process, *Loved as I Am* provides a gentle and subtle template for finding peace and freedom in Jesus.

Defense Conversion Jacques S. Gansler, 1996-07-25 Jacques Gansler takes a hard look at the need to convert the industry from an inefficient and noncompetitive part of the U.S. economy to an integrated, civilian/military operation. Author of two widely-read books on the defense industry, Jacques Gansler takes a hard look at the need to convert the industry from an inefficient and noncompetitive part of the U.S. economy to an integrated, civilian/military operation. He defines the challenges, especially the influence of old-line defense interests, and presents examples of restructuring. Gansler discusses growing foreign involvement, lessons of prior industrial conversions, the best structure for the next century, current barriers to integration, a three-part transformation strategy, the role of technological leadership, and the critical workforce. He concludes by outlining sixteen specific actions for achieving civil/military integration. In Gansler's view, the end of the Cold War with the former Soviet Union represents a permanent downturn rather than a cyclical decline in the defense budget. He argues that this critical transition period requires a restructuring of the defense acquisitions

process to achieve a balance between economic concerns and national security, while maintaining a force size and equipment modernization capable of deterring future conflicts. Gansler argues that for the defense industry to survive and thrive, the government must make its acquisitions process more flexible, specifically by lowering barriers to integration. This includes, among other things, rethinking the production specifications for new equipment and changing bids for contracts from a cost basis to a price basis. Gansler point out that by making primarily political and procedural changes (rather than legislative ones), companies will be able to produce technology for both civilian and military markets, instead of exclusively for one or the other as has been the norm. This dual-use approach would save the government billions of dollars annually and would enable the military to diversify by utilizing state-of-the-art.

The Art of Conversion Cécile Fromont,2014-12-19 Between the sixteenth and the nineteenth centuries, the west central African kingdom of Kongo

practiced Christianity and actively participated in the Atlantic world as an independent, cosmopolitan realm. Drawing on an expansive and largely unpublished set of objects, images, and documents, Cecile Fromont examines the advent of Kongo Christian visual culture and traces its development across four centuries marked by war, the Atlantic slave trade, and, finally, the rise of nineteenth-century European colonialism. By offering an extensive analysis of the religious, political, and artistic innovations through which the Kongo embraced Christianity, Fromont approaches the country's conversion as a dynamic process that unfolded across centuries. The African kingdom's elite independently and gradually intertwined old and new, local and foreign religious thought, political concepts, and visual forms to mold a novel and constantly evolving Kongo Christian worldview. Fromont sheds light on the cross-cultural exchanges between Africa, Europe, and Latin America that shaped the early modern world, and she outlines the religious, artistic, and social background of the countless men and women displaced by the slave trade from central Africa to all corners of the Atlantic world.

**Religious Conversion** Christopher Lamb, M. Darroll Bryant, 1999-10-01 Conversion has been an important issue for most of the universal religions -

those usually associated with a founder, such as Christianity, Buddhism, Islam and Judaism - which have a mission to spread their message. Other religions have been less concerned with conversion except in so far as it has been a negative force for them to confront. This study explores how conversion has been understood by different religions during different eras, and includes a survey of the textual, legal, ritual, historic and experiential dimensions of the phenomenon of conversion.

The Secret Diary of Elisabeth Leseur Elisabeth Leseur, 2002-03-01 This inspiring book gives you a splendid example of how to live as a Christian in a secular environment that can be indifferent or hostile to your Faith. For Elisabeth Leseur had two great loves: God, and her husband Felix. Felix loved Elisabeth as well; yet to their mutual sorrow, he couldn't share the life of the Spirit that Elisabeth cherished. Occasionally the happiness of their life together in upper-class Parisian society was shattered by Felix's frustration and impatience. How could such an intelligent woman waste her time, as he saw it, with ignorant superstitions? Sometimes he and his friends would even ridicule and mock her faith. But Elisabeth loved Felix too much to allow their home to degenerate into an emotional war zone. She realized that confrontations and arguments were useless; she chose instead to keep quiet and pray for Felix. In her secret diary, she recorded how she used his efforts to destroy her faith as means to grow in love for him and for God. Throughout their life together, it grieved Elisabeth to think that Felix might be separated from her for all eternity because of his rejection of God. For her, life in Heaven wouldn't be happy without him. Yet when she died prematurely, Felix was still an unbeliever. The story doesn't end there. When Felix found this diary, he discovered how Elisabeth's whole life bore witness to the truth of the God she loved. In time, Felix was transformed by the diary and his memories of Elisabeth. He became a Christian and, later, a priest. Now she may even be declared a saint. Elisabeth's diary and spiritual writings (all included in this one volume) map out for you a path to marital harmony and greater love for God especially if you love someone who stands outside the Faith. Let Elisabeth's two great loves, and her faith and perseverance, inspire you now.

Christian Conversion Walter E. Conn, 2006-07-01 Walter Conn has provided us with something we have needed for a long time -- a scholarly study of Christian conversion that draws synthetically from present day psychology, philosophy, and theology and uses these insights to analyze actual Christian religious experience. And in doing that, Conn has produced what is probably the best treatment to date of foundational moral theology. To follow Conn through the pages of this volume is to become acquainted with most of today's important reflection on human moral and personal

development. But one emerges with much more than relevant information about what is being said; Conn's own view of conversion goes beyond the thinkers from whom he draws and provides a basic challenge to and enrichment of our understanding of faith and morality. -- Bernard Cooke, Holy Cross College  
Walter E. Conn is Professor of Theology and Religious Studies at Villanova University. He is also the editor of Horizons, journal of the College Theology Society.

**Conversion** Fr. Donald Haggerty ,2017-10 This book by the acclaimed spiritual writer Fr. Haggerty offers penetrating observations into the phenomenon of Christian conversion. Arranged as a collection of concise, meditative reflections on various topics associated with conversion, it takes up many issues that are not often linked in spirituality to the crucial moment of a soul's return to God in conversion. The repercussions of sin, the proper understanding of mercy, the importance of a more radical response to the will of God, are naturally given attention. But, more unusually, the reflections in this book also treat other issues that ensue in the immediate aftermath of a conversion that can make the difference between a mediocre life with God and a truly holy life. The focus in certain chapters on love for the poor, on simplicity of lifestyle, on devotion to the Eucharist, as special graces that awaken in the immediate period after a conversion, is not commonly noted. The treatment of a second conversion in life is likewise a provoking contribution to enhance our desire to cross a decisive threshold of greater depth in our relations with God. The prospect of embracing a deep passion

for God in our lives is the thematic undercurrent within the pages of this work.

Conversions Craig Harline, 2011-09-15 The experiences of two families—one in seventeenth-century Holland, the other in America today—and how they coped when a family member changed religions. This powerful and innovative work by a gifted cultural historian explores the effects of religious conversion on family relationships, showing how the challenges of the Reformation can offer insight to families facing similarly divisive situations today. Craig Harline begins with the story of young Jacob Rolandus, the son of a Dutch Reformed preacher, who converted to Catholicism in 1654 and ran away from home, causing his family to disown him. In the companion story, Michael Sunbloom, a young American, leaves his family's religion in 1973 to convert to Mormonism, similarly upsetting his distraught parents. The modern twist to Michael's story is his realization that he is gay, causing him to leave his new church, and upsetting his parents again—but this time the family reconciles. Recounting these stories in short, alternating chapters, Harline underscores the parallel aspects of the two far-flung families. Despite different outcomes and forms, their situations involve nearly identical dynamics and heart-wrenching choices. Through the author's deeply informed imagination, the experiences of a seventeenth-century European family are transformed into immediately recognizable terms. "A beautiful and moving book. Harline is a master at narrative and at making the most painstaking research look

effortless.” —Carlos Eire, Yale University “An absorbing, creative book . . . it will definitely become a go-to book for readers interested in the history and psychology of conversion.” —Lauren Winner, author of *Girl Meets God: A Memoir* “An unexpected joy. . . . A compelling, insightful examination. . . . Conversions is a journey well worth taking.” —Gerald S. Argetsinger, Affirmation.org
